Notice Regarding Directory Information and Parent’s Response Regarding Release of Student Information

Certain information about district students is considered directory information and will be released to anyone who follows the procedures for requesting the information unless the parent or guardian objects to the release of the directory information about the student. If you do not want Stafford MSD to disclose directory information from your child’s education records without your prior written consent, you must notify the district in writing within ten school days of child’s first day of instruction for this school year.

This means that the district must give certain personal information (called “directory information”) about your child to any person who requests it unless you have told the district in writing not to do so. In addition, you have the right to tell the district that it may or may not; use certain personal information about your child for specific school-sponsored purposes. The district is providing you this form, so you can communicate your wishes about these issues.

SMSD has designated the following information as directory information: student name; address; telephone listing; electronic mail address; photograph; date and place of birth; major field of study; degrees, honors, and awards received; dates of attendance; grade level; most recent educational institution attended; participation in officially recognized activities and sports; and weight and height of members of athletic teams.

***Please indicate your preference on the Directory Information section of the Parent/Student Consent Checklist***

Please note that if the Parent/Student Consent Checklist is not returned within the specified timeframe above, the district will assume that permission has been granted for the release of this information.

Parent’s Objection to the Release of Student Information to Military Recruiters and Institutions of Higher Education

(High School Only)

Federal law requires that the district release to military recruiters and institutions of higher education, upon request, the name, address, and phone number of secondary school students enrolled in the district, unless the parent or eligible student directs the district not to release information to these types of requestors without prior written consent. [See Objecting to the Release of Student Information to Military Recruiters and Institutions of Higher Education on page 3 for more information.]

***Please indicate your preference on the Release of Student Information section of the Parent/Student Consent Checklist***

Please note that if the Parent/Student Consent Checklist is not returned with the other materials identifying what the district considers directory information, the district will assume that permission has been granted for the release of this information.
COMPUTER RESOURCES/ACCEPTABLE USE POLICY (AUP)
FOR PARENTS AND STUDENTS

Stafford Municipal School District (SMSD) is pleased to offer our students access to computer resources and electronic networks such as the internet. These computer resources are a privilege, not a right. This access will increase learning opportunities allowing students to explore thousands of current information sources from around the world. These resources are to be used in a legal, ethical and appropriate manner to support district educational goals. The safety and security of minors is of the utmost importance to SMSD and the district has taken precautions to restrict access to controversial information with the use of filtering software. Although it is impossible to control all materials, the valuable information and interaction available on this worldwide network far outweighs the possibility that users may procure material that is not consistent with district educational goals. The district has established the following guidelines for Acceptable Use and asks students and their parent or guardian to read and discuss them together. All student access of the internet on district computers and devices will be monitored by at least one member of the district instructional staff. The unsupervised use of the internet by student(s) is prohibited.

CIPA

The Children’s Internet Protection Act (CIPA) is a federal law enacted by Congress in December 2000 to address concerns about access in schools and libraries to the Internet and other information. In August of 2011, the FCC released a new ruling on the Children’s Internet Protection Act (CIPA) requiring that school Internet safety policies must address further regulations for E-Rate regarding Protecting Children in the 21st Century Act of 2008. SMSD is a CIPA compliant district and the district Employee/Student Acceptable Use Policy (AUP) addresses the issues required to maintain compliance. SMSD filters all internet enabled computers used by students, patrons and staff to prevent inappropriate material and websites from being accessed online. The filter settings will only be disabled on an as needed basis for bona fide research or other lawful purposes. SMSD will only allow safe and secure use by minors of direct electronic communications such as student email, use of chat rooms, and instant messaging.

Students are responsible for appropriate behavior on the school’s computer network just as they are in a classroom or other school location. The district Code of Conduct applies while students are utilizing any school resources, including technology resources and the internet. It is expected that users will comply with district standards and the specific rules set forth below. The use of the network is a privilege, not a right, and may be revoked if abused. The user is personally responsible for his/her actions in accessing and utilizing the school’s computer resources.

• Network administrators have the right to search student network storage locations and review data to maintain system integrity to ensure students are using the system responsibly.
• Students must follow all copyright laws.
• Students shall not give anyone other than authorized staff members their login/password or files for any reason.
• Students with individual accounts are always responsible for their login information and the proper use of their account.
• Students will receive training, through English/Reading class library rotation, on appropriate online behavior, including interacting with other individuals on social networking sites and in chat rooms and cyberbullying awareness and response.
• Students will be actively monitored and supervised at all times when using district technology resources and/or accessing the internet regarding safe and appropriate online practices and activities.
• Students can use their personal or district storage for school projects and class work only (no music, games, personal files, etc.)
• Students are prohibited from accessing, copying, renaming or deleting anyone else’s files.
• Students are not allowed to access social networking sites such while using a computer connected to the Stafford MSD network and are prohibited from disclosing any personal identification information such as their name, phone number, address or age.
• Students are prohibited from accessing proxy sites or any other sites which bypass the district filters or hide his/her identity.
• Students are prohibited from uploading/downloading or installing any commercial software, shareware, freeware, music or games onto network drives, disks or personal devices (flash drives, cell phone, iPod, etc.), from “hacking,” changing any computer configurations and/or settings and from damaging any computer, peripheral or the network in any way.
• Any attempt to alter, destroy, or disable district computer equipment, district data, the data of others, or networks connected to the district’s system, (even if the offense is initiated off school property and/or the conduct causes a substantial disruption to the educational environment) is prohibited.
• Students shall not use a computer or any other electronic device for any unlawful purposes including: cyber-bullying, cyber-stalking, threatening, harassing, and libeling a district employee or student.
• Sending or posting electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another person’s reputation, or illegal (even if the offense is initiated off school property such that the conduct causes a substantial disruption to the educational environment) is prohibited.
• Using any type of electronic communication or websites at school to encourage illegal behavior or threaten school safety is prohibited.
• Notify an adult immediately, if by accident, you encounter materials which violate appropriate use.

Consequences of Agreement Violation

Any attempt to violate the provisions of this agreement may result in revocation of the student’s access to the use of district computer resources and/or the Network/Internet. In addition, school disciplinary action and/or appropriate legal action may be taken. With just cause, the building principal and/or designee, may deny, revoke, or suspend computer or Network/Internet access as required, pending an investigation. Any attempt to break the law using a Stafford MSD Network/Internet account, may result in litigation against the offender by the proper authorities. If such an event occurs, Stafford MSD will fully comply with the proper authorities to provide any information necessary for the litigation process.

Permission to have Internet Access

Stafford MSD offers students access to a computer network and the Internet. To gain access to the internet, all students must obtain parental permission as verified by the signature on the form below.

***Please indicate your preference on the Computer Resources/Acceptable Use Policy section of the Parent/Student Consent Checklist***
PERMISSION TO PHOTOGRAPH/VIDEO/AUDIO RECORD OF A PARTICULAR SMSD STUDENT

The *Texas Education Code, Sec. 26.009*, allows videotaping of a student for the purposes of safety, instruction, media coverage, or co-curricular or extracurricular activity. In addition, representatives of the local media or the superintendent’s office of Stafford MSD may want to photograph, videotape, or audiotape students in our schools for purposes other than those stated directly in the code. This is most often done to highlight the achievements of our schools and their students or to provide general information about school programs or issues. These photos or videos may appear on the local news or in district publications that focus on the achievements of our students and our district.

If you have any questions about this matter, please contact your campus principal.

Preface

To Students and Parents:

Welcome to the 2019–20 school year! Education is a team effort, and we know that students, parents, teachers, and other staff members all working together can make this a wonderfully successful year for our students.

The Stafford MSD Student Handbook is designed to provide basic information that you and your child will need during the school year. The handbook is divided into two sections:

Section I: Parental Rights offers information to assist you in responding to school-related issues. We encourage you to take some time to closely review this section of the handbook.

Section II: Other Important Information for Students and Parents is organized alphabetically by topic, and, where possible, further divided by applicability to ages and/or grade levels, for quick access when searching for information on a specific issue.

Please be aware that the term “parent,” unless otherwise noted, is used to refer to the parent, legal guardian, any person granted some other type of lawful control of the student, or any other person who has agreed to assume school-related responsibility for a student.

Both students and parents should become familiar with the Stafford MSD Student Code of Conduct, which is a document adopted by the board and intended to promote school safety and an atmosphere for learning. That document may be found on the district’s website at www.staffordmsd.org and is available in hard copy upon request.

The Student Handbook is a general reference guide only and is designed to be in harmony with board policy and the Student Code of Conduct. Please be aware that it is not a complete statement of all policies, procedures, or rules that may be applicable in a given circumstance.

In case of conflict between board policy (including the Student Code of Conduct) and any provisions of the Student Handbook, the provisions of board policy and the Student Code of Conduct are to be followed.

Please be aware that the Student Handbook is updated yearly, while policy adoption and revision may occur throughout the year. The district encourages parents to stay informed of proposed board policy changes by attending board meetings and reviewing newsletters and other communications explaining changes in policy or other rules that affect Student Handbook provisions. The district reserves the right to modify provisions of the Student Handbook at any time, whenever it is deemed necessary. Notice of any revision or modification will be given as is reasonably practical under the circumstances.

Although the Student Handbook may refer to rights established through law or district policy, the Student Handbook does not create any additional rights for students and parents. It does not, nor is it intended to, create contractual or legal rights between any student or parent and the district.
If you or your child has questions about any of the material in this handbook, please contact your student’s campus principal.

Also, please complete and return to your child’s campus the following forms provided in the forms packet distributed at the beginning of the year or upon the student’s enrollment:

1. Acknowledgment of Electronic Distribution of Student Handbook;
3. Parent’s Objection to the Release of Student Information to Military Recruiters and Institutions of Higher Education, if you choose to restrict the release of information to these entities; and

[See Objecting to the Release of Directory Information on page 7 and Consent Required Before Student Participation in a Federally Funded Survey, Analysis, or Evaluation on page 8 for more information.]

Section I: Parental Rights
This section of the SMSD Student Handbook includes information related to certain rights of parents as specified in state or federal law.

Consent, Opt-Out, and Refusal Rights

Consent to Conduct a Psychological Evaluation
A district employee will not conduct a psychological examination, test, or treatment without obtaining prior written parental consent unless the examination, test, or treatment is required under state or federal law regarding requirements for special education or by the Texas Education Agency (TEA) for child abuse investigations and reports.

Consent to Display a Student’s Original Works and Personal Information
Teachers may display students’ work, which may include personally identifiable student information, in classrooms or elsewhere on campus as recognition of student achievement. However, the district will seek parental consent before displaying students’ artwork, special projects, photographs taken by students, original videos or voice recordings, and other original works on the district’s website, a website affiliated or sponsored by the district, such as a campus or classroom website, and in district publications, which may include printed materials, videos, or other methods of mass communication.

Consent to Receive Parenting and Paternity Awareness Instruction if Student is under Age 14
A student under the age of 14 must have parental permission to receive instruction in the district’s parenting and paternity awareness program; otherwise, the student will not be allowed to participate in the instruction. This program, developed by the Office of the Texas Attorney General and the State Board of Education (SBOE), is incorporated into the district’s health education classes.

Prohibiting the Use of Corporal Punishment
The Board prohibits the use of corporal punishment in the District. Students shall not be spanked, paddled, or subjected to other physical force as a means of discipline for violations of the Student Code of Conduct FO(LOCAL).

Consent to Video or Audio Record a Student when Not Otherwise Permitted by Law
State law permits the school to make a video or voice recording without parental permission for the following circumstances:

- When it is to be used for school safety;
• When it relates to classroom instruction or a cocurricular or extracurricular activity;
• When it relates to media coverage of the school; or
• When it relates to the promotion of student safety as provided by law for a student receiving special education services in certain settings.

The district will seek parental consent through a written request before making any other video or voice recording of your child not otherwise allowed by law.

[See Video Cameras on page 93 for more information, including a parent’s right to request video and audio equipment be placed in certain special education settings.]

**Limiting Electronic Communications with Students by District Employees**

Teachers and other approved employees are permitted by the district to use electronic communication with students within the scope of the individual’s professional responsibilities, as described by district guidelines. For example, a teacher may set up a social networking page for his or her class that has information related to class work, homework, and tests. As a parent, you are welcome to join or become a member of such a page.

However, text messages sent to an individual student are only allowed if a district employee with responsibility for an extracurricular activity needs to communicate with a student participating in the extracurricular activity.

The employee is required to include the student’s parent as recipients on all text messages.

If you prefer that your child not receive any one-to-one electronic communications from a district employee or if you have questions related to the use of electronic media by district employees, please contact the campus principal.

**Objecting to the Release of Directory Information**

The Family Educational Rights and Privacy Act, or FERPA, permits the district to disclose appropriately designated “directory information” from a student’s education records without written consent. “Directory information” is information that is generally not considered harmful or an invasion of privacy if released. Examples include a student’s photograph for publication in the school yearbook; a student’s name and grade level for purposes of communicating class and teacher assignment; the name, weight, and height of an athlete for publication in a school athletic program; a list of student birthdays for generating schoolwide or classroom recognition; a student’s name and photograph posted on a district-approved and -managed social media platform; and the names and grade levels of students submitted by the district to a local newspaper or other community publication to recognize the A/B honor roll for a specific grading period. Directory information will be released to anyone who follows procedures for requesting it.

However, a parent or eligible student may object to the release of a student’s directory information. This objection must be made in writing to the principal within ten school days of your child’s first day of instruction for this school year.
The district has identified the following as directory information: student name; address; telephone listing; electronic mail address; photograph; date and place of birth; major field of study; degrees, honors, and awards received; dates of attendance; grade level; most recent educational institution attended; participation in officially recognized activities and sports; and weight and height of members of athletic teams.

If you object to the release of the student information included on the directory information response form, your decision will also apply to the use of that information for school-sponsored purposes, such as the honor roll, school newspaper, the yearbook, recognition activities, news releases, and athletic programs.

Also review the information at Authorized Inspection and Use of Student Records on page 12.

**Objecting to the Release of Student Information to Military Recruiters and Institutions of Higher Education (Secondary Grade Levels Only)**

The district is required by federal law to comply with a request by a military recruiter or an institution of higher education for students’ names, addresses, and telephone listings, unless parents have advised the district not to release their child’s information without prior written consent. A form included in the forms packet is available if you do not want the district to provide this information to military recruiters or institutions of higher education.

**Participation in Third-Party Surveys**

Consent Required Before Student Participation in a Federally Funded Survey, Analysis, or Evaluation

Your child will not be required to participate without parental consent in any survey, analysis, or evaluation—funded in whole or in part by the U.S. Department of Education—that concerns:

- Political affiliations or beliefs of the student or the student’s parent.
- Mental or psychological problems of the student or the student’s family.
- Sex behavior or attitudes.
- Illegal, antisocial, self-incriminating, or demeaning behavior.
- Critical appraisals of individuals with whom the student has a close family relationship.
- Relationships privileged under law, such as relationships with lawyers, physicians, and ministers.
- Religious practices, affiliations, or beliefs of the student or parent.
- Income, except when the information is required by law and will be used to determine the student’s eligibility to participate in a special program or to receive financial assistance under such a program.

You will be able to inspect the survey or other instrument and any instructional materials used in connection with such a survey, analysis, or evaluation.
“Opting Out” of Participation in Other Types of Surveys or Screenings and the Disclosure of Personal Information

As a parent, you have a right to receive notice of and deny permission for your child’s participation in:

- Any survey concerning the private information listed above, regardless of funding.
- School activities involving the collection, disclosure, or use of personal information gathered from your child for the purpose of marketing, selling, or otherwise disclosing that information.

   **Note**: This does not apply to the collection, disclosure, or use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions.

- Any nonemergency, invasive physical examination or screening required as a condition of attendance, administered and scheduled by the school in advance and not necessary to protect the immediate health and safety of the student. Exceptions are hearing, vision, or spinal screenings, or any physical examination or screening permitted or required under state law. [See policies EF and FFAA.]

As a parent, you may inspect a survey created by a third party before the survey is administered or distributed to your child.

**Removing a Student from Instruction or Excusing a Student from a Required Component of Instruction**

**Human Sexuality Instruction**

As a part of the district’s curriculum, students receive instruction related to human sexuality. The School Health Advisory Council (SHAC) is involved with the selection of course materials for such instruction.

State law requires that any instruction related to human sexuality, sexually transmitted diseases, or human immunodeficiency virus (HIV) or acquired immune deficiency syndrome (AIDS) must:

- Present abstinence from sexual activity as the preferred choice of behavior in relationship to all sexual activity for unmarried persons of school age;
- Devote more attention to abstinence from sexual activity than to any other behavior;
- Emphasize that abstinence is the only method that is 100 percent effective in preventing pregnancy, sexually transmitted diseases, and the emotional trauma associated with adolescent sexual activity;
- Direct adolescents to a standard of behavior in which abstinence from sexual activity before marriage is the most effective way to prevent pregnancy and sexually transmitted diseases; and
• If included in the content of the curriculum, teach contraception and condom use in terms of human use reality rates instead of theoretical laboratory rates.

In accordance with state law, below is a summary of the district’s curriculum regarding human sexuality instruction:

The district has selected *Choosing the Best* curriculum for their human sexuality instruction. This curriculum is an “Abstinence-centered” sex education curriculum that is a holistic, “risk avoidance” approach that strongly promotes abstinence as the best and healthiest choice, while also teaching students about goal-setting, healthy relationships, refusal skills, and character building. *Choosing the Best* informs students about the significant risks associated with casual sex, including unplanned pregnancy, STDs, and negative emotional consequences. *Choosing the Best* also emphasizes the benefits of waiting, empowering students to make an informed choice about their sexual behavior.

As a parent, you are entitled to review the curriculum materials. In addition, you may remove your child from any part of the human sexuality instruction with no academic, disciplinary, or other penalties. You may also choose to become more involved with the development of curriculum used for this purpose by becoming a member of the district’s SHAC. Please see the campus principal for additional information.

**Reciting a Portion of the Declaration of Independence in Grades 3–12**

You may request that your child be excused from recitation of a portion of the Declaration of Independence. State law requires students in social studies classes in grades 3–12 to recite a portion of the text of the Declaration of Independence during Celebrate Freedom Week unless (1) you provide a written statement requesting that your child be excused, (2) the district determines that your child has a conscientious objection to the recitation, or (3) you are a representative of a foreign government to whom the U.S. government extends diplomatic immunity.

[See policy EHBK(LEGAL).]

**Reciting the Pledges to the U.S. and Texas Flags**

As a parent, you may request that your child be excused from participation in the daily recitation of the Pledge of Allegiance to the U.S. flag and the Pledge of Allegiance to the Texas flag. The request must be in writing. State law does not allow your child to be excused from participation in the required minute of silence or silent activity that follows.

[See Pledges of Allegiance and a Minute of Silence on page 77 and policy EC(LEGAL).]

**Religious or Moral Beliefs**

You may remove your child temporarily from the classroom if an instructional activity in which your child is scheduled to participate conflicts with your religious or moral beliefs. The removal cannot be for the purpose of avoiding a test and may not extend for an entire semester. Further, your child must satisfy grade-level and graduation requirements as determined by the school and by state law.
**Tutoring or Test Preparation**

Based on informal observations, evaluative data such as grades earned on assignments or tests, or results from diagnostic assessments, a teacher may determine that a student is in need of additional targeted assistance for the student to achieve mastery in state-developed essential knowledge and skills. The school will always attempt to provide tutoring and strategies for test-taking in ways that prevent removal from other instruction as much as possible. In accordance with state law and policy EC, the school will not remove a student from a regularly scheduled class for remedial tutoring or test preparation for more than ten percent of the school days on which the class is offered, unless the student’s parent consents to this removal.

The school may also offer tutorial services, which students whose grades are below 70 will be required to attend.

[Also refer to policies EC and EHBC, and contact your student’s teacher with questions about any tutoring programs provided by the school.]

**Right of Access to Student Records, Curriculum Materials, and District Records/Policies**

**Instructional Materials**

As a parent, you have a right to review teaching materials, textbooks, and other teaching aids and instructional materials used in the curriculum, and to examine tests that have been administered to your child.

You are also entitled to request that the school allow your child to take home any instructional materials used by the student. If the school determines that sufficient availability exists to grant the request, the student must return the materials at the beginning of the next school day if requested to do so by the student’s teacher.

**Notices of Certain Student Misconduct to Noncustodial Parent**

Noncustodial parents may request in writing that they be provided, for the remainder of the school year, a copy of any written notice usually provided to parents related to their child’s misconduct that may involve placement in a disciplinary alternative education program (DAEP) or expulsion. [See policy FO(LEGAL) and the Student Code of Conduct.]

**Participation in Federally Required, State-Mandated, and District Assessments**

You may request information regarding any state or district policy related to your child’s participation in assessments required by federal law, state law, or the district.

**Student Records**

**Accessing Student Records**

You may review your child’s student records. These records include:

- Attendance records,
- Test scores,
• Grades,
• Disciplinary records,
• Counseling records,
• Psychological records,
• Applications for admission,
• Health and immunization information,
• Other medical records,
• Teacher and school counselor evaluations,
• Reports of behavioral patterns,
• Records relating to assistance provided for learning difficulties, including information collected regarding any intervention strategies used with your child, as the term intervention strategy is defined by law,
• State assessment instruments that have been administered to your child, and
• Teaching materials and tests used in your child’s classroom.

**Authorized Inspection and Use of Student Records**

A federal law, known as the Family Educational Rights and Privacy Act, or FERPA, affords parents and eligible students certain rights with respect to student education records. For purposes of student records, an “eligible” student is one who is age 18 or older or who is attending an institution of postsecondary education. These rights, as discussed in this section as well as at **Objecting to the Release of Directory Information** on page 7, are:

• The right to inspect and review student records within 45 days after the day the school receives a request for access.

• The right to request an amendment to a student record the parent or eligible student believes is inaccurate, misleading, or otherwise in violation of FERPA.

• The right to provide written consent before the school discloses personally identifiable information from the student’s records, except to the extent that FERPA authorizes disclosure without consent.

• The right to file a complaint with the U.S. Department of Education concerning failures by the school to comply with FERPA requirements. The name and address of the office that administers FERPA are:
  
  Family Policy Compliance Office  
  U.S. Department of Education  
  400 Maryland Avenue, SW  
  Washington, DC 20202
Both FERPA and state laws safeguard student records from unauthorized inspection or use and provide parents and eligible students certain rights of privacy. Before disclosing any personally identifiable information from a student’s records, the district must verify the identity of the person, including a parent or the student, requesting the information.

Virtually all information pertaining to student performance, including grades, test results, and disciplinary records, is considered confidential educational records.

Inspection and release of student records is primarily restricted to an eligible student or a student’s parent—whether married, separated, or divorced—unless the school is given a copy of a court order terminating parental rights or the right to access a student’s education records.

Federal law requires that, as soon as a student reaches the age of 18, is emancipated by a court, or enrolls in a postsecondary institution, control of the records goes to the student. The parent may continue to have access to the records, however, if the student is a dependent for tax purposes and under limited circumstances when there is a threat to the health and safety of the student or other individuals.

FERPA permits the disclosure of personally identifiable information from a student’s education records, without written consent of the parent or eligible student, in the following circumstances:

- When district school officials have what federal law refers to as a “legitimate educational interest” in a student’s records. School officials would include board members and employees, such as the superintendent, administrators, and principals; teachers, school counselors, diagnosticians, and support staff (including district health or district medical staff); a person or company with whom the district has contracted or allowed to provide a particular institutional service or function (such as an attorney, consultant, third-party vendor that offers online programs or software, auditor, medical consultant, therapist, school resource officer, or volunteer); a parent or student serving on a school committee; or a parent or student assisting a school official in the performance of his or her duties. “Legitimate educational interest” in a student’s records includes working with the student; considering disciplinary or academic actions, the student’s case, or an individualized education program for a student with disabilities; compiling statistical data; reviewing an educational record to fulfill the official’s professional responsibility to the school and the student; or investigating or evaluating programs.

- To authorized representatives of various governmental agencies, including juvenile service providers, the U.S. Comptroller General’s office, the U.S. Attorney General’s office, the U.S. Secretary of Education, TEA, the U.S. Secretary of Agriculture’s office, and Child Protective Services (CPS) caseworkers or other child welfare representatives, in certain cases.

- To individuals or entities granted access in response to a subpoena or court order.

- To another school, school district/system, or institution of postsecondary education to which a student seeks or intends to enroll or in which he or she is already enrolled.
• In connection with financial aid for which a student has applied or which the student has received.
• To accrediting organizations to carry out accrediting functions.
• To organizations conducting studies for, or on behalf of, the school, to develop, validate, or administer predictive tests; administer student aid programs; or improve instruction.
• To appropriate officials in connection with a health or safety emergency.
• When the district discloses information it has designated as directory information. [See **Objecting to the Release of Directory Information** on page 7 for opportunities to prohibit this disclosure.]

Release of personally identifiable information to any other person or agency—such as a prospective employer or for a scholarship application—will occur only with parental or student permission as appropriate.

The principal is custodian of all records for currently enrolled students at the assigned school. The principal is the custodian of all records for students who have withdrawn or graduated.

A parent or eligible student who wishes to inspect the student’s records should submit a written request to the records custodian identifying the records he or she wishes to inspect. Records may be inspected by a parent or eligible student during regular school hours. The records custodian or designee will respond to reasonable requests for explanation and interpretation of the records.

A parent or eligible student who provides a written request and pays copying costs of ten cents per page may obtain copies. If circumstances prevent inspection during regular school hours and the student qualifies for free or reduced-price meals, the district will either provide a copy of the records requested or make other arrangements for the parent or student to review these records. The school district contact information is as follows:

A parent (or eligible student) may inspect the student’s records and request a correction or amendment if the records are considered inaccurate, misleading, or otherwise in violation of the student’s privacy rights. A request to correct a student’s record should be submitted to the appropriate records custodian. The request must clearly identify the part of the record that should be corrected and include an explanation of how the information in the record is inaccurate. If the district denies the request to amend the records, the parent or eligible
student has the right to request a hearing. If the records are not amended as a result of the
hearing, the parent or eligible student has 30 school days to exercise the right to place a
statement commenting on the information in the student’s record.

Although improperly recorded grades may be challenged, contesting a student’s grade in a
course or on an examination is handled through the general complaint process found in policy
FNG(LOCAL). A grade issued by a classroom teacher can be changed only if, as determined by
the board of trustees, the grade is arbitrary, erroneous, or inconsistent with the district’s
grading policy. [See Finality of Grades at FNG(LEGAL), Report Cards/Progress Reports and
Conferences on page 80, and Complaints and Concerns on page 34 for an overview of the
process.]

The district’s policy regarding student records found at policy FL is available from the principal’s
or superintendent’s office or on the district’s website at: http://pol.tasb.org/Home/Index/485.

The parent’s or eligible student’s right of access to and copies of student records do not extend
to all records. Materials that are not considered educational records—such as a teacher’s
personal notes about a student that are shared only with a substitute teacher—do not have to
be made available to the parent or student.

Teacher and Staff Professional Qualifications

You may request information regarding the professional qualifications of your child’s teachers,
including whether a teacher has met state qualification and licensing criteria for the grade
levels and subject areas in which the teacher provides instruction; whether the teacher has an
emergency permit or other provisional status for which state requirements have been waived;
and whether the teacher is currently teaching in the field of discipline of his or her certification.
You also have the right to request information about the qualifications of any paraprofessional
who may provide services to your child.

Students with Exceptionalities or Special Circumstances

Children of Military Families

Children of military families will be provided flexibility regarding certain district requirements,
including:

- Immunization requirements.
- Grade level, course, or educational program placement.
- Eligibility requirements for participation in extracurricular activities.
- Graduation requirements.

In addition, absences related to a student visiting with his or her parent, including a stepparent
or legal guardian, who has been called to active duty for, is on leave from, or is returning from a
deployment of at least four months will be excused by the district. The parent should provide
written notification of an upcoming absence for this purpose, in advance of the absence(s). The
district will permit no more than five (5) excused absences per year for this purpose. For the
absence to be excused, the absence must occur no earlier than the 60th day before
deployment or no later than the 30th day after the parent’s return from deployment.

Additional information may be found at Military Family Resources at the Texas Education
Agency.

**Parental Role in Certain Classroom and School Assignments**

**Multiple Birth Siblings**

As a parent, if your children are multiple birth siblings (e.g., twins, triplets, etc.) assigned to the
same grade and campus, you may request that they be placed either in the same classroom or
in separate classrooms. Your written request must be submitted no later than the 14th day
after the enrollment of your children. [See policy FDB(LEGAL).]

**Safety Transfers/Assignments**

As a parent, you may:

- Request the transfer of your child to another classroom or campus if your child has been
determined by the district to have been a victim of bullying, which includes
cyberbullying, as defined by Education Code 37.0832. Transportation is not provided for
a transfer to another campus. See the principal for information.

- Consult with district administrators if your child has been determined by the district to
have engaged in bullying and the board decides to transfer your child to another
classroom or campus. Transportation is not provided for out-of- district transfers to
Stafford MSD.

[See Bullying on page 26, and policies FDB and FFI.]

- Request the transfer of your child to attend a safe public school in the district if your
child attends school at a campus identified by TEA as persistently dangerous or if your
child has been a victim of a violent criminal offense while at school or on school
grounds. [See policy FDE.]

- Request the transfer of your child to a neighboring district if your child has been the
victim of a sexual assault by another student assigned to the same campus, whether the
assault occurred on or off campus, and that student has been convicted of or placed on
deferred adjudication for that assault. If the victim does not wish to transfer, the district
will transfer the assailant in accordance with policy FDE.

**Service/Assistance Animal Use by Students**

A parent of a student who uses a service/assistance animal because of the student’s disability
must submit a request in writing to the principal before bringing the service/assistance animal
on campus. The district will try to accommodate a request as soon as possible but will do so
within ten district business days.
**Students in the Conservatorship of the State (Foster Care)**

A student who is currently in the conservatorship (custody) of the state and who enrolls in the district after the beginning of the school year will be allowed credit-by-examination opportunities outside the district’s established testing windows, and the district will grant proportionate course credit by semester (partial credit) when a student only passes one semester of a two-semester course.

A student who is currently in the conservatorship of the state and who is moved outside of the district’s or school’s attendance boundaries, or who is initially placed in the conservatorship of the state and who is moved outside the district’s or school’s boundaries, is entitled to continue in enrollment at the school he or she was attending prior to the placement or move until the student reaches the highest grade level at the particular school.

In addition, if a student in grade 11 or 12 transfers to another district but does not meet the graduation requirements of the receiving district, the student can request to receive a diploma from the previous district if he or she meets the criteria to graduate from the previous district.

In addition, for a student in the conservatorship of the state who is eligible for a tuition and fee exemption under state law and likely to be in care on the day preceding the student’s 18th birthday, the district will:

- Assist the student with the completion of any applications for admission or for financial aid;
- Arrange and accompany the student on campus visits;
- Assist in researching and applying for private or institution-sponsored scholarships;
- Identify whether the student is a candidate for appointment to a military academy;
- Assist the student in registering and preparing for college entrance examinations, including, subject to the availability of funds, arranging for the payment of any examination fees by the DFPS; and
- Coordinate contact between the student and a liaison officer for students who were formerly in the conservatorship of the state.

[See also Credit by Examination for Advancement/Acceleration on page 38, Course Credit on page 377, and Students in Foster Care on page 90 for more information.]

**Students Who Are Homeless**

Children who are homeless will be provided flexibility regarding certain district provisions, including:

- Proof of residency requirements;
- Immunization requirements;
- Educational program placement, if the student is unable to provide previous academic records, or misses an application deadline during a period of homelessness;
• Credit-by-examination opportunities;
• The award of partial credit (awarding credit proportionately when a student passes only one semester of a two-semester course);
• Eligibility requirements for participation in extracurricular activities; and
• Graduation requirements.

If a student in grade 11 or 12 is homeless and transfers to another school district but does not meet the graduation requirements of the receiving district, the student can request to receive a diploma from the previous district if he or she meets the criteria to graduate from the previous district.

Federal law also allows a homeless student to remain enrolled in what is called the “school of origin” or to enroll in a new school in the attendance area where the student is currently residing.

A student or parent who is dissatisfied by the district’s eligibility, school selection, or enrollment decision may appeal through policy FNG(LOCAL). The district will expedite local timelines, when possible, for prompt dispute resolution.

[See also Credit by Examination for Advancement/Acceleration on page 38, Course Credit on page 37, and Homeless Students on page 66 for more information.]

**Students Who Have Learning Difficulties or Who Need Special Education or Section 504 Services**

For those students who are having difficulty in the regular classroom, all school districts must consider tutorial, compensatory, and other academic or behavior support services that are available to all students, including a process based on Response to Intervention (RtI). The implementation of RtI has the potential to have a positive impact on the ability of districts to meet the needs of all struggling students.

If a student is experiencing learning difficulties, his or her parent may contact the individuals listed below to learn about the school’s overall general education referral or screening system for support services. This system links students to a variety of support options, including making a referral for a special education evaluation or for a Section 504 evaluation to determine whether the student needs specific aids, accommodations, or services. A parent may request an evaluation for special education or Section 504 services at any time.

**Special Education Referrals**

If a parent makes a written request for an initial evaluation for special education services to the director of special education services or to a district administrative employee of the school district, the district must respond no later than 15 school days after receiving the request. At that time, the district must give the parent prior written notice of whether it agrees or refuses to evaluate the student, along with a copy of the *Notice of Procedural Safeguards*. If the district agrees to evaluate the student, it must also give the parent the opportunity to give written consent for the evaluation.
Please note that a request for a special education evaluation may be made verbally and does not need to be in writing. Districts and charter schools must still comply with all federal prior written notice and procedural safeguard requirements and the requirements for identifying, locating, and evaluating children who are suspected of being a child with a disability and in need of special education. However, a verbal request does not require the district or charter school to respond within the 15-school-day timeline.

If the district decides to evaluate the student, it must complete the student’s initial evaluation and evaluation report no later than 45 school days from the day it receives a parent’s written consent. However, if the student is absent from school during the evaluation period for three or more school days, the evaluation period will be extended by the number of school days equal to the number of school days that the student is absent.

There is an exception to the 45-school-day timeline. If the district receives a parent’s consent for the initial evaluation at least 35 but less than 45 school days before the last instructional day of the school year, it must complete the written report and provide a copy of the report to the parent by June 30 of that year. However, if the student is absent from school for three or more days during the evaluation period, the June 30 due date no longer applies. Instead, the general timeline of 45 school days plus extensions for absences of three or more days will apply.

Upon completing the evaluation, the district must give the parent a copy of the evaluation report at no cost.

Additional information regarding special education is available from the school district in a companion document titled Parent’s Guide to the Admission, Review, and Dismissal Process.

**Contact Person for Special Education Referrals**

The designated person to contact regarding options for a student experiencing learning difficulties or regarding a referral for evaluation for special education services is the Director of Federal and State Programs at 281-261-9251.

**Section 504 Referrals**

Each school district must have standards and procedures in place for the evaluation and placement of students in the district’s Section 504 program. Districts must also implement a system of procedural safeguards that includes notice, an opportunity for a parent or guardian to examine relevant records, an impartial hearing with an opportunity for participation by the parent or guardian and representation by counsel, and a review procedure.

**Contact Person for Section 504 Referrals**

The designated person to contact regarding options for a student experiencing learning difficulties or regarding a referral for evaluation for Section 504 services is the Director of Federal and State Programs at 281-261-9251.

The district will annually notify parents that it provides assistance to students, other than those already enrolled in a special education program, who need assistance for learning difficulties, including intervention strategies.

**Students Who Receive Special Education Services with Other School-Aged Children in the Home**

If a student is receiving special education services at a campus outside his or her attendance zone, the parent or guardian may request that any other student residing in the household be transferred to the same campus, if the appropriate grade level for the transferring student is offered on that campus. However, the district is not required to provide transportation to the other children in the household. The parent or guardian should speak with the principal of the school regarding transportation needs prior to requesting a transfer for any other children in the home. [See policy FDB(LOCAL).]  

**Students Who Speak a Primary Language Other than English**

A student may be eligible to receive specialized support if his or her primary language is not English, and the student has difficulty performing ordinary class work in English. If the student qualifies for these extra services, the Language Proficiency Assessment Committee (LPAC) will determine the types of services the student needs, including accommodations or modifications related to classroom instruction, local assessments, and state-mandated assessments.

**Students with Physical or Mental Impairments Protected Under Section 504**

A student determined to have a physical or mental impairment that substantially limits a major life activity, as defined by law, and who does not otherwise qualify for special education services, may qualify for protections under Section 504 of the Rehabilitation Act. Section 504 is a federal law designed to prohibit discrimination against individuals with disabilities. When an evaluation is requested, a committee will be formed to determine if the student is in need of services and supports under Section 504 to receive a free appropriate public education (FAPE), as this is defined in federal law. [See policy FB.]  

[See also Students Who Have Learning Difficulties or Who Need Special Education or Section 504 Services on page 18 for more information.]
Section II: Other Important Information for Students and Parents

Topics in this section of the Student Handbook contain important information on academics, school activities, and school operations and requirements. Take a moment with your child to become familiar with the various issues addressed in this section. It is organized in alphabetical order to serve as a quick-reference when you or your child has a question about a specific school-related issue. Where possible, the topics are also organized to alert you to the applicability of each topic based on a student’s age or grade level. Should you be unable to find the information on a particular topic, please contact the principal.

Absences/Attendance

Regular school attendance is essential for a student to make the most of his or her education—to benefit from teacher-led and school activities, to build each day’s learning on the previous day’s, and to grow as an individual. Absences from class may result in serious disruption of a student’s mastery of the instructional materials; therefore, the student and parent should make every effort to avoid unnecessary absences. Two state laws—one dealing with the required presence of school-aged children in school, e.g., compulsory attendance, the other with how a student’s attendance affects the award of a student’s final grade or course credit—are of special interest to students and parents. They are discussed below.

Compulsory Attendance

Age 19 and Older

A student who voluntarily attends or enrolls after his or her 19th birthday is required to attend each school day until the end of the school year. If a student age 19 or older has more than five unexcused absences in a semester, the district may revoke the student’s enrollment. The student’s presence on school property thereafter would be unauthorized and may be considered trespassing. [See policy FEA.]

Between Ages 6 and 19

State law requires that a student between the ages of 6 and 19 attend school, as well as any applicable accelerated instruction program, extended year program, or tutorial session, unless the student is otherwise excused from attendance or legally exempt.

State law requires attendance in an accelerated reading instruction program when kindergarten, first grade, or second grade students are assigned to such a program. Parents will be notified in writing if their child is assigned to an accelerated reading instruction program as a result of a diagnostic reading instrument.

A student will be required to attend any assigned accelerated instruction program, which may occur before or after school or during the summer, if the student does not meet the passing standards on the state assessment for his or her grade level and/or applicable subject area.

Prekindergarten and Kindergarten

Students enrolled in prekindergarten and kindergarten are required to attend school and are subject to the compulsory attendance requirements as long as they remain enrolled.
**Exemptions to Compulsory Attendance**

**All Grade Levels**

State law allows exemptions to the compulsory attendance requirements for several types of absences if the student makes up all work. These include the following activities and events:

- Religious holy days;
- Required court appearances;
- Activities related to obtaining U.S. citizenship;
- Documented health-care appointments for the student or a child of the student, including absences for recognized services for students diagnosed with autism spectrum disorders, if the student comes to school or returns to school on the same day as the appointment. A note from the health-care provider must be submitted upon the student’s arrival or return to campus; and
- For students in the conservatorship (custody) of the state,
  - An activity required under a court-ordered service plan; or
  - Any other court-ordered activity, provided it is not practicable to schedule the student’s participation in the activity outside of school hours.

As listed in Section I at **Children of Military Families**, absences of up to five days will be excused for a student to visit with a parent, stepparent, or legal guardian who has been called to duty for, is on leave from, or immediately returned from certain deployments. [See page 15 for that section.]

**Secondary Grade Levels**

In addition, a junior or senior student’s absence of up to two days related to visiting a college or university will be considered an exemption, provided this has been authorized by the board under policy FEA(LOCAL), the student receives approval from the campus principal, follows the campus procedures to verify such a visit, and makes up any work missed.

An absence will also be considered an exemption if a student 17 years of age or older is pursuing enlistment in a branch of the U.S. armed services or Texas National Guard, provided the absence does not exceed four days during the period the student is enrolled in high school and the student provides verification to the district of these activities.

Absences of up to two days in a school year will also be considered an exemption for:

- A student serving as an early voting clerk, provided the district’s board has authorized this in policy FEA(LOCAL), the student notifies his or her teachers, and the student receives approval from the principal prior to the absences; and
- A student serving as an election clerk, if the student makes up any work missed.

An absence of a student in grades 6–12 for the purpose of sounding “Taps” at a military honors funeral for a deceased veteran will also be excused by the district.
**Failure to Comply with Compulsory Attendance**

**All Grade Levels**

School employees must investigate and report violations of the state compulsory attendance law. A student absent without permission from school; from any class; from required special programs, such as additional special instruction, termed “accelerated instruction” by the state; or from required tutorials will be considered in violation of the compulsory attendance law and subject to disciplinary action.

**Students with Disabilities**

If a student with a disability is experiencing attendance issues, the student’s ARD committee or Section 504 committee will be notified, and the committee will determine whether the attendance issues warrant an evaluation, a reevaluation, and/or modifications to the student's individualized education program or Section 504 plan, as appropriate.

**Age 19 and Older**

After a student age 19 or older incurs a third unexcused absence, the district will send the student a letter as required by law explaining that the district may revoke the student’s enrollment for the remainder of the school year if the student has more than five unexcused absences in a semester. As an alternative to revoking a student’s enrollment, the district may implement a behavior improvement plan.

**Between Ages 6 and 19**

When a student between ages 6 and 19 incurs unexcused absences for three or more days or parts of days within a four-week period, the school will send a notice to the student’s parent, as required by law, to remind the parent that it is the parent’s duty to monitor the student’s attendance and to require the student to come to school. The notice will also inform the parent that the district will initiate truancy prevention measures and request a conference between school administrators and the parent. These measures will include a behavior improvement plan, school-based community service, or referrals to either in-school or out-of-school counseling or other social services. Any other measures considered appropriate by the district will also be initiated.

The truancy prevention facilitator for the district is the Chief Academic Officer. If you have questions about your student and the effect of his or her absences from school, please contact the facilitator or any other campus administrator.

A court of law may also impose penalties against a student’s parent if a school-aged student is deliberately not attending school. A complaint against the parent may be filed in court if the student is absent without excuse from school on ten or more days or parts of days within a six-month period in the same school year.

If a student ages 12–18 incurs unexcused absences on ten or more days or parts of days within a six-month period in the same school year, the district, in most circumstances, will refer the student to truancy court.

[See policies FEA(LEGAL) and FED(LEGAL).]
**Attendance for Credit or Final Grade (Kindergarten–Grade 12)**

To receive credit or a final grade in a class, a student in kindergarten–grade 12 must attend at least 90 percent of the days the class is offered. A student who attends at least 75 percent but fewer than 90 percent of the days the class is offered may receive credit or a final grade for the class if he or she completes a plan, approved by the principal, who allows the student to fulfill the instructional requirements for the class. If a student is involved in a criminal or juvenile court proceeding, the approval of the judge presiding over the case will also be required before the student receives credit or a final grade for the class.

If a student attends less than 75 percent of the days a class is offered or has not completed the plan approved by the principal, then the student will be referred to the attendance review committee to determine whether there are extenuating circumstances for the absences and how the student can regain credit or a final grade lost because of absences. [See policy FEC.]

All absences, whether excused or unexcused, must be considered in determining whether a student has attended the required percentage of days. In determining whether there were extenuating circumstances for the absences, the attendance committee will use the following guidelines:

- If makeup work is completed, absences for the reasons listed above at Exemptions to Compulsory Attendance will be considered extenuating circumstances for purposes of attendance for credit or the award of a final grade.
- A transfer or migrant student begins to accumulate absences only after he or she has enrolled in the district.
- In reaching a decision about a student’s absences, the committee will attempt to ensure that it is in the best interest of the student.
- The committee will review absences incurred based on the student’s participation in board-approved extracurricular activities. These absences will be considered by the attendance committee as extenuating circumstances in accordance with the absences allowed under FM(LOCAL) if the student made up the work missed in each class.
- The committee will consider the acceptability and authenticity of documented reasons for the student’s absences.
- The committee will consider whether the absences were for reasons over which the student or the student’s parent could exercise any control.
- The committee will consider the extent to which the student has completed all assignments, mastered the essential knowledge and skills, and maintained passing grades in the course or subject.
- The student or parent will be given an opportunity to present any information to the committee about the absences and to talk about ways to earn or regain credit or a final grade.
The student or parent may appeal the committee’s decision to the board by following policy FNG(LOCAL).

The actual number of days a student must be in attendance to receive credit or a final grade will depend on whether the class is for a full semester or for a full year.

**Official Attendance-Taking Time (All Grade Levels)**

The district must submit attendance of its students to the TEA reflecting attendance at a specific time each day. The official attendance accounting time for each campus is as follows:

- Middle School and High School: 9:25 am
- Elementary, and Intermediate School: 9:30 am
- Stafford Alternative Education Center (SAEC): 8:30 am

A student absent for any portion of the day, including at the official attendance-taking time, should follow the procedures below to provide documentation of the absence.

**Documentation after an Absence (All Grade Levels)**

When a student is absent from school, the student—upon arrival or return to school—must bring a note signed by the parent that describes the reason for the absence. A note signed by the student, even with the parent’s permission, will not be accepted unless the student is age 18 or older or is an emancipated minor under state law.

The campus will document in its attendance records for the student whether the absence is considered by the district to be excused or unexcused.

**Note:** Unless the absence is for a statutorily allowed reason under compulsory attendance laws, the district is not required to excuse any absence, even if the parent provides a note explaining the absence.

**Doctor’s Note after an Absence for Illness (All Grade Levels)**

Upon return to school, a student absent for more than five consecutive days because of a personal illness must bring a statement from a doctor or health clinic verifying the illness or condition that caused the student’s extended absence from school. Otherwise, the student’s absence may be considered unexcused and, if so, would be considered to be in violation of compulsory attendance laws.

Should the student develop a questionable pattern of absences, the principal or attendance committee may require a statement from a doctor or health clinic verifying the illness or condition that caused the student’s absence from school to determine whether the absence or absences will be excused or unexcused.

[See policy FEC(LOCAL).]

**Driver License Attendance Verification (Secondary Grade Levels Only)**

For a student between the ages of 16 and 18 to obtain a driver license, written parental permission must be provided for the Texas Department of Public Safety (DPS) to access the student’s attendance records and, in certain circumstances, for a school administrator to
provide the student’s attendance information to DPS. A verification of enrollment (VOE) and attendance form may be obtained from the office, which the student will need to submit to DPS upon application for a driver license.

**Accountability under State and Federal Law (All Grade Levels)**

SMSD and each of its campuses are held to certain standards of accountability under state and federal law. A key component of the accountability requirements is the dissemination and publication of certain reports and information, which include:

- The Texas Academic Performance Report (TAPR) for the district, compiled by TEA, the state agency that oversees public education, based on academic factors and ratings;
- A School Report Card (SRC) for each campus in the district compiled by TEA based on academic factors and ratings;
- The district’s financial management report, which will include the financial accountability rating assigned to the district by TEA; and
- Information compiled by TEA for the submission of a federal report card that is required by federal law.

This information can be found on the district’s website at [www.staffordmsd.org](http://www.staffordmsd.org). Hard copies of any reports are available upon request to the district’s administration office.

TEA also maintains additional accountability and accreditation information at [TEA Performance Reporting Division](http://www.tea.org) and the [TEA homepage](http://www.tea.org).

**Armed Services Vocational Aptitude Battery Test**

A student in grades 10–12 will be offered an opportunity to take the Armed Services Vocational Aptitude Battery test and consult with a military recruiter.

The test shall be offered on October 16, 2019 at 8a.m. at Stafford High School.

Please contact the principal for information about this opportunity.

**Awards and Honors (All Grade Levels)**

All awards to students for participation in extracurricular activities or organizations must meet criteria set forth in the individual activity/organization’s guidelines, as established by the teacher leading the activity/organization, in conjunction with board policy and/or procedures as well as approved by the campus principal.

**Bullying (All Grade Levels)**

Bullying is defined in Section 37.0832 of the Education Code as a single significant act or a pattern of acts by one or more students directed at another student that exploits an imbalance of power and involves engaging in written or verbal expression, expression through electronic means, or physical conduct that:
• Has the effect or will have the effect of physically harming a student, damaging a student’s property, or placing a student in reasonable fear of harm to the student’s person or of damage to the student’s property;
• Is sufficiently severe, persistent, or pervasive enough that the action or threat creates an intimidating, threatening, or abusive educational environment for a student;
• Materially and substantially disrupts the educational process or the orderly operation of a classroom or school; or
• Infringes on the rights of the victim at school.

Bullying includes cyberbullying. Cyberbullying is defined by Section 37.0832 of the Education Code as bullying that is done through the use of any electronic communication device, including through the use of a cellular or other type of telephone, a computer, a camera, electronic mail, instant messaging, text messaging, a social media application, an Internet website, or any other Internet-based communication tool.

The district is required to adopt policies and procedures regarding:
• Bullying that occurs on or is delivered to school property or to the site of a school-sponsored or school-related activity on or off school property;
• Bullying that occurs on a publicly or privately owned school bus or vehicle being used for transportation of students to or from school or a school-sponsored or school-related activity; and
• Cyberbullying that occurs off school property or outside of a school-sponsored or school-related activity if the cyberbullying interferes with a student’s educational opportunities or substantially disrupts the orderly operation of a classroom, school, or school-sponsored or school-related activity.

Bullying is prohibited by the district and could include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name-calling, rumor-spreading, or ostracism.

If a student believes that he or she has experienced bullying or has witnessed bullying of another student, it is important for the student or parent to notify a teacher, school counselor, principal, or another district employee as soon as possible to obtain assistance and intervention. The administration will investigate any allegations of bullying or other related misconduct. The district will also provide notice to the parent of the alleged victim and the parent of the student alleged to have engaged in bullying. A student may anonymously report an alleged incident of bullying by emailing: Nobullyingallowed@staffordmsd.org.

If the results of an investigation indicate that bullying has occurred, the administration will take appropriate disciplinary action and may notify law enforcement in certain circumstances. Disciplinary or other action may be taken even if the conduct did not rise to the level of bullying. Available counseling options will be provided to these individuals, as well as to any students who have been identified as witnesses to the bullying.

Any retaliation against a student who reports an incident of bullying is prohibited.
Upon the recommendation of the administration, the board may, in response to an identified case of bullying, decide to transfer a student found to have engaged in bullying to another classroom at the campus. In consultation with the student’s parent, the student may also be transferred to another campus in the district. The parent of a student who has been determined by the district to be a victim of bullying may request that the student be transferred to another classroom or campus within the district. [See Safety Transfers/Assignments on page 16.]

A copy of the district’s policy is available in the principal’s office, superintendent’s office, and on the district’s website, and is included at the end of this handbook in the form of an appendix. Procedures related to reporting allegations of bullying may also be found on the district’s website.

A student or parent who is dissatisfied with the outcome of an investigation may appeal through policy FNG(LOCAL).

[See Safety Transfers/Assignments on page 16, Dating Violence, Discrimination, Harassment, and Retaliation on page 60, Hazing on page 61, policy FFI, and the district improvement plan, a copy of which can be viewed in the campus office.]

Career and Technical Education (CTE) Programs (Secondary Grade Levels Only)

The district offers career and technical education programs in the following areas:

- Agriculture, Food and Natural Resources;
- Arts, Audio/Video Technology and Communications;
- Business Management and Administration;
- Education and Training;
- Health Science;
- Hospitality and Tourism;
- Information Technology;
- Law, Public Safety, Corrections and Security;
- Manufacturing;
- Marketing;
- Science, Technology, Engineering and Mathematics;
- Transportation, Distribution and Logistics.
Admission to these programs is based on interest, aptitude, grade, age appropriateness, class space, and satisfying prerequisites and co-requisites.

It is the policy of the district not to discriminate on the basis of race, color, national origin, sex, handicap in its vocational programs, services, or activities as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; and Section 504 of the Rehabilitation Act of 1973, as amended.

It is the policy of the district not to discriminate on the basis of race, color, national origin, sex, handicap, or age in its employment practices as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; the Age Discrimination Act of 1975, as amended; and Section 504 of the Rehabilitation Act of 1973, as amended.

The district will take steps to assure that lack of English language skills will not be a barrier to admission and participation in all educational and vocational programs.

[See Nondiscrimination Statement on page 74 for the name and contact information for the Title IX coordinator and ADA/Section 504 coordinator, who will address certain allegations of discrimination.]

**Celebrations (All Grade Levels)**

Although a parent or grandparent is not prohibited from providing food for a school-designated function or for children in the child’s or grandchild’s classroom for his or her birthday, please be aware that children in the school may have severe allergies to certain food products. Therefore, it is imperative to discuss this with the child’s teacher prior to bringing any food in this circumstance. Occasionally, the school or a class may host certain functions or celebrations tied to the curriculum that will involve food. The school or teacher will notify students and parents of any known food allergies when soliciting potential volunteers for bringing food products.

[See Food Allergies on page 63.]

**Child Sexual Abuse and Other Maltreatment of Children (All Grade Levels)**

The district has established a plan for addressing child sexual abuse and other maltreatment of children, which may be accessed at [http://www.staffordmsd.org](http://www.staffordmsd.org). As a parent, it is important for you to be aware of warning signs that could indicate a child may have been or is being sexually abused. Sexual abuse in the Texas Family Code is defined as any sexual conduct harmful to a child’s mental, emotional, or physical welfare as well as a failure to make a reasonable effort to prevent sexual conduct with a child. A person who compels or encourages a child to engage in sexual conduct commits abuse. It is illegal to make or possess child pornography or to display such material to a child. Anyone who suspects that a child has been or may be abused or neglected has a legal responsibility, under state law, for reporting the suspected abuse or neglect to law enforcement or to Child Protective Services (CPS).

Possible physical warning signs of sexual abuse could be difficulty sitting or walking, pain in the genital areas, and claims of stomachaches and headaches. Behavioral indicators may include verbal references or pretend games of sexual activity between adults and children, fear of being
alone with adults of a particular gender, or sexually suggestive behavior. Emotional warning signs to be aware of include withdrawal, depression, sleeping and eating disorders, and problems in school.

A child who has experienced sexual abuse or any other type of abuse or neglect should be encouraged to seek out a trusted adult. Be aware as a parent or other trusted adult that disclosures of sexual abuse may be more indirect than disclosures of physical abuse and neglect, and it is important to be calm and comforting if your child, or another child, confides in you. Reassure the child that he or she did the right thing by telling you.

Parents, if your child is a victim of sexual abuse or other maltreatment, the school counselor or principal will provide information regarding counseling options for you and your child available in your area. The Texas Department of Family and Protective Services (DFPS) also manages early intervention counseling programs. [To find out what services may be available in your county, see Texas Department of Family and Protective Services, Programs Available in Your County.]

Be aware that children and adolescents who have experienced dating violence may show similar physical, behavioral, and emotional warning signs. [See Dating Violence, Discrimination, Harassment, and Retaliation (All Grade Levels) on page 38.]

The following websites might help you become more aware of child abuse and neglect:

- Child Welfare Information Gateway Factsheet
- KidsHealth, For Parents, Child Abuse
- Texas Association Against Sexual Assault, Resources
- Texas Attorney General, What We Can Do About Child Abuse Part One
- Texas Attorney General, What We Can Do About Child Abuse Part Two

Reports of abuse or neglect may be made to:

The CPS division of the DFPS (1-800-252-5400 or on the web at Texas Abuse Hotline Website).

**Class Rank/Highest-Ranking Student (Secondary Grade Levels Only)**

- A weighted grade point system (GPA) shall be used to calculate class rank.

- Grades earned through correspondence courses, credit by examination (with or without prior instruction), summer school credit, distance learning courses, credit for courses not recognized by TEA, credit for which a pass/fail grade was given, and credit awarded in a nonaccredited instructional setting shall not be included when determining class rank. In addition, high school courses taken in grade 8, as well as any two- or three-credit career and technology work-based training courses; or local credit course, shall not be included in the computation.

- A high school student who transfers into the District with course credits shall receive similar credits.
• A student shall be permitted to check his or her grade point average in the presence of a
counselor at the end of the fifth grading period.

• To be eligible for valedictorian or salutatorian honors, a student must be initially and
continuously enrolled in the District as a full-time student for four semesters preceding
graduation. The valedictorian and salutatorian shall be the eligible students with the
highest and second highest class ranking as determined by the District’s ranking
procedure described in this policy and who have completed the Recommended or the
Advanced/Distinguished Achievement Program for graduation. Three-year graduates
shall not be eligible for academic honors.

In the event of a tie in cumulative weighted averages, the top-ranking students shall be
chosen as follows:

The student with the most advanced courses shall be named valedictorian.

If there is still a tie, the student with the highest average in all advanced courses shall be the valedictorian.

• The district will award the highest-ranking graduate scholarship provided by the state to
the district-declared valedictorian;

• The weighted five-point scale shall be used for AP, Pre-AP, and Dual/Concurrent Credit
courses. The four-point scale shall be used for the remaining courses; and

### Class Schedules (Secondary Grade Levels Only)

All students are expected to attend school for the entire school day and maintain a class/course schedule to fulfill each period of the day. Exceptions may be made occasionally by the campus principal for students in grades 9–12 who meet specific criteria and receive parental consent to enroll in less than a full-day’s schedule.

[See Schedule Changes on page 84 for information related to student requests to revise their course schedule.]

### College and University Admissions and Financial Aid (Secondary Grade Levels Only)

For two school years following graduation, a district student who graduates in the top ten percent and, in some cases, the top 25 percent, of his or her class is eligible for automatic admission into four-year public universities and colleges in Texas if the student:

- A student who completes the high school requirements in fewer than four years shall be ranked in the class with which he or she actually graduates and shall be eligible for honors positions. Calculation of ranking for December graduates shall be in the month of December when all graduation requirements have been met. [For further information, see policy EIC.]
• Completes the distinguished level of achievement under the foundation graduation program (a student must graduate with at least one endorsement and must have taken Algebra II as one of the four required math courses); or

• Satisfies the ACT College Readiness Benchmarks or earns at least a 1500 out of 2400 on the SAT.

In addition, the student must submit a completed application for admission in accordance with the deadline established by the college or university. The student is ultimately responsible for ensuring that he or she meets the admission requirements of the university or college to which the student submits an application.

The University of Texas at Austin may limit the number of students automatically admitted to 75 percent of the University’s enrollment capacity for incoming resident freshmen. For students who are eligible to enroll in the University during the summer or fall 2019 term, the University will admit the top six percent of the high school’s graduating class who meet the above requirements. Additional applicants will be considered by the University through a holistic review process.

Should a college or university adopt an admissions policy that automatically accepts the top 25 percent of a graduating class, the provisions above will also apply to a student ranked in the top 25 percent of his or her class.

Upon enrolling in their first course that is eligible for high school credit, the district will provide written notice concerning automatic college admission, the curriculum requirements for financial aid, and the benefits of completing the requirements for automatic admission and financial aid.

Students and parents should contact the school counselor for further information about automatic admissions, the application process, and deadlines.

[See Class Rank/Highest-Ranking Student on page 30 for information specifically related to how the district calculates a student’s rank in class, and requirements for Graduation on page 55 for information associated with the foundation graduation program.]

[See Students in the Conservatorship of the State (Foster Care) on page 88 for information on assistance in transitioning to higher education for students in foster care.]

**College Credit Courses (Secondary Grade Levels Only)**

Students in grades 9–12 have opportunities to earn college credit through the following methods:

- Certain courses taught at the high school campus, which may include courses termed dual credit or Advanced Placement (AP);
- Enrollment in an AP or dual credit course through the Texas Virtual School Network (TXVSN) or other board approved virtual platforms;
- Enrollment in courses taught in conjunction and in partnership with Houston Community College, which may be offered on or off campus;
• Enrollment in courses taught at other colleges or universities; and
• Certain CTE courses.

All of these methods have eligibility requirements and must be approved prior to enrollment in the course. Please see the school counselor for more information. Depending on the student’s grade level and the course, a state-mandated end-of-course assessment may be required for graduation.

It is important to keep in mind that not all colleges and universities accept credit earned in all dual credit or AP courses taken in high school for college credit. Students and parents should check with the prospective college or university to determine if a particular course will count toward the student’s desired degree plan.

**Communications—Automated**

**Emergency**

The district will rely on contact information on file with the district to communicate with parents in an emergency situation, which may include real-time or automated messages. An emergency purpose may include early dismissal or delayed opening because of severe weather or another emergency, or if the campus must restrict access due to a security threat. It is crucial to notify your child’s school when a phone number previously provided to the district has changed.

[See Safety on page 81 for information regarding contact with parents during an emergency.]

**Nonemergency**

Your child’s school will request that you provide contact information, such as your phone number and e-mail address, for the school to communicate items specific to your child, your child’s school, or the district. If you consent to receive such information through a landline or wireless phone, please ensure that you notify the school’s administration office immediately upon a change in your phone number. The district or school may generate automated or pre-recorded messages, text messages, or real-time phone or e-mail communications that are closely related the school’s mission, so prompt notification of any change in contact information will be crucial to maintain timely communication with you. Standard messaging rates of your phone carrier may apply. If you have specific requests or needs related to how the district contacts you, please contact your child’s principal. [See Safety on page 81 for information regarding contact with parents during an emergency.]

**Complaints and Concerns (All Grade Levels)**

Usually student or parent complaints or concerns can be addressed informally by a phone call or a conference with the teacher or principal. For those complaints and concerns that cannot be handled so easily, the board has adopted a standard complaint policy at FNG(LOCAL) in the district’s policy manual. A copy of this policy and complaint forms may be obtained in the principal’s or superintendent’s office or at the [SMSD district website](#).
Should a parent or student feel a need to file a formal complaint, the parent or student should file a district complaint form within the timelines established in policy FNG(LOCAL). In general, the student or parent should submit the written complaint form to the campus principal. If the concern is not resolved, a request for a conference should be sent to the chief of schools. If the concern is not resolved, a request for a conference should be sent to the superintendent. If still unresolved, the district provides for the complaint to be presented to the board of trustees.

**Conduct (All Grade Levels)**

**Applicability of School Rules**

As required by law, the board has adopted a Student Code of Conduct that prohibits certain behaviors and defines standards of acceptable behavior—both on and off campus as well as on district vehicles—and consequences for violation of these standards. The district has disciplinary authority over a student in accordance with the Student Code of Conduct. Students and parents should be familiar with the standards set out in the Student Code of Conduct, as well as campus and classroom rules. During any periods of instruction during the summer months, the Student Handbook and Student Code of Conduct in place for the year immediately preceding the summer period shall apply, unless the district amends either or both documents for the purposes of summer instruction.

**Campus Behavior Coordinator**

By law, each campus has a campus behavior coordinator to apply discipline management techniques and administer consequences for certain student misconduct, as well as provide a point of contact for student misconduct. The campus behavior coordinator at each district campus is listed below:

- Elementary School – Jeffery Williams
- Intermediate School – Corey Defelice
- Middle School – Michael Kearns
- High School – Silas Garcia

[For more information, see policy FO(LOCAL)]

**Disruptions of School Operations**

Disruptions of school operations are not tolerated and may constitute a misdemeanor offense. As identified by law, disruptions include the following:

- Interference with the movement of people at an exit, entrance, or hallway of a district building without authorization from an administrator.
- Interference with an authorized activity by seizing control of all or part of a building.
- Use of force, violence, or threats in an attempt to prevent participation in an authorized assembly.
- Use of force, violence, or threats to cause disruption during an assembly.
• Interference with the movement of people at an exit or an entrance to district property.

• Use of force, violence, or threats in an attempt to prevent people from entering or leaving district property without authorization from an administrator.

• Disruption of classes or other school activities while on district property or on public property that is within 500 feet of district property. Class disruption includes making loud noises; trying to entice a student away from, or to prevent a student from attending, a required class or activity; and entering a classroom without authorization and disrupting the activity with loud or profane language or any misconduct.

• Interference with the transportation of students in vehicles owned or operated by the district.

**Social Events**

School rules apply to all school social events. Guests attending these events are expected to observe the same rules as students, and a student inviting a guest will share responsibility for the conduct of his or her guest.

A student attending a social event will be asked to sign out when leaving before the end of the event; anyone leaving before the official end of the event will not be readmitted.

Please contact the campus principal if you are interested in serving as a chaperone for any school social events.

**Counseling**

**Academic Counseling**

**Elementary and Middle/Junior High School Grade Levels**

The school counselor is available to students and parents to talk about the importance of postsecondary education and how best to plan for postsecondary education, including appropriate courses to consider and financial aid availability and requirements.

In either grade 7 or 8, each student will receive instruction related to how the student can best prepare for high school, college, and a career.

**High School Grade Levels**

High school students and their parents are encouraged to talk with a school counselor, teacher, or principal to learn more about course offerings, graduation requirements, and early graduation procedures. Each year, high school students will be provided information via the Stafford High School Course Selection Guide, that will outline anticipated course offerings for the next school year and other information that will help them make the most of academic and CTE opportunities, as well as information on the importance of postsecondary education. This guide will also outline the specific graduation requirements.

The school counselor can also provide information about entrance examinations and application deadlines, as well as information about automatic admission, financial aid, housing, and scholarships as these relate to state colleges and universities. Additionally, the school
counselor can provide information about workforce opportunities after graduation or technical and trade school opportunities, including opportunities to earn industry-recognized certificates and licenses.

**Personal Counseling (All Grade Levels)**

The school counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, emotional or mental health issues, or substance abuse. A student who wishes to meet with the school counselor should go to the counselor’s office to schedule an appointment with his/her assigned counselor. As a parent, if you are concerned about your child’s mental or emotional health, please speak with the school counselor for a list of resources that may be of assistance.

[See **Substance Abuse Prevention and Intervention** on page 88, **Suicide Awareness and Mental Health Support** on page 88, and **Child Sexual Abuse and Other Maltreatment of Children and Dating Violence** on page 29.]

**Course Credit (Secondary Grade Levels Only)**

A student in grades 9–12, or in a lower grade when a student is enrolled in a high school credit-bearing course, will earn credit for a course only if the final grade is 70 or above. For a two-semester (1 credit) course, the student’s grades from both semesters will be averaged and credit will be awarded if the combined average is 70 or above. Should the student’s combined average be less than 70, the student will be required to retake the semester in which he or she failed.

**Credit by Examination—If a Student Has Taken the Course/Subject (All Grade Levels)**

A student who has previously taken a course or subject—but did not receive credit or a final grade for it—may, in circumstances determined by the principal or attendance committee, be permitted to earn credit or a final grade by passing an examination approved by the district’s board of trustees on the essential knowledge and skills defined for that course or subject. Prior instruction may include, for example, incomplete coursework due to a failed course or excessive absences, homeschooling, or coursework by a student transferring from a nonaccredited school. The opportunity to take an examination to earn credit for a course or to be awarded a final grade in a subject after the student has had prior instruction is sometimes referred to as “credit recovery.”

If the student is granted approval to take an examination for this purpose, the student must score at least 70 on the examination to receive credit for the course or subject.

The attendance review committee may also offer a student with excessive absences an opportunity to earn credit for a course by passing an examination.

[For further information, see the school counselor and policy EHDB(LOCAL).]
Credit by Examination for Advancement/Acceleration—If a Student Has Not Taken the Course/Subject

A student will be permitted to take an examination to earn credit for an academic course or subject area for which the student has had no prior instruction, i.e., for advancement or to accelerate to the next grade level. The examinations offered by the district are approved by the district’s board of trustees, and state law requires the use of certain examinations, such as College Board Advanced Placement (AP) and College Level Examination Program (CLEP) tests, when applicable. The dates on which examinations are scheduled during the 2018–19 school year will be published in appropriate district publications and on the district’s website. The only exceptions to the published dates will be for any examinations administered by another entity besides the district or if a request is made outside of these time frames by a student experiencing homelessness or by a student involved in the foster care system. When another entity administers an examination, a student and the district must comply with the testing schedule of the other entity. During each testing window provided by the district, a student may attempt a specific examination only once.

If a student plans to take an examination, the student (or parent) must register with the school counselor no later than 30 days prior to the scheduled testing date.

[For further information, see policy EHDC.]

Kindergarten Acceleration

Student placement in first grade (in lieu of Kindergarten) will not be considered until after September 1. Student ability and social maturation will be considered. Placement will require parent, teacher, counselor, and principal conference and agreement.

Students in Grades 1–5

A student in elementary school will be eligible to accelerate to the next grade level if the student scores at least 80 on each examination in the subject areas of language arts, mathematics, science, and social studies, a district administrator recommends that the student be accelerated, and the student’s parent gives written approval of the grade advancement.

Students in Grades 6–12

A student in grade 6 or above will earn course credit with a passing score of at least 80 on the examination, a scaled score of 50 or higher on an examination administered through the CLEP, or a score of 3 or higher on an AP examination, as applicable. A student may take an examination to earn high school course credit no more than twice. If a student fails to achieve the designated score on the applicable exam before the beginning of the school year in which the student would need to enroll in the course according to the school’s high school course sequence, the student must complete the course.

Dating Violence, Discrimination, Harassment, and Retaliation (All Grade Levels)

The district believes that all students learn best in an environment free from dating violence, discrimination, harassment, and retaliation and that their welfare is best served when they are
free from this prohibited conduct while attending school. Students are expected to treat other students and district employees with courtesy and respect, to avoid behaviors known to be offensive, and to stop those behaviors when asked or told to stop. District employees are expected to treat students with courtesy and respect.

The board has established policies and procedures to prohibit and promptly respond to inappropriate and offensive behaviors that are based on a person’s race, color, religion, sex, gender, national origin, disability, age, or any other basis prohibited by law. A copy of the district’s policy is available in the principal’s office and in the superintendent’s office or online at the SMSD district SMSD website [See policy FFH.]

**Dating Violence**

Dating violence occurs when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other person in the relationship. Dating violence also occurs when a person commits these acts against a person in a marriage or dating relationship with the individual who is or was once in a marriage or dating relationship with the person committing the offense. This type of conduct is considered harassment if the conduct is so severe, persistent, or pervasive that it affects the student’s ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student’s academic performance.

Examples of dating violence against a student may include, but are not limited to, physical or sexual assaults; name-calling; put-downs; threats to hurt the student, the student’s family members, or members of the student’s household; destroying property belonging to the student; threats to commit suicide or homicide if the student ends the relationship; threats to harm a student’s current dating partner; attempts to isolate the student from friends and family; stalking; or encouraging others to engage in these behaviors.

**Discrimination**

Discrimination is defined as any conduct directed at a student on the basis of race, color, religion, sex, gender, national origin, disability, age, or any other basis prohibited by law that negatively affects the student.

**Harassment**

Harassment, in general terms, is conduct so severe, persistent, or pervasive that it affects the student’s ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student’s academic performance.

Examples of harassment may include, but are not limited to, offensive or derogatory language directed at a person’s religious beliefs or practices, accent, skin color, or need for accommodation; threatening, intimidating, or humiliating conduct; offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property.
In addition to dating violence as described above, two other types of prohibited harassment are described below.

**Sexual Harassment and Gender-Based Harassment**

Sexual harassment and gender-based harassment of a student by an employee, volunteer, or another student are prohibited.

Examples of sexual harassment may include, but not be limited to, touching private body parts or coercing physical contact that is sexual in nature; sexual advances; jokes or conversations of a sexual nature; and other sexually motivated conduct, communications, or contact.

Sexual harassment of a student by an employee or volunteer does not include necessary or permissible physical contact not reasonably construed as sexual in nature, such as comforting a child with a hug or taking the child’s hand. However, romantic and other inappropriate social relationships, as well as all sexual relationships, between students and district employees are prohibited, even if consensual.

Gender-based harassment includes harassment based on a student’s gender, expression by the student of stereotypical characteristics associated with the student’s gender, or the student’s failure to conform to stereotypical behavior related to gender.

Examples of gender-based harassment directed against a student, regardless of the student’s or the harasser’s actual or perceived sexual orientation or gender identity, may include, but not be limited to, offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; threatening or intimidating conduct; or other kinds of aggressive conduct such as theft or damage to property.

**Retaliation**

Retaliation against a person who makes a good faith report of discrimination or harassment, including dating violence, is prohibited. Retaliation against a person who is participating in an investigation of alleged discrimination or harassment is also prohibited. A person who makes a false claim or offers false statements or refuses to cooperate with a district investigation, however, may be subject to appropriate discipline.

Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

**Reporting Procedures**

Any student who believes that he or she has experienced dating violence, discrimination, harassment, or retaliation should immediately report the problem to a teacher, school counselor, principal, or other district employee. The report may be made by the student’s parent. [See policy FFH(LOCAL) and (EXHIBIT) for other appropriate district officials to whom to make a report.]

Upon receiving a report of prohibited conduct as defined by policy FFH, the district will determine whether the allegations, if proven, would constitute prohibited conduct as defined by that policy. If not, the district will refer to policy FFI to determine if the allegations, if proven,
would constitute bullying, as defined by law and that policy. If the alleged prohibited conduct, if proven, would constitute prohibited conduct and would also be considered bullying as defined by law and policy FFI, an investigation of bullying will also be conducted.

The district will promptly notify the parent of any student alleged to have experienced prohibited conduct involving an adult associated with the district. In the event alleged prohibited conduct involves another student, the district will notify the parent of the student alleged to have experienced the prohibited conduct when the allegations, if proven, would constitute a violation as defined by policy FFH.

**Investigation of Report**

To the extent possible, the district will respect the privacy of the student; however, limited disclosures may be necessary to conduct a thorough investigation and to comply with law. Allegations of prohibited conduct, which includes dating violence, discrimination, harassment, and retaliation, will be promptly investigated.

If a law enforcement or other regulatory agency notifies the district that it is investigating the matter and requests that the district delay its investigation, the district will resume the investigation at the conclusion of the agency’s investigation.

During the course of an investigation and when appropriate, the district will take interim action to address the alleged prohibited conduct.

If the district’s investigation indicates that prohibited conduct occurred, appropriate disciplinary action, and, in some cases, corrective action, will be taken to address the conduct. The district may take disciplinary and corrective action even if the conduct that is the subject of the complaint was not unlawful.

All involved parties will be notified of the outcome of the district investigation within the parameters and limits allowed under the Family Educational Rights and Privacy Act (FERPA).

A student or parent who is dissatisfied with the outcome of the investigation may appeal in accordance with policy FNG(LOCAL).

**Discrimination**

[See Dating Violence, Discrimination, Harassment, and Retaliation on page 38.]

**Distance Learning**

**All Grade Levels**

Distance learning and correspondence courses include courses that encompass the state-required essential knowledge and skills but are taught through multiple technologies and alternative methodologies such as mail, satellite, Internet, video-conferencing, and instructional television.

The distance learning opportunities that the district makes available to district students are Edmentum, Texas Connections, and K-12 Online.
If a student wishes to enroll in a correspondence course or a distance learning course that is not provided through the Texas Virtual School Network (TXVSN), as described below, to earn credit in a course or subject, the student must receive permission from the principal prior to enrolling in the course or subject. If the student does not receive prior approval, the district may not recognize and apply the course or subject toward graduation requirements or subject mastery.

**Texas Virtual School Network (TXVSN) (Secondary Grade Levels)**

The Texas Virtual School Network (TXVSN) has been established by the state as one method of distance learning. A student has the option, with certain limitations, to enroll in a course offered through the TXVSN to earn course credit for graduation.

Depending on the TXVSN course in which a student enrolls, the course may be subject to the “no pass, no play” rules. [See Extracurricular Activities, Clubs, and Organizations on page 52.]

In addition, for a student who enrolls in a TXVSN course for which an end-of-course (EOC) assessment is required, the student must still take the corresponding EOC assessment.

If you have questions or wish to make a request that your child be enrolled in a TXVSN course, please contact the school counselor. Unless an exception is made by the principal, a student will not be allowed to enroll in a TXVSN course if the school offers the same or a similar course.

A copy of policy EHDE will be distributed to parents of middle and high school students at least once each year. If you do not receive a copy or have questions about this policy, please contact the school counselor.

**Distribution of Literature, Published Materials, or Other Documents (All Grade Levels)**

**School Materials**

Publications prepared by and for the school may be posted or distributed, with the prior approval of the principal, sponsor, or teacher. Such items may include school posters, brochures, flyers, etc.

The school yearbook, *Laconia*, is available for purchase to students, each year.

All school publications are under the supervision of a teacher, sponsor, and the principal.

**Non-school Materials**

**From Students**

Students must obtain prior approval from the principal before selling, posting, circulating, or distributing more than ten copies of written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials that were not developed under the oversight of the school. To be considered, any non-school material must include the name of the sponsoring person or organization. The decision regarding approval will be made within two school days.

The principal has designated an area in the main office as the location for approved non-school materials to be placed for voluntary viewing or collection by students. [See policy FNAA.]
A student may appeal a decision in accordance with policy FNG(LOCAL). Any student who sells, posts, circulates, or distributes non-school material without prior approval will be subject to disciplinary action in accordance with the Student Code of Conduct. Materials displayed without approval will be removed.

[See FNG(LOCAL) for student complaint procedures.]

**From Others**

Written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials not sponsored by the district or by a district-affiliated school-support organization will not be sold, circulated, distributed, or posted on any district premises by any district employee or by persons or groups not associated with the district, except as permitted by policy GKDA. To be considered for distribution, any non-school material must meet the limitations on content established in the policy, include the name of the sponsoring person or organization, and be submitted to superintendent for prior review. The superintendent (or designee) will approve or reject the materials within two school days of the time the materials are received. The requestor may appeal a rejection in accordance with the appropriate district complaint policy. [See policies at DGBA or GF.]

The Superintendent has designated the district reception area as the location for approved non-school materials to be placed for voluntary viewing or collection.

Prior review will not be required for:

- Distribution of materials by an attendee to other attendees of a school-sponsored meeting intended for adults and held after school hours.
- Distribution of materials by an attendee to other attendees of a community group meeting held after school hours in accordance with policy GKD(LOCAL) or a noncurricular-related student group meeting held in accordance with FNAB(LOCAL).
- Distribution for electioneering purposes during the time a school facility is being used as a polling place, in accordance with state law.

All non-school materials distributed under these circumstances must be removed from district property immediately following the event at which the materials are distributed.

**Dress and Grooming (All Grade Levels)**

The district’s dress code is established to teach grooming and hygiene, prevent disruption, and minimize safety hazards. Students and parents may determine a student’s personal dress and grooming standards, provided that they comply with the following:

- Students shall be dressed and groomed in a manner that is clean and neat and that will not be a health or safety hazard to themselves or others.
- The District prohibits any clothing or grooming that in the principal’s judgment may reasonably be expected to cause disruption of or interference with normal school operations.
• The District prohibits trench coats at all campuses as well as pictures, emblems, or writings on clothing that:
  
  Are lewd, offensive, vulgar, or obscene.
  
  Advertise or depict tobacco products, alcoholic beverages, drugs, or any other substance prohibited under FNCF (LEGAL).

If the principal determines that a student’s grooming or clothing violates the school’s dress code, the student will be given an opportunity to correct the problem at school. If not corrected, the student may be assigned to in-school suspension for the remainder of the day, until the problem is corrected, or until a parent or designee brings an acceptable change of clothing to the school. Repeated offenses may result in more serious disciplinary action in accordance with the Student Code of Conduct.

This includes pajama jeans, tight-fitted jegging pants, tights, yoga pants, baggy cotton sweatpants or jogging pants, baggy shorts, baggy jeans or pants, and baggy sweaters. Students wearing sagging pants will be given a cinch tie for the pants. Pajamas, tops and bottoms, cannot be worn to school or school activities at any time.

Square cut, button-down shirts may be worn outside the trousers. Shirts that are too short to be properly tucked in or to stay tucked in when one is sitting, reaching, or bending are not acceptable.

Tank tops, sleeveless shirts and sleeveless jerseys with no undershirt are not allowed.

Blouses that are so short to expose the waist are inappropriate. Ladies blouses made to be worn outside the pants or shorts cannot be longer than thumb length when standing up straight. If a question arises as to whether the blouse is made to be worn outside or to be tucked in, it must be tucked in. See-through blouses/shirts and skirts must be worn with the appropriate undergarments.

When there is a discrepancy as to whether the garment is a shirt, blouse, or sweater it is a shirt and all guidelines pertaining to shirts are to be followed.

Fitted sweat tops, sweaters, and sweater vests made to be worn outside the pants or shorts may be worn if they are over a T-shirt.

Hats, caps and other head coverings and non-prescription glasses are not to be worn in the building. Bandannas are not to be worn or displayed on school property.

Coats, jackets, and windbreakers may be worn to school or school-related activities provided they do not extend past the mid-thigh.

All students will wear shoes for safety and health reasons. All footwear will be properly tied, buckled, or appropriately secured. House shoes and slippers are strictly prohibited.

No chains including key straps of any length will be worn on or outside of clothing. No collars or wristbands with spikes will be allowed.

Hairstyles and makeup must be socially acceptable and not distracting to the educational environment. Hair must be neat, clean, well- groomed, and generally kept in moderation. Rake type combs may not be worn in hair; metal rake type combs are prohibited on campus. Outrageous hair colors and styles are not allowed (i.e., neon colors, hair mascara).

Exposed tattoos or intentional pen or pencil marks on arms, hands, legs, face, etc. are inappropriate for school and must be covered always (must be covered with Band-Aids, gloves, or other appropriate materials).

Body piercing is limited to two per ear lobe. No other visible body piercing is allowed, including tongue piercing. Students that have ear piercings less than four weeks old are permitted to wear safety sustainer to prevent closure. All earrings shall be appropriate for the school setting; large earrings that pose a safety hazard, earrings expressing indecency or gang affiliation are prohibited.
Backpacks are allowed in the classroom. Teachers may require students to store them in a designated area in the classroom. Athletic bags are not allowed in academic areas.

Electronic Devices and Technology Resources (All Grade Levels)

**Possession and Use of Personal Telecommunications Devices, Including Mobile Telephones**

For safety purposes, the district permits students to possess personal mobile telephones; however, these devices must remain turned off during the instructional day, including during all testing, unless they are being used for approved instructional purposes. A student must have approval to possess other telecommunications devices such as netbooks, laptops, tablets, or other portable computers.

The use of mobile telephones or any device capable of capturing images is strictly prohibited in locker rooms or restroom areas while at school or at a school-related or school-sponsored event.

If a student uses a telecommunications device without authorization during the school day, the device will be confiscated. The parent may pick up the confiscated telecommunications device from the principal’s office for a fee of $15.

Confiscated telecommunications devices that are not retrieved by the student or the student’s parent will be disposed of after the notice required by law. [See policy FNCE.]

In limited circumstances and in accordance with law, a student’s personal telecommunications device may be searched by authorized personnel. [See Searches on page 86 and policy FNF.]

Any disciplinary action will be in accordance with the Student Code of Conduct. The district is not responsible for damaged, lost, or stolen telecommunications devices.

**Possession and Use of Other Personal Electronic Devices**

Except as described below, students are not permitted to possess or use personal electronic devices such as MP3 players, video or audio recorders, DVD players, cameras, games, e-readers, or other electronic devices at school, unless prior permission has been obtained. Without such permission, teachers will collect the items and turn them in to the principal’s office. The principal will determine whether to return items to students at the end of the day or to contact parents to pick up the items.

In limited circumstances and in accordance with law, a student’s personal electronic device may be searched by authorized personnel. [See Searches on page 86 and policy FNF.]

Any disciplinary action will be in accordance with the Student Code of Conduct. The district is not responsible for any damaged, lost, or stolen electronic device.
Instructional Use of Personal Telecommunications and Other Electronic Devices

In some cases, students may find it beneficial or might be encouraged to use personal telecommunications or other personal electronic devices for instructional purposes while on campus. Students must obtain prior approval before using personal telecommunications or other personal electronic devices for instructional use. Students must also sign a user agreement that contains applicable rules for use (separate from this handbook). When students are not using the devices for approved instructional purposes, all devices must be turned off during the instructional day. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

Acceptable Use of District Technology Resources

District-owned technology resources for instructional purposes may be issued to individual students. Use of these technological resources, which include the district’s network systems and use of district equipment, is restricted to approved purposes only. Students and parents will be asked to sign a user agreement (separate from this handbook) regarding use of these district resources. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

Unacceptable and Inappropriate Use of Technology Resources

Students are prohibited from possessing, sending, forwarding, posting, accessing, or displaying electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another’s reputation, or illegal. This prohibition also applies to conduct off school property, whether the equipment used to send such messages is district-owned or personally owned, if it results in a substantial disruption to the educational environment.

Any person taking, disseminating, transferring, possessing, or sharing obscene, sexually oriented, lewd, or otherwise illegal images or other content, commonly referred to as “sexting,” will be disciplined according to the Student Code of Conduct, may be required to complete an educational program related to the dangers of this type of behavior, and, in certain circumstances, may be reported to law enforcement. Because engaging in this type of behavior can lead to bullying or harassment, as well as possibly impede future endeavors of a student, we encourage you to review with your child 'Before You Text' Sexting Prevention Course, a state-developed program that addresses the consequences of engaging in inappropriate behavior using technology.

In addition, any student who engages in conduct that results in a breach of the district’s computer security will be disciplined in accordance with the Student Code of Conduct, and, in some cases, the consequence may rise to the level of expulsion.

End-of-Course (EOC) Assessments

[See Graduation on page 55 and Standardized Testing on page 86.]
**English Language Learners (All Grade Levels)**

A student who is an English language learner is entitled to receive specialized services from the district. To determine whether the student qualifies for services, a Language Proficiency Assessment Committee (LPAC) will be formed, which will consist of both district personnel and at least one parent representative. The student’s parent must consent to any services recommended by the LPAC for an English language learner. However, pending the receipt of parental consent or denial of services, an eligible student will receive the services to which the student is entitled and eligible.

To determine a student’s level of proficiency in English, the LPAC will use information from a variety of assessments. If the student qualifies for services, and once a level of proficiency has been established, the LPAC will then designate instructional accommodations or additional special programs that the student will require to eventually become proficient at grade level work in English. Ongoing assessments will be conducted to determine a student’s continued eligibility for the program.

The LPAC will also determine whether certain accommodations are necessary for any state-mandated assessments. The STAAR Spanish, as mentioned at Standardized Testing on page 86, may be administered to an English language learner for a student up to grade 5. In limited circumstances, a student’s LPAC may exempt the student from an otherwise required state-mandated assessment or may waive certain graduation requirements related to the English I end-of-course (EOC) assessment. The Texas English Language Proficiency Assessment System (TELPAS) will also be administered to English language learners who qualify for services.

If a student is considered an English language learner and receives special education services because of a qualifying disability, the student’s ARD committee will make instructional and assessment decisions in conjunction with the LPAC.

**Extracurricular Activities, Clubs, and Organizations (All Grade Levels)**

Participation in school-sponsored activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships with other students; participation, however, is a privilege, not a right.

Participation in some of these activities may result in events that occur off-campus. When the district arranges transportation for these events, students are required to use the transportation provided by the district to and from the events. Exceptions to this may only be made with the approval of the activity’s coach or sponsor. [See Transportation on page 89.]

Eligibility for initial and continuing participation in many of these activities is governed by state law and the rules of the University Interscholastic League (UIL)—a statewide association overseeing interdistrict competition. If a student is involved in an academic, athletic, or music activity governed by UIL, the student and parent are expected to know and follow all rules of the UIL organization. Students involved in UIL athletic activities and their parents can access the UIL Parent Information Manual at UIL Parent Information Manual; a hard copy can be provided by the coach or sponsor of the activity on request. To report a complaint of alleged noncompliance with required safety training or an alleged violation of safety rules required by
law and the UIL, please contact the curriculum division of TEA at (512) 463-9581 or curriculum@tea.texas.gov.

[See UIL Texas for additional information on all UIL-governed activities.]

Student safety in extracurricular activities is a priority of the district. The equipment used in football is no exception. As a parent, you are entitled to review the district’s records regarding the age of each football helmet used by the campus, including when a helmet has been reconditioned.

In addition, the following provisions apply to all extracurricular activities:

- A student who, at the end of a grading period, receives a grade below 70 in any academic class—other than an Advanced Placement (AP); or an honors (Pre-AP) or dual credit course in English language arts, mathematics, science, social studies, economics, or language other than English—may not participate in extracurricular activities for at least three school weeks.

- A student who receives special education services and who fails to meet the standards in the individualized education program (IEP) may not participate for at least three school weeks.

- An ineligible student may practice or rehearse but may not participate in any competitive activity.

- A student is allowed in a school year up to ten absences not related to post-district competition, a maximum of seven absences for post-district competition prior to state, and a maximum of five absences for state competition. All extracurricular activities and public performances, whether UIL activities or other activities approved by the board, are subject to these restrictions.

- An absence for participation in an activity that has not been approved will receive an unexcused absence.

**Standards of Behavior**

Sponsors of student clubs and performing groups such as the band, choir, and drill and athletic teams may establish standards of behavior—including consequences for misbehavior—that are stricter than those for students in general. If a violation is also a violation of school rules, the consequences specified by the Student Code of Conduct or by board policy will apply in addition to any consequences specified by the organization’s standards of behavior.

**Offices and Elections**

Certain clubs, organizations, and performing groups will hold elections for student officers. These groups include: Art Club; Drama Club; Distributive Education Club of America (DECA); Fellowship of Christian Athletes (FCA); Future Farmers of America (FFA); Geography Club; Health Occupations Students of America (HOSA); National Honor Society; National Junior Honor Society; Robotics Club; Science Club; Science National Honor Society; Spanish Club; Spanish Honor Society; and Student Council.
Fees (All Grade Levels)

Materials that are part of the basic educational program are provided with state and local funds at no charge to a student. A student, however, is expected to provide his or her own pencils, paper, erasers, and notebooks and may be required to pay certain other fees or deposits, including:

- Costs for materials for a class project that the student will keep.
- Membership dues in voluntary clubs or student organizations and admission fees to extracurricular activities.
- Security deposits.
- Personal physical education and athletic equipment and apparel.
- Voluntarily purchased pictures, publications, class rings, yearbooks, graduation announcements, etc.
- Voluntarily purchased student health and accident insurance.
- Musical instrument rental and uniform maintenance, when uniforms are provided by the district.
- Personal apparel used in extracurricular activities that becomes the property of the student.
- Parking fees and student identification cards.
- Fees for lost, damaged, or overdue library books.
- Fees for driver training courses, if offered.
- Fees for optional courses offered for credit that require use of facilities not available on district premises.
- Summer school for courses that are offered tuition-free during the regular school year.
- A fee not to exceed $50 for costs of providing an educational program outside of regular school hours for a student who has lost credit or has not been awarded a final grade because of absences and whose parent chooses the program for the student to meet the 90 percent attendance requirement. The fee will be charged only if the parent or guardian signs a district-provided request form.
- In some cases, a fee for a course taken through the Texas Virtual School Network (TXVSN).

Any required fee or deposit may be waived if the student and parent are unable to pay. Application for such a waiver may be made to the principal. [For further information, see policy FP.]
**Fundraising (All Grade Levels)**

Student groups or classes and/or parent groups may be permitted to conduct fundraising drives for approved school purposes in accordance with administrative regulations. [For further information, see policies FJ and GE.]

**Gang-Free Zones (All Grade Levels)**

Certain criminal offenses, including those involving organized criminal activity such as gang-related crimes, will be enhanced to the next highest category of offense if they are committed in a gang-free zone. For purposes of the district, a gang-free zone includes a school bus and a location in, on, or within 1,000 feet of any district-owned or leased property or campus playground.

**Gender-Based Harassment**

[See Dating Violence, Discrimination, Harassment, and Retaliation on page 38.]

**Grade-Level Classification (Grades 9–12 Only)**

After the ninth grade, students are classified according to the number of credits earned toward graduation.

<table>

**Grading Guidelines (All Grade Levels)**

Grading guidelines for each grade level or course will be communicated and distributed to students and their parents by the classroom teacher. These guidelines have been reviewed by each applicable curriculum department and have been approved by the campus principal. These guidelines establish the minimum number of assignments, projects, and examinations required for each grading period. In addition, these guidelines establish how the student’s mastery of concepts and achievement will be communicated (i.e., letter grades, numerical averages, checklist of required skills, etc.). Grading guidelines also outline in what circumstances a student will be allowed to redo an assignment or retake an examination for which the student originally made a failing grade. Procedures for a student to follow after an absence will also be addressed.

[See Report Cards/Progress Reports and Conferences on page 80 for additional information on grading guidelines.]
Graduation (Secondary Grade Levels Only)

Requirements for a Diploma Beginning with the 2014–15 School Year

Beginning with students who entered grade 9 in the 2014–15 school year, a student must meet the following requirements to receive a high school diploma from the district:

• Complete the required number of credits established by the state and any additional credits required by the district;

• Complete any locally required courses in addition to the courses mandated by the state;

• Achieve passing scores on certain end-of-course (EOC) assessments or approved substitute assessments, unless specifically waived as permitted by state law; and

• Demonstrate proficiency, as determined by the district, in the specific communication skills required by the State Board of Education (SBOE).

Testing Requirements for Graduation

Students are required, with limited exceptions and regardless of graduation program, to perform satisfactorily on the following EOC assessments: English I, English II, Algebra I, Biology, and U.S. History. A student who has not achieved sufficient scores on the EOC assessments to graduate will have opportunities to retake the assessments. State law and state rules also provide for certain scores on norm-referenced national standardized assessments or on the state-developed assessment used for entrance into Texas public universities to substitute for the requirement to meet satisfactory performance on an applicable EOC assessment, should a student choose this option. [See the school counselor for more information on the state testing requirements for graduation.]

If a student fails to perform satisfactorily on an EOC assessment, the district will provide remediation to the student in the content area for which the performance standard was not met. This may require participation of the student before or after normal school hours or at times of the year outside normal school operations.

In limited circumstances, a student who fails to demonstrate proficiency on two or fewer of the required assessments may still be eligible to graduate if an individual graduation committee, formed in accordance with state law, unanimously determines that the student is eligible to graduate.

[See Standardized Testing on page 88 for more information.]

Foundation Graduation Program

Every student in a Texas public school who entered grade 9 in the 2014–15 school year and thereafter will graduate under the “foundation graduation program.” Within the foundation graduation program are “endorsements,” which are paths of interest that include Science, Technology, Engineering, and Mathematics (STEM); Business and Industry; Public Services; Arts and Humanities; and Multidisciplinary Studies. Endorsements earned by a student will be noted on the student’s transcript. The foundation graduation program also involves the term “distinguished level of achievement,” which reflects the completion of at least one
endorsement and Algebra II as one of the required advanced mathematics credits. Earning the “distinguished level of achievement” designation allow one to compete for top ten percent automatic admissions eligibility at a Texas public university. For more information as to what is required for this designation, see the Stafford High School Course Selection Guide, available in the counseling center. A Personal Graduation Plan will be completed for each high school student, as described on page 5858.

State law and rules prohibit a student from graduating solely under the foundation graduation program without an endorsement unless, after the student’s sophomore year, the student and student’s parent are advised of the specific benefits of graduating with an endorsement and submit written permission to the school counselor for the student to graduate without an endorsement. A student who anticipates graduating under the foundation graduation program without an endorsement and who wishes to attend a four-year university or college after graduation must carefully consider whether this will satisfy the admission requirements of the student’s desired college or university.

Graduating under the foundation graduation program will also provide opportunities to earn “performance acknowledgments” that will be acknowledged on a student’s transcript. Performance acknowledgments are available for outstanding performance in bilingualism and biliteracy, in a dual credit course, on an AP or IB examination, on certain national college preparatory and readiness or college entrance examinations, or for earning a state recognized or nationally or internationally recognized license or certificate. The criteria for earning these performance acknowledgments are prescribed by state rules, and the school counselor can provide more information about these acknowledgments.

Credits Required

The foundation graduation program requires completion of the following credits:

Additional considerations apply in some course areas, including:

- **Mathematics.** To obtain the distinguished level of achievement under the foundation graduation program, which will be included on a student’s transcript and is a requirement to be considered for automatic admission to a Texas four-year college or university, a student must complete an endorsement and take Algebra II as one of the 4 mathematics credits.

- **Physical education.** A student who is unable to participate in physical activity due to a disability or illness may be able to substitute a course in English language arts, mathematics, science, social studies, or another locally determined credit-bearing course for the required credit of physical education. This determination will be made by the student’s ARD committee, Section 504 committee, or other campus committee, as applicable.

- **Language other than English.** Students are required to earn 2 credits in the same language other than English to graduate. Any student may substitute computer programming languages for these credits. In limited circumstances, a student may be able to substitute this requirement with other courses, as determined by a district committee authorized by law to make these decisions for the student.

### Available Endorsements

A student must specify upon entering grade 9 the endorsement he or she wishes to pursue.

- Science, technology, engineering, and mathematics
- Business and industry
- Public services
- Arts and humanities
- Multidisciplinary studies

### Personal Graduation Plans

A personal graduation plan will be developed for each high school student. The district encourages all students to pursue a personal graduation plan that includes the completion of at least one endorsement and to graduate with the distinguished level of achievement. Attainment of the distinguished level of achievement entitles a student to be considered for automatic admission to a public four-year college or university in Texas, depending on his or her rank in class. The school will review personal graduation plan options with each student entering grade 9 and his or her parent. Before the end of grade 9, a student and his or her parent will be required to sign off on a personal graduation plan that includes a course of study that promotes college and workforce readiness and career placement and advancement, as well as facilitates the transition from secondary to postsecondary education. The student’s personal graduation plan will denote an appropriate course sequence based on the student’s choice of endorsement.
Please also review TEA’s Graduation Toolkit.

A student may, with parental permission, amend his or her personal graduation plan after the initial confirmation.

**Available Course Options for All Graduation Programs**

Information regarding specific courses required or offered in each curriculum area will be distributed to students each spring to enroll in courses for the upcoming school year.

**Note:** The district may require the completion of certain courses for graduation even if these courses are not required by the state for graduation.

Please be aware that not all courses are offered at every secondary campus in the district. A student who wants to take a course not offered at his or her regular campus should contact the school counselor about a transfer or other alternatives. If the parents of at least 22 students request a transfer for those students to take a course in the required curriculum other than fine arts or career and technical education (CTE), the district will offer the course for the following year either by teleconference or at the school from which the transfers were requested.

**Stafford Scholars Recognition Program**

The District shall offer the Stafford Scholars Recognition Program, which shall require a total of 28 credits as set out in the student handbook. In addition to the required number of credits, the program requires that the student be a graduating senior who has earned:

1. 15 hours of approved college credit through dual credit courses; or credit for 3 AP courses with a passing AP test score of 3 or higher; or a combination of the two that would equate to 12 hours of college credit;
2. A minimum of 100 community service learning hours beginning with the freshman year; and
3. An exceptional attendance record of at least 98 percent and a behavioral record with no placement in a DAEP or JJAEP.

**Certificates of Coursework Completion**

A certificate of coursework completion will not be issued to a student who has successfully completed state and local credit requirements for graduation but has not yet demonstrated satisfactory performance on the state-mandated tests required for graduation.

**Students with Disabilities**

Upon the recommendation of the admission, review, and dismissal (ARD) committee, a student with a disability who receives special education services may be permitted to graduate under the provisions of his or her individualized education program (IEP) and in accordance with state rules.

A student who receives special education services and has completed four years of high school, but has not met the requirements of his or her IEP, may participate in graduation ceremonies and receive a certificate of attendance. Even if the student participates in graduation
ceremonies to receive the certificate of attendance, he or she may remain enrolled to complete the IEP and earn his or her high school diploma; however, the student will only be allowed to participate in one graduation ceremony.

[See policy FMH(LEGAL).]

ARD committees for students with disabilities who receive special education services will make instructional and assessment decisions for these students in accordance with state law and rules. To earn an endorsement under the foundation program, a student must perform satisfactorily on the end of course (EOC) assessments and receive no modified curriculum in the student’s chosen endorsement area. A student may still be awarded an endorsement when the student fails to perform satisfactorily on no more than two EOC assessments but meets the other requirements for graduation under state law.

**Graduation Activities**

The district has the right to limit a student’s participation in graduation activities (also known as senior activities) for violating the district’s Code. Senior activities include things such as: prom, senior trip, and graduation. The principal will make the final determination for student/parent participation in all activities.

Participation in graduation might include a speaking role, as established by district policy and procedures.

Students eligible to give the opening and closing remarks at graduation shall be notified by the campus principal. Notwithstanding any other eligibility requirements, in order to be considered as an eligible student to give the opening or closing remarks, a student shall not have engaged in any misconduct in violation of the district’s Code, resulting in an out-of-school suspension, removal to a DAEP, or expulsion during the semester immediately preceding graduation.

The valedictorian and salutatorian may also have speaking roles at graduation. No student shall be eligible to have such a speaking role if he or she engaged in any misconduct in violation of the district’s Code resulting in an out-of-school suspension, removal to a DAEP, or expulsion during the semester immediately preceding graduation.

**Graduation Speakers**

Certain graduating students will be given an opportunity to have speaking roles at graduation ceremonies.

A student must meet local eligibility criteria, which may include requirements related to student conduct, to have a speaking role. Students eligible for speaking roles will be notified by the principal and given an opportunity to volunteer.

[See FNA(LOCAL) and the Student Code of Conduct. For student speakers at other school events, see Student Speakers on page 89.]

**Graduation Expenses**

Because students and parents will incur expenses to participate in the traditions of graduation—such as the purchase of invitations, senior ring, cap and gown, and senior
picture—both the student and parent should monitor progress toward completion of all requirements for graduation. The expenses often are incurred in the junior year or first semester of the senior year. [See Fees on page 53.]

**Scholarships and Grants**

Students who have a financial need according to federal criteria and who complete the foundation graduation program, may be eligible under the TEXAS Grant Program and the Teach for Texas Grant Program for tuition and fees to Texas public universities, community colleges, and technical schools, as well as to private institutions.

Contact the school counselor for information about other scholarships and grants available to students.

**Harassment**

[See Dating Violence, Discrimination, Harassment, and Retaliation on page 38.]

**Hazing (All Grade Levels)**

Hazing is defined as any intentional, knowing, or reckless act occurring on or off campus directed against a student that endangers the mental or physical health or the safety of a student for the purpose of pledging, being initiated to, affiliating with, holding office in, or maintaining membership in any organization whose members are or include other students. Examples include:

- Any type of physical brutality;
- Any type of physical activity that subjects the student to an unreasonable risk of physical or mental harm, such as sleep deprivation, exposure to the elements, confinement to small spaces, or calisthenics;
- Any activity involving consumption of food, liquids, drugs, or other substances that subjects the student to unreasonable risk of physical or mental harm;
- Any activity that adversely affects the mental health or dignity of the student, such as ostracism, shame, or humiliation; and
- Any activity that induces, causes, or requires the student to violate the Penal Code.

Hazing will not be tolerated by the district. If an incident of hazing occurs, disciplinary consequences will be handled in accordance with the Student Code of Conduct. It is a criminal offense if a person engages in hazing; solicits, encourages, directs, aids, or attempts to aid another in hazing; or has firsthand knowledge of an incident of hazing being planned or having occurred and fails to report this to the principal or superintendent.

[See Bullying on page 26 and policies FFI and FNCC.]
Health-Related Matters

**Student Illness (All Grade Levels)**

When your child is ill, please contact the school to let us know he or she will not be attending that day. It is important to remember that schools are required to exclude students with certain illnesses from school for periods of time as identified in state rules. For example, if your child has a fever over 100 degrees, he or she must stay out of school until fever-free for 24 hours without fever-reducing medications. In addition, students with diarrhea illnesses must stay home until they are diarrhea-free without diarrhea-suppressing medications for at least 24 hours. A full list of conditions for which the school must exclude children can be obtained from the school nurse.

If a student becomes ill during the school day, he or she must receive permission from the teacher before reporting to the school nurse. If the nurse determines that the child should go home, the nurse will contact the parent.

The district is also required to report certain contagious (communicable) diseases or illnesses to the Texas Department of State Health Services (TDSHS) or our local/regional health authority. The school nurse can provide information from TDSHS on these notifiable conditions.

Contact the school nurse if you have questions or if you are concerned about whether or not your child should stay home.

**Bacterial Meningitis (All Grade Levels)**

State law requires the district to provide information about bacterial meningitis:

**What is meningitis?**

Meningitis is an inflammation of the covering of the brain and spinal cord. It can be caused by viruses, parasites, fungi, and bacteria. Viral meningitis is common and most people recover fully. Parasitic and fungal meningitis are very rare. Bacterial meningitis is very serious and may involve complicated medical, surgical, pharmaceutical, and life support management.

**What are the symptoms?**

Someone with meningitis will become very ill. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Not everyone with meningitis will have the same symptoms.

Children (over 2 years old) and adults with bacterial meningitis commonly have a severe headache, high fever, and neck stiffness. Other symptoms might include nausea, vomiting, discomfort looking into bright lights, confusion, and sleepiness. In both children and adults, there may be a rash of tiny, red-purple spots. These can occur anywhere on the body.

The diagnosis of bacterial meningitis is based on a combination of symptoms and laboratory results.
**How serious is bacterial meningitis?**

If it is diagnosed early and treated promptly, the majority of people make a complete recovery. In some cases it can be fatal or a person may be left with a permanent disability.

**How is bacterial meningitis spread?**

Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or the flu, and they are not spread by casual contact or by simply breathing the air where a person with meningitis has been. They are spread when people exchange respiratory or throat secretions (such as by kissing, coughing, or sneezing).

The germ does not cause meningitis in most people. Instead, most people become carriers of the germ for days, weeks, or even months. The bacteria rarely overcome the body’s immune system and cause meningitis or another serious illness.

**How can bacterial meningitis be prevented?**

Maintaining healthy habits, like getting plenty of rest, can help prevent infection. Using good health practices such as covering your mouth and nose when coughing and sneezing and washing your hands frequently with soap and water can also help stop the spread of the bacteria. It’s a good idea not to share food, drinks, utensils, toothbrushes, or cigarettes. Limit the number of persons you kiss.

There are vaccines available to offer protection from some of the bacteria that can cause bacterial meningitis. The vaccines are safe and effective (85–90 percent). They can cause mild side effects, such as redness and pain at the injection site lasting up to two days. Immunity develops within seven to ten days after the vaccine is given and lasts for up to five years.

**What should you do if you think you or a friend might have bacterial meningitis?**

You should seek prompt medical attention.

**Where can you get more information?**

Your school nurse, family doctor, and the staff at your local or regional health department office are excellent sources for information on all communicable diseases. You may also call your local health department or Regional Department of State Health Services office to ask about a meningococcal vaccine. Additional information may also be found at the websites for the [Centers for Disease Control and Prevention](https://www.cdc.gov), particularly the CDC’s information on [bacterial meningitis](https://www.cdc.gov/), and the [Texas Department of State Health Services](https://www.dshs.texas.gov).

**Note:** DSHS requires at least one meningococcal vaccination on or after the student’s 11th birthday, unless the student received the vaccine at age 10. Also note that entering college students must show, with limited exception, evidence of receiving a bacterial meningitis vaccination within the five-year period prior to enrolling in and taking courses at an institution of higher education. Please see the school nurse for more information, as this may affect a student who wishes to enroll in a dual credit course taken off campus.

[See Immunization on page 67 for more information.]
**Food Allergies (All Grade Levels)**

The district requests to be notified when a student has been diagnosed with a food allergy, especially those allergies that could result in dangerous or possibly life-threatening reactions either by inhalation, ingestion, or skin contact with the particular food. It is important to disclose the food to which the student is allergic, as well as the nature of the allergic reaction. Please contact the school nurse or campus principal if your child has a known food allergy or as soon as possible after any diagnosis of a food allergy.

The district has developed and annually reviews a food allergy management plan, which addresses employee training, dealing with common food allergens, and specific strategies for dealing with students diagnosed with severe food allergies. When the district receives information that a student has a food allergy that puts the student at risk for anaphylaxis, individual care plans will be developed to assist the student in safely accessing the school environment. The district’s food allergy management plan can be accessed at [www.staffordmsd.org](http://www.staffordmsd.org). Please contact the Director of Child Nutrition for additional information.

[See policy FFAF and Celebrations on page 29.]

**Head Lice (All Grade Levels)**

Head lice, although not an illness or a disease, is very common among children and is spread very easily through head-to-head contact during play, sports, or nap time, and when children share things like brushes, combs, hats, and headphones. If careful observation indicates that a student has head lice, the school nurse will contact the student’s parent to determine whether the student will need to be picked up from school and to discuss a plan for treatment with an FDA-approved medicated shampoo or cream rinse that may be purchased from any drug or grocery store. After the student has undergone one treatment, the parent should check in with the school nurse to discuss the treatment used. The nurse can also offer additional recommendations, including subsequent treatments and how best to get rid of lice and prevent their return.

Notice will also be provided to parents of elementary school students in the affected classroom. More information on head lice can be obtained from the DSHS website [Managing Head Lice](http://managingheadlice.com). [See policy FFAA.]

**Physical Activity Requirements**

**Elementary School**

In accordance with policies at EHAB, EHAC, EHBG, and FFA, the district will ensure that students in full-day prekindergarten–grade 5 engage in moderate or vigorous physical activity for at least 30 minutes per day or 135 minutes per week.

For additional information on the district’s requirements and programs regarding elementary school student physical activity requirements, please see the principal.
Junior High/Middle School
In accordance with policies at EHAB, EHAC, EHBG, and FFA, the district will ensure that students in middle or junior high school will engage in 30 minutes of moderate or vigorous physical activity per day for at least four semesters.

For additional information on the district’s requirements and programs regarding junior high and middle school student physical activity requirements, please see the principal.

School Health Advisory Council (SHAC) (All Grade Levels)
During the preceding school year, the district’s School Health Advisory Council (SHAC) held two meetings. Additional information regarding the district’s SHAC is available from the Director of Child Nutrition.

The duties of the SHAC range from recommending curriculum to developing strategies for integrating curriculum into a coordinated school health program encompassing issues such as school health services, counseling services, a safe and healthy school environment, recess recommendations, improving student fitness, mental health concerns, and employee wellness.

[See policies at BDF and EHAA. See Human Sexuality Instruction on page 9 for additional information.]

Student Wellness Policy/Wellness Plan (All Grade Levels)
SMSD is committed to encouraging healthy students and therefore has developed a board-adopted wellness policy at FFA(LOCAL) and corresponding plans and procedures to implement the policy. You are encouraged to contact Director of Child Nutrition with questions about the content or implementation of the district’s wellness policy and plan.

Other Health-Related Matters
Physical Fitness Assessment (Grades 3–12)
Annually, the district will conduct a physical fitness assessment of students in grades 3–12 who are enrolled in a physical education course or a course for which physical education credit is awarded. At the end of the school year, a parent may submit a written request to campus physical education teacher to obtain the results of his or her child’s physical fitness assessment conducted during the school year.

Vending Machines (All Grade Levels)
The district has adopted and implemented the state and federal policies and guidelines for food service, including the guidelines to restrict student access to vending machines. For more information regarding these policies and guidelines, see the Director of Child Nutrition. [See policies at CO and FFA.]
**Tobacco and E-Cigarettes Prohibited (All Grade Levels and All Others on School Property)**

Students are prohibited from possessing or using any type of tobacco product, electronic cigarettes (e-cigarettes), or any other electronic vaporizing device, while on school property at any time or while attending an off-campus school-related activity.

The district and its staff strictly enforce prohibitions against the use of all tobacco products, e-cigarettes, or any other electronic vaporizing device, by students and all others on school property and at school-sponsored and school-related activities. [See the Student Code of Conduct and policies at FNCD and GKA.]

**Asbestos Management Plan (All Grade Levels)**

The district works diligently to maintain compliance with federal and state law governing asbestos in school buildings. A copy of the district’s Asbestos Management Plan is available in the superintendent’s office. If you have any questions or would like to examine the district’s plan in more detail, please contact Director of Operations, the district’s designated asbestos coordinator, at 281-208-6148.

**Pest Management Plan (All Grade Levels)**

The district is required to follow integrated pest management (IPM) procedures to control pests on school grounds. Although the district strives to use the safest and most effective methods to manage pests, including a variety of non-chemical control measures, pesticide use is sometimes necessary to maintain adequate pest control and ensure a safe, pest-free school environment.

All pesticides used are registered for their intended use by the U.S. Environmental Protection Agency and are applied only by certified pesticide applicators. Except in an emergency, signs will be posted 48 hours before indoor application. All outdoor applications will be posted at the time of treatment, and signs will remain until it is safe to enter the area. Parents who have further questions or who want to be notified prior to pesticide application inside their child’s school assignment area may contact Director of Operations, the district’s IPM coordinator, at 281-208-6148.

**Homeless Students (All Grade Levels)**

You are encouraged to inform the district if you or your child are experiencing homelessness. District staff can share resources with you that may be able to assist you and your family.

For more information on services for homeless students, contact the district’s homeless education liaison, Director of Federal and State Programs, at 281-261-9251.

[See Students Who Are Homeless on page 66]

**Homework (All Grade Levels)**

SMSD endorses homework as a valued extension of learning beyond the classroom and an integral part of the instructional program. Depending on the course content, homework may be addressed in short-term or long-term assignments. When students are absent two or more days, parents should call the office to request assignments and plan for the assignments to be picked up.
**Reasons for Homework**

Complete work started in class.
Expand and enrich regular class work.
Build interest in reading and learning.
Make up work missed due to absence.
Encourage parents’ awareness of student learning.
Provide an opportunity to pursue special interest or ability areas.
Increase learning time.
Establish independent study skills.
Teach students to be responsible.
Practice application of skills.

**Academic Dishonesty**

A student found to have engaged in academic dishonesty shall be subject to grade penalties on assignments or tests and disciplinary penalties in accordance with the Student Code of Conduct. Academic dishonesty includes cheating or copying the work of another student, plagiarism, and unauthorized communication between students during an examination. The determination that a student has engaged in academic dishonesty shall be based on the judgment of the classroom teacher or another supervising professional employee, taking into consideration written materials, observation, or information from students.

**Restrictions on Homework**

Homework which requires students to purchase supplies and materials (other than pencil, paper, etc.) which by law must be provided by the school, is prohibited. However, students may voluntarily provide project materials and supplies as long as no student is penalized for not providing or for not participating in such homework projects, and that students who do provide such are not given an advantage in extra grades or other reward. This restriction does not apply to homework assignments in which students are asked to bring or supply readily and commonly available free materials or items (leaves, rocks, old newsprint, etc.).

**Enforcement of Assigned Homework**

Failure by a student to complete and turn in homework in a timely manner as required by a teacher is to be treated in the same manner as failure to perform work required by a teacher in the classroom setting. Unless mitigating circumstances acceptable to the principal are established, student failure to turn in homework is considered to be disobedient and insubordinate behavior. Various forms of disciplinary action may be exercised by the teacher or principal through established District disciplinary procedures.

**Amount and Scheduling**

The length and difficulty of an assignment shall be directed by the teacher and should depend on grade level, student needs, content, purpose, and type of assignment. Homework should be assigned when appropriate in any class. Assignments should be appropriate to the
developmental and ability levels of the student. Homework should be reasonable in terms of student time and available resources. Assignments should be made with consideration given to a student’s total schedule.

Illness
[See Student Illness under Health-Related Matters on page 61.]

Immunization (All Grade Levels)
A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical reasons or reasons of conscience, including a religious belief, the student will not be immunized. For exemptions based on reasons of conscience, only official forms issued by the Texas Department of State Health Services (DSHS), Immunization Branch, can be honored by the district. This form may be obtained by writing the DSHS Immunization Branch (MC 1946), P.O. Box 149347, Austin, Texas 78714-9347; or online at Affidavit Request for Exemption from Immunization. The form must be notarized and submitted to the principal or school nurse within 90 days of notarization. If the parent is seeking an exemption for more than one student in the family, a separate form must be provided for each student.

The immunizations required are: diphtheria, tetanus, and pertussis; rubeola (measles), mumps, and rubella; polio; hepatitis A; hepatitis B; varicella (chicken pox); and meningococcus. The school nurse can provide information on age-appropriate doses or on an acceptable physician-validated history of illness required by TDSHS. Proof of immunization may be established by personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation.

If a student should not be immunized for medical reasons, the student or parent must present a certificate signed by a U.S. registered and licensed physician stating that, in the doctor’s opinion, the immunization required is medically contraindicated or poses a significant risk to the health and well-being of the student or a member of the student’s family or household. This certificate must be renewed yearly unless the physician specifies a lifelong condition.

As noted at Bacterial Meningitis, entering college students must also, with limited exception, furnish evidence of having received a bacterial meningitis vaccination within the five years prior to enrolling in and attending classes at an institution of higher education. A student wanting to enroll in a dual credit course taken off campus may be subject to this requirement.

[For further information, see policy FFAB(LEGAL) and the DSHS website: Texas School & Child Care Facility Immunization Requirements.]

Law Enforcement Agencies (All Grade Levels)
When law enforcement officers or other lawful authorities wish to question or interview a student at school, the principal will cooperate fully regarding the conditions of the interview, if the questioning or interview is part of a child abuse investigation. In other circumstances:

• The principal will verify and record the identity of the officer or other authority and ask for an explanation of the need to question or interview the student at school.
• The principal ordinarily will make reasonable efforts to notify the parents unless the interviewer raises what the principal considers to be a valid objection.

• The principal ordinarily will be present unless the interviewer raises what the principal considers to be a valid objection.

**Students Taken Into Custody**

State law requires the district to permit a student to be taken into legal custody:

• To comply with an order of the juvenile court.

• To comply with the laws of arrest.

• By a law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision.

• By a law enforcement officer to obtain fingerprints or photographs for comparison in an investigation.

• By a law enforcement officer to obtain fingerprints or photographs to establish a student’s identity, where the child may have engaged in conduct indicating a need for supervision, such as running away.

• By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court.

• By an authorized representative of Child Protective Services (CPS), Texas Department of Family and Protective Services (DFPS), a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in the Family Code relating to the student’s physical health or safety.

• To comply with a properly issued directive from a juvenile court to take a student into custody.

Before a student is released to a law enforcement officer or other legally authorized person, the principal will verify the officer’s identity and, to the best of his or her ability, will verify the official’s authority to take custody of the student.

The principal will immediately notify the superintendent and will ordinarily attempt to notify the parent unless the officer or other authorized person raises what the principal considers to be a valid objection to notifying the parents. Because the principal does not have the authority to prevent or delay a student’s release to a law enforcement officer, any notification will most likely be after the fact.

**Notification of Law Violations**

The district is required by state law to notify:

• All instructional and support personnel who have responsibility for supervising a student who has been taken into custody, arrested, or referred to the juvenile court for any felony offense or for certain misdemeanors.
• All instructional and support personnel who have regular contact with a student who is thought to have committed certain offenses or who has been convicted, received deferred prosecution, received deferred adjudication, or was adjudicated for delinquent conduct for any felony offense or certain misdemeanors.

• All appropriate district personnel regarding a student who is required to register as a sex offender.

[For further information, see policy FL(LEGAL).]

**Leaving Campus (All Grade Levels)**

Please remember that student attendance is crucial to learning. We ask that appointments be scheduled outside of school hours as much as reasonably possible. Also note that picking up a student early on a regular basis results in missed opportunities for learning. Unless the principal has granted approval because of extenuating circumstances, a student will not regularly be released before the end of the school day.

State rules require that parental consent be obtained before any student is allowed to leave campus for any part of the school day. The district has put the following procedures in place to document parental consent:

• For students in elementary and middle school, a parent or otherwise authorized adult must come to the office and sign the student out. Please be prepared to show identification. Once an identity is verified, a campus representative will then call for the student or collect the student and bring him or her to the office. For safety purposes and stability of the learning environment, we cannot allow you to go to the classroom or other area unescorted to pick up the student. If the student returns to campus the same day, the parent or authorized adult must sign the student back in through the main office upon the student’s return. Documentation regarding the reason for the absence will also be required.

• For students in high school, the same process will be followed. If the student’s parent will authorize the student to leave campus unaccompanied, a note provided by the parent must be submitted to the main office in advance of the absence, no later than two hours prior to the student’s need to leave campus. A phone call received from the parent may be accepted, but the school may ultimately require a note to be submitted for documentation purposes. Once the office has received information that the student’s parent consents to the student leaving campus, a pass will be issued to the student to hand to his or her teacher with the necessary information. The student must sign out through the main office and sign in upon his or her return, if the student returns the same day. If a student is 18 years of age or is an emancipated minor, the student may produce a note on his or her own behalf. Documentation regarding the reason for the absence will be required.

• If a student becomes ill during the school day and the school nurse or other district personnel determines that the student should go home, the nurse will contact the student’s parent and document the parent’s wishes regarding release from school.
Unless directed by the parent to release the student unaccompanied, the parent or other authorized adult must follow the sign-out procedures as listed above. If a student is allowed to leave campus by himself or herself, as permitted by the student’s parent, or if the student is age 18 or is an emancipated minor, the nurse will document the time of day the student was released. Under no circumstances will a student in elementary or middle school be released unaccompanied by a parent or adult authorized by the parent.

- Perfect attendance information:
  Official Elementary attendance is taken daily at 9:30 am
  Secondary attendance is taken each class period but reported to TEA based on attendance at 9:25 am
  When perfect attendance reports are run, all school activities (UIL, field trips, etc.) and medical absences (with doctor’s note) are excluded but excused and unexcused absences are included and count against the perfect attendance award.

**During Lunch**

No student shall be permitted to leave campus during lunch except as approved by the principal, on a case-by-case basis in response to a parent’s written request. Students who leave campus during lunch or at any other time without administrative approval shall be subject to disciplinary action in accordance with the Student Code of Conduct.

**At Any Other Time during the School Day**

Students are not authorized to leave campus during regular school hours for any other reason, except with the permission of the principal.

Students who leave campus in violation of these rules will be subject to disciplinary action in accordance with the Student Code of Conduct.

**Lost and Found (All Grade Levels)**

A “lost and found” collection box is located in the main campus office. If your child has lost an item, please encourage him or her to check the lost and found box. The district discourages students from bringing to school personal items of high monetary value, as the district is not responsible for lost or stolen items. The campus will dispose of lost and found items at the end of each semester.

**Makeup Work**

**Makeup Work Because of Absence (All Grade Levels)**

For any class missed, the teacher may assign the student makeup work based on the instructional objectives for the subject or course and the needs of the individual student in mastering the essential knowledge and skills or in meeting subject or course requirements.

A student will be responsible for obtaining and completing the makeup work in a satisfactory manner and within the time specified by the teacher. A student will have a minimum of two
days to turn in make-up work. A student who does not make up assigned work within the time allotted by the teacher will receive a grade of zero for the assignment.

A student is encouraged to speak with his or her teacher if the student knows of an absence ahead of time, including absences for extracurricular activities, so that the teacher and student may plan any work that can be completed before or shortly after the absence. Please remember the importance of student attendance at school and that, even though absences may be excused or unexcused, all absences account for the 90 percent threshold regarding the state laws surrounding “attendance for credit or final grade.” [See Attendance for Credit or Final Grade on page 24.]

A student involved in an extracurricular activity must notify his or her teachers ahead of time about any absences.

A student will be permitted to make up tests and to turn in projects due in any class missed because of absence. Teachers may assign a late penalty to any long-term project in accordance with timelines approved by the principal and previously communicated to students.

**DAEP Makeup Work**

**Elementary and Middle School Grade Levels**

An elementary or middle school student removed to a disciplinary alternative education program (DAEP) during the school year will have an opportunity to obtain mastery on the appropriate grade level TEKS before the beginning of the next school year.

**Grades 9–12**

A high school student removed to a disciplinary alternative education program (DAEP) during the school year will have an opportunity to complete, before the beginning of the next school year, a foundation curriculum course in which the student was enrolled at the time of removal. The district may provide the opportunity to complete the course through an alternative method, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FOCA(LEGAL).]

**In-School Suspension (ISS) Makeup Work (All Grade Levels)**

A student removed from the regular classroom to in-school suspension or another setting, other than a DAEP, will have an opportunity to complete before the beginning of the next school year each course the student was enrolled in at the time of removal from the regular classroom. The district may provide the opportunity by any method available, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FO(LEGAL).]

**Medicine at School (All Grade Levels)**

Medication that must be administered to a student during school hours must be provided by the student’s parent. All medication, whether prescription or nonprescription, must be kept in the nurse’s office and administered by the nurse or another authorized district employee,
unless the student is authorized to possess his or her own medication because of asthma or a severe allergy as described below or as otherwise allowed by law.

The district will not purchase nonprescription medication to give to a student. District employees will not give a student prescription medication, nonprescription medication, herbal substances, anabolic steroids, or dietary supplements, with the following exceptions:

Only authorized employees, in accordance with policy FFAC, may administer:

- Prescription medication, in the original, properly labeled container, provided by the parent, along with a written request.
- Prescription medication from a properly labeled unit dosage container filled by a registered nurse or another qualified district employee from the original, properly labeled container.
- Nonprescription medication, in the original, properly labeled container, provided by the parent along with a written request.
- Herbal or dietary supplements provided by the parent only if required by the student’s individualized education program (IEP) or Section 504 plan for a student with disabilities.

Students whose schedules provide for regular time spent outdoors, including for recess and physical education classes, should apply sunscreen before coming to school.

For students at the elementary level, the student’s teacher or other district personnel will apply sunscreen to a student’s exposed skin if the student brings the sunscreen to school and requests assistance with the application of the sunscreen. Nothing prohibits a student at this level from applying his or her own sunscreen if the student is capable of doing so.

For students at the secondary level, a student may possess and apply sunscreen when necessary. If the student will need assistance with this application, please address the need for assistance with the school nurse.

Whether a student is at the elementary or secondary level, if sunscreen needs to be administered to treat any type of medical condition, this should be handled through communication with the school nurse so that the district is made aware of any safety and medical issues.

A student with asthma or severe allergic reaction (anaphylaxis) may be permitted to possess and use prescribed asthma or anaphylaxis medication at school or school-related events only if he or she has written authorization from his or her parent and a physician or other licensed health-care provider. The student must also demonstrate to his or her physician or health-care provider and to the school nurse the ability to use the prescribed medication, including any device required to administer the medication.

If the student has been prescribed asthma or anaphylaxis medication for use during the school day, the student and parents should discuss this with the school nurse or principal.
In accordance with a student’s individual health plan for management of diabetes, a student with diabetes will be permitted to possess and use monitoring and treatment supplies and equipment while at school or at a school-related activity. See the school nurse or principal for information. [See policy FFAF(LEGAL).]

**Psychotropic Drugs**

A psychotropic drug is a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication. It is intended to have an altering effect on perception, emotion, or behavior and is commonly described as a mood- or behavior-altering substance.

Teachers and other district employees may discuss a student’s academic progress or behavior with the student’s parents or another employee as appropriate; however, they are not permitted to recommend use of psychotropic drugs. A district employee who is a registered nurse, an advanced nurse practitioner, a physician, or a certified or credentialed mental health professional can recommend that a student be evaluated by an appropriate medical practitioner, if appropriate. [For further information, see policy FFAC.]

**Nondiscrimination Statement (All Grade Levels)**

In its efforts to promote nondiscrimination and as required by law, SMSD does not discriminate on the basis of race, religion, color, national origin, gender, sex, disability, age, or any other basis prohibited by law, in providing education services, activities, and programs, including CTE programs, and provides equal access to the Boy Scouts and other designated youth groups. The following district representatives have been designated to coordinate compliance with these legal requirements:

Title IX Coordinator, for concerns regarding discrimination based on sex, including sexual harassment or gender-based harassment: Dr. Dawn DuBose, Chief of Schools, contact email address: ddubose@staffordmsd.org or via phone at 281-261-9342.

- ADA/Section 504 Coordinator, for concerns regarding discrimination based on disability: Director of State and Federal Programs, contact email address: or via phone at 281-261-9269.

All other concerns regarding discrimination: See the superintendent, Dr. Robert Bostic, contact email address: Supt@staffordmsd.org or via phone at 281-261-9200.

[See policies FB, FFH, and GK D.]

**Nontraditional Academic Programs (All Grade Levels)**

The Stafford High School QUEST Academy is a student-centered, Optional Flexible School Day Program (OFSDP) established for Stafford residents that considers the individual needs of diverse learners through a self-paced, computer-generated curriculum while incorporating a variety of instructional methods.

The program is designed primarily for at-risk high school students, who are 16 years of age or older or who have been repeatedly unsuccessful in the curriculum in the traditional high school setting. The ultimate goal of the program is the graduation from high school of at-risk students. These students will benefit from the flexible schedule, individual prescriptive instruction and a
career counselor who will act as a conduit to explore multiple college and career readiness opportunities.

The QUEST Academy is an alternative self-based academic program, not an alternative disciplinary program.

The QUEST Academy utilizes the web-based Edmentum program. The Edmentum software provides computer-based instructional content, assessment and instructional management. This software meets all state TEKS guidelines and is individualized for the needs of each student.

In addition, SMSD offers the Stafford Virtual School as an option for students to take courses for credit that might not otherwise be offered in the traditional school setting (i.e. World Language course not currently offered). This option is also available for students who would prefer home school but want to retain the benefits of being enrolled in public school (i.e. graduating from Stafford High School) by spending a minimum of four hours a day, on-site in the Quest Lab.

See Requirements for a Diploma on page 50.

Parent and Family Engagement (All Grade Levels)

Working Together

Both experience and research tell us that a child’s education succeeds best when there is good communication and a strong partnership between home and school. Your involvement and engagement in this partnership may include:

- Encouraging your child to put a high priority on education and working with your child on a daily basis to make the most of the educational opportunities the school provides.
- Ensuring that your child completes all homework assignments and special projects and comes to school each day prepared, rested, and ready to learn.
- Becoming familiar with all your child’s school activities and with the academic programs, including special programs, offered in the district.
- Discussing with the school counselor or principal any questions you may have about the options and opportunities available to your child.
- Reviewing the requirements and options for graduation with your child in middle school and again while your child is enrolled in high school.
- Monitoring your child’s academic progress and contacting teachers as needed. [See Academic Counseling on page 36.]
- Attending scheduled conferences and requesting additional conferences as needed. To schedule a telephone or in-person conference with a teacher, school counselor, or principal, please call the school office at for an appointment. The teacher will usually return your call within 24 hours or meet with you during his or her conference period or before or after school. [See Report Cards/Progress Reports and Conferences on page 79.]
• Becoming a school volunteer. [For further information, see policy GKG and Volunteers on page 95.]

• Participating in campus parent organizations. Some parent organizations include: Volunteers; PTO’s; Pro-Grad; Booster Clubs.

• Serving as a parent representative on the district-level or campus-level planning committees, assisting in the development of educational goals and plans to improve student achievement. [For further information, see policies at BQA and BQB, and contact the Chief Academic Officer.

• Serving on the School Health Advisory Council (SHAC), assisting the district in ensuring local community values are reflected in health education instruction and other wellness issues. [See policies at BDF, EHAA, FFA, and information in this handbook at School Health Advisory Council (SHAC) on page 65.]

• Being aware of the school’s ongoing bullying and harassment prevention efforts.

• Contacting school officials if you are concerned with your child’s emotional or mental well-being.

• Attending board meetings to learn more about district operations. [See policies at BE and BED for more information.]

Physical Examinations/Health Screenings

**Athletics Participation (Secondary Grade Levels Only)**

A student who wishes to participate in, or continue participation in, the district’s athletics program governed by the UIL must submit certification from a health-care provider authorized under UIL rules that the student has been examined and is physically able to participate in the athletic program. This examination is required to be submitted annually to the district.

**Spinal Screening Program**

School-based spinal screening helps identify adolescents with abnormal spinal curvature and refer them for appropriate follow-up by their physician. Screening can detect scoliosis at an early stage when the curve is mild and may go unnoticed. Early detection is key to controlling spinal deformities.

All students will be screened for abnormal spinal curvature before the end of the school year. For information on spinal screening by an outside professional or exemption from spinal screening based on religious beliefs, see policy FFAA(LEGAL) or contact the superintendent.

Spinal screening is non-invasive and conducted following the most recent, nationally accepted and peer-reviewed standards for spinal screening.

**Other Examinations and Screenings (All Grade Levels)**

Students are required to undergo a risk assessment for Type 2 diabetes at the same time the district screens students for hearing and vision issues, or for abnormal spinal curvatures.

[See policy FFAA.]
Pledges of Allegiance and a Minute of Silence (All Grade Levels)

Each school day, students will recite the Pledge of Allegiance to the U.S. flag and the Pledge of Allegiance to the Texas flag. Parents may submit a written request to the principal to excuse their child from reciting a pledge. [See Reciting the Pledges to the U.S. and Texas Flags on page 10.]

State law requires that one minute of silence follow recitation of the pledges. Each student may choose to reflect, pray, meditate, or engage in any other silent activity during that minute so long as the silent activity does not interfere with or distract others. In addition, state law requires that each campus provide for the observance of one minute of silence at the beginning of the first class period when September 11 falls on a regular school day in remembrance of those who lost their lives on September 11, 2001.

[See policy EC for more information.]

Prayer (All Grade Levels)

Each student has a right to pray individually, voluntarily, and silently or to meditate in school in a manner that does not disrupt instructional or other activities of the school. The school will not encourage, require, or coerce a student to engage in or to refrain from such prayer or meditation during any school activity.

Promotion and Retention

A student will be promoted only based on academic achievement or demonstrated proficiency in the subject matter of the course or grade level, the recommendation of the student’s teacher, the score received on any criterion-referenced or state-mandated assessment, and any other necessary academic information as determined by the district.

In addition, at certain grade levels a student—with limited exceptions—will be required to pass the State of Texas Assessments of Academic Readiness (STAAR) if the student is enrolled in a public Texas school on any day between January 1 and the date of the first administration of the STAAR.

Elementary and Middle/Junior High Grade Levels

In grades Kindergarten through 12, promotion and course credit are based on mastery of the curriculum. Expectations and standards for promotion shall be established for each grade level, content area, and course and shall be coordinated with compensatory, intensive, and/or accelerated services. [See policy EHBC]. The District shall comply with applicable state and federal requirements when determining methods for students with disabilities [see policy FB] or students who are English language learners [see policies EHBE and EKBA] to demonstrate mastery of the curriculum.

Any modified promotion standards for a student receiving special education services shall be determined by the student’s admission, review, and dismissal (ARD) committee and documented in the student’s individualized education program (IEP). [See policies EHBA and EKB].
In addition to the factors in law that must be considered for promotion, mastery shall be determined as follows:

1. Course assignments and unit evaluation shall be used to determine student grades in a subject. An average of 70 or higher shall be considered a passing grade.

2. Mastery of the skills necessary for success at the next level shall be validated by assessments that may either be incorporated into unit or final examinations or may be administered separately. Mastery of at least 70 percent of the objectives shall be required.

A student in kindergarten shall be promoted to grade 1 if the student:

1. Earns a preponderance of S’s or E’s in reading, language arts, and mathematics for the second semester; and

2. Meets the standard of 2 on the state reading diagnostic instrument Texas Primary Reading Inventory (TPRI) and the developmental reading assessment (DRA).

In grades 1–8, promotion to the next grade level shall be based on an overall average of 70 on a scale of 100 based on course-level, grade-level standards (essential knowledge and skills) for all subject areas and a grade of 70 or above in reading and mathematics. A failing grade in reading, science, social studies, or mathematics may be offset by meeting minimum passing standards on the appropriate grade-level state-mandated assessment.

A student in grades 9–12 will be advanced a grade level based on the number of course credits earned. [See Grade Level Classification on page 55.]

To be promoted to grade 6, students enrolled in grade 5 must perform satisfactorily on the mathematics and reading sections of the grade 5 assessment in English or Spanish.

To be promoted to grade 9, students enrolled in grade 8 must perform satisfactorily on the mathematics and reading sections of the grade 8 assessment in English.

If a student in grade 5 or 8 is enrolled in a course that earns high school credit and for which an end-of-course (EOC) assessment will be administered, the student will not be subject to the promotion requirements described above for the relevant grade 5 or 8 assessment. The student will instead take the corresponding EOC assessment.

If a student in grades 3-8 is enrolled in a class or course intended for students above his or her current grade level in which the student will be administered a state mandated assessment, the student will be required to take an applicable state mandated assessment only for the course in which he or she is enrolled, unless otherwise required to do so by federal law

[See Standardized Testing on page 86.]

A student in grade 5 or 8 will have two additional opportunities to take a failed assessment. If a student fails a second time, a grade placement committee, consisting of the principal or designee, the teacher, and the student’s parent, will determine the additional special instruction the student will receive. After a third failed attempt, the student will be retained; however, the parent can appeal this decision to the committee. For the student to be promoted, based on standards previously established by the district, the decision of the
committee must be unanimous, and the student must complete additional special instruction before beginning the next grade level. Whether the student is retained or promoted, an educational plan for the student will be designed to enable the student to perform at grade level by the end of the next school year. [See policy EIE.]

Certain students—some with disabilities and some classified as English language learners—may be eligible for exemptions, accommodations, or deferred testing. An admission, review, and dismissal (ARD) committee meeting will be convened if a student receiving special education services in grade 5 or 8 fails to meet satisfactory performance after the first STAAR administrations in reading or math. For more information, see the principal, school counselor, or special education director.

Parents of a student at or above grade level 3 who does not perform satisfactorily on his or her state-mandated examinations, will be notified that their child will participate in special instructional programs designed to improve performance. The student may be required to participate in this instruction before or after normal school hours or outside of the normal school year. Failure of a student to attend these programs may result in violations of required school attendance as well as the student not being promoted to the next grade level.

A personal graduation plan (PGP) will be prepared for any student at the middle school or junior high level who did not perform satisfactorily on a state-mandated assessment or is determined by the district as not likely to earn a high school diploma before the fifth school year following enrollment in grade 9. The PGP will be designed and implemented by a school counselor, teacher, or other staff member designated by the principal. The plan will, among other items, identify the student’s educational goals, address the parent’s educational expectations for the student, and outline an intensive instruction program for the student. [For additional information, see the school counselor and policy EIF(LEGAL).] For a student receiving special education services, the student’s IEP may serve as the student’s PGP and would therefore be developed by the student’s ARD committee.

[For information related to the development of personal graduation plans for high school students, see Personal Graduation Plans on page 58.]

**High School Grade Levels**

To earn credit in a course, a student must receive a grade of at least 70 based on course-level or grade-level standards.

A student in grades 9–12 will be advanced a grade level based on the number of course credits earned. [See Grade Level Classification on page 55.]

Students will also have multiple opportunities to retake EOC assessments. [See Graduation on page 5556 and Standardized Testing on page 88 for more information about EOC assessments.]

**Release of Students from School**

[See Leaving Campus on page 69.]
Report Cards/Progress Reports and Conferences (All Grade Levels)

Report cards with each student’s grades or performance and absences in each class or subject are issued at least once every six weeks.

At the end of the first three weeks of a grading period, parents will receive a progress report. If the student receives a grade lower than 70 in any class or subject at the end of a grading period, the parent will be requested to schedule a conference (face-to-face or via phone) with the teacher of that class or subject. [See Working Together on page 75 for how to schedule a conference.]

Teachers follow grading guidelines that have been approved by the principal pursuant to the board-adopted policy and are designed to reflect each student’s relative mastery of each assignment for the grading period, semester, or course. State law provides that a test or course grade issued by a teacher cannot be changed unless the board determines that the grade was arbitrary or contains an error, or that the teacher did not follow the district’s grading policy. [See policy EIA(LOCAL) and Grading Guidelines on page 55.]

Questions about grade calculation should first be discussed with the teacher; if the question is not resolved, the student or parent may request a conference with the principal in accordance with FNG(LOCAL).

The report card or unsatisfactory progress report will state whether tutorials are required for a student who receives a grade lower than 70 in a class or subject.

Report cards and unsatisfactory progress reports must be signed by the parent and returned to the school within three days. The district may use an electronic program to communicate academic information about your child, including for report card and progress reporting purposes. An electronic signature of the parent will be accepted by the district, but you are entitled to request the option to provide a handwritten signature of acknowledgment instead. [See policy EIA(LEGAL].

A student shall be suspended from participation in any extracurricular activity/organization sponsored or sanctioned by the District or the UIL after a grade evaluation period in which the student received a grade lower than the equivalent of 70 on a scale of 100 in any academic class other than a District-approved exempt course*. A suspension will continue for at least three school weeks and is not removed during the school year until the conditions for removing the suspension, as described below, are met. [See Board Policy FM (LEGAL)]

Until the suspension is removed or the school year ends, the District shall review the grades of a student suspended under these provisions at the end of each three-week period following the date on which the suspension began. At the time of a review, the suspension is removed if the student’s grade in each class, other than a District-approved exempt course*, is equal to or greater than the equivalent of 70 on a scale of 100. The principal and each of the student’s teachers shall make the determination concerning the student’s grades.

*A list of District approved exempt courses can be found in the Stafford High School Course Selection Guide. In general, these courses are AP and Dual Credit courses.

This document is intended to bring clarity to the eligibility calendar for UIL participants. Specifically, be aware of the following issues:

- Grade periods for eligibility are seven (7) calendar days after the evaluation, except for holidays.
- Students may only lose eligibility at the six weeks grading period (not at three weeks progress report time).
- Students can regain eligibility at both the three weeks progress report and at the six weeks grade report.

Retaliation

[See Dating Violence, Discrimination, Harassment, and Retaliation on page 38.]

Safety (All Grade Levels)

Student safety on campus, at school-related events, and on district vehicles is a high priority of the district. Although the district has implemented safety procedures, the cooperation of students is essential to ensuring school safety. A student is expected to:

- Avoid conduct that is likely to put the student or others at risk.
- Follow the behavioral standards in this handbook and the Student Code of Conduct, as well as any additional rules for behavior and safety set by the principal, campus behavior coordinator, teachers, or bus drivers. A student may submit an anonymous report about safety concerns by navigating to the SMSD website (http://www.staffordmsd.org) homepage and clicking on the yellow round “shareit” button in order to complete a report.
- Remain alert to and promptly report to a teacher or the principal any safety hazards, such as intruders on campus or threats made by any person toward a student or staff member.
- Know emergency evacuation routes and signals.
- Follow immediately the instructions of teachers, bus drivers, and other district employees who are overseeing the welfare of students.
- All staff members are required to wear ID badges.
- Students at Intermediate, Middle, and High Schools are required to wear ID badges. Replacement badges are $5.00.

Accident Insurance

Soon after the school year begins, parents will have the opportunity to purchase low-cost accident insurance for students participating in athletics, that would help meet medical expenses in the event of injury to their child.

Insurance for Career and Technical Education (CTE) Programs

If the board purchases accident, liability, or automobile insurance coverage for students or businesses involved in the district’s CTE programs, the district will notify the affected students and parents.

Preparedness Drills: Evacuation, Severe Weather, and Other Emergencies

Each month, students, teachers, and other district employees will participate in preparedness drills of various emergency procedures. When the command is given or alarm is sounded,
students need to follow the direction of teachers or others in charge quickly, quietly, and in an orderly manner.

**Emergency Medical Treatment and Information**

If a student has a medical emergency at school or a school-related activity when the parent cannot be reached, the school may have to rely on previously provided written parental consent to obtain emergency medical treatment, and information about allergies to medications, foods, insect bites, etc. Therefore, all parents are asked each year to complete an emergency care consent form. Parents should keep emergency care information up-to-date (name of doctor, emergency phone numbers, allergies, etc.). Please contact the school nurse to update any information that the nurse or the teacher needs to know.

**Emergency School-Closing Information**

Each year, parents are asked to complete an emergency release form to provide contact information in the event that school is dismissed early, or opening is delayed because of severe weather or another emergency, or if the campus must restrict access due to a security threat.

The district will rely on contact information on file with the district to communicate with parents in an emergency, which may include real-time or automated messages. It is crucial to notify your child’s school when a phone number previously provided to the district has changed.

If the campus must close, delay opening, or restrict access to the building because of an emergency, the district will also alert the community in the following ways:

- School Messenger telephone and e-mail notification system;
- Announcements by local television and radio stations; and
- Information posted on our website at http://www.stafford.msd.esc4.net/default.aspx?name=About.emergency

[See Communications-Automated, Emergency on page 34 for more information.]

**SAT, ACT, and Other Standardized Tests**

[See Standardized Testing on page 88.]

**Schedule Changes (Middle/Junior High and High School Grade Levels)**

Schedule changes will be handled by the counselling department who will set and publish information and deadlines regarding any schedule or level changes.

**School Facilities**

**Use by Students Before and After School (All Grade Levels)**

Certain areas of the school will be accessible to students before and after school for specific purposes. Students are required to remain in the area where their activity is scheduled to take place.

The following areas are open to students before school:
• Elementary School – 7:30 am; Elementary Cafeteria
• Intermediate School – 7:30 am; Intermediate Cafeteria and Gym
• Middle School – 7:00 am; MS cafeteria, Auxiliary Gym
• High School – 7:00 am; HS Cafeteria, Courtyard

Unless the teacher or sponsor overseeing an activity gives permission, a student will not be permitted to go to another area of the building or campus.

After dismissal of school in the afternoon, unless a student is involved in an activity under the supervision of a teacher or other authorized employee or adult, or unless students are granted permission to remain on campus in accordance with policy FNAB, students must leave campus immediately.

**Conduct Before and After School (All Grade Levels)**

Teachers and administrators have full authority over student conduct at before- or after-school activities on district premises and at school-sponsored events off district premises, such as play rehearsals, club meetings, athletic practices, and special study groups or tutorials. Students are subject to the same rules of conduct that apply during the instructional day and will be subject to consequences established by the Student Code of Conduct or any stricter standards of behavior established by the sponsor for extracurricular participants.

**Use of Hallways during Class Time (All Grade Levels)**

Loitering or standing in the halls during class is not permitted. During class time, a student must have a hall pass to be outside the classroom for any purpose. Failure to obtain a pass will result in disciplinary action in accordance with the Student Code of Conduct.

**Cafeteria Services (All Grade Levels)**

The district participates in the School Breakfast Program and National School Lunch Program and offers students nutritionally balanced meals daily in accordance with standards set forth in state and federal law.

Free and reduced-price meals are available based on financial need or household situation. Information about a student’s participation is confidential; however, disclosure of a student’s eligibility may be made without prior notice or consent to programs, activities, and individuals that are specifically authorized access under the National School Lunch Act (NSLA), which is the law that sets forth the disclosure limits for the district’s child nutrition programs. A student’s name, eligibility status, and other information may be disclosed to certain agencies as authorized under the NSLA to facilitate the enrollment of eligible children in Medicaid or the state children’s health insurance program (CHIP) unless the student’s parent notifies the district that a student’s information should not be disclosed. A parent’s decision will not affect the student’s eligibility for free and reduced-price meals or free milk. See the Director of Child Nutrition, for information on free and reduced-price meal services. Visit Fuel Cafe to apply. For a paper application, please contact the campus office, cafeteria manager, or the child nutrition office.
Parents are strongly encouraged to continually monitor their child’s meal account balance. When a student’s meal account is depleted, the district will notify the parent. The student will be allowed to continue purchasing meals according to the grace period set by the school board, and the district will present the parent with a schedule of repayment for any outstanding account balance and an application for free or reduced meals. If the district is unable to work out an agreement with the student’s parent on replenishment of the student’s meal account and payment of any outstanding balance, the student will receive an alternate meal. The district will make every effort to avoid bringing attention to such a student.

**Library (All Grade Levels)**

The library is a learning laboratory with books, computers, magazines, and other materials available for classroom assignments, projects, and reading or listening pleasure. The library is open for independent student use during the following times with a teacher permit:

The Margaret Havens Library and Media Center will be open extended hours during the school year for the community: Monday-Thursday from 4:00 pm – 6:30 pm on regular school days. For library policies and procedures please visit: [Stafford Library](#)

**Meetings of Noncurricular-Related Groups (Secondary Grade Levels Only)**

Student-organized, student-led noncurricular-related groups are permitted to meet during the hours designated by the principal before and after school. These groups must comply with the requirements of policy FNAB(LOCAL).

A list of these groups is available in the principal’s office.

**Searches**

In the interest of promoting student safety and attempting to ensure that schools are safe and drug free, district officials may occasionally conduct searches. Such searches are conducted without a warrant and as permitted by law.

**Students’ Desks and Lockers (All Grade Levels)**

Students’ desks and lockers are school property and remain under the control and jurisdiction of the school even when assigned to an individual student.

Students are fully responsible for the security and contents of their assigned desks and lockers. Students must be certain that their lockers are locked, and that the combinations are not available to others.

Searches of desks or lockers may be conducted at any time there is reasonable suspicion to believe that they contain articles or materials prohibited by policy, whether or not a student is present.

The parent will be notified if any prohibited items are found in the student’s desk or locker.
Telecommunications and Other Electronic Devices (All Grade Levels)

Use of district-owned equipment and its network systems is not private and will be monitored by the district. [See policy CQ for more information.]

Any searches of personal telecommunications or other personal electronic devices will be conducted in accordance with law, and the device may be confiscated to perform a lawful search. A confiscated device may be turned over to law enforcement to determine whether a crime has been committed.

[See policy FNF(LEGAL) and Electronic Devices and Technology Resources on page 50 for more information.]

Vehicles on Campus (Secondary Grade Levels Only)

A student has full responsibility for the security and content of his or her vehicle parked on district property and must make certain that it is locked and that the keys are not given to others. [See the Student Code of Conduct.]

Vehicles parked on district property are under the jurisdiction of the district. School officials may search any vehicle any time there is reasonable suspicion to do so, with or without the permission of the student. If a vehicle subject to search is locked, the student will be asked to unlock the vehicle. If the student refuses, the student’s parent will be contacted. If a search is also refused by the student’s parent, the district will turn the matter over to law enforcement. The district may, in certain circumstances, contact law enforcement even if permission to search is granted.

Trained Dogs (All Grade Levels)

The district will use trained dogs to alert school officials to the presence of prohibited or illegal items, including drugs and alcohol. At any time, trained dogs may be used around lockers and the areas around vehicles parked on school property. Searches of classrooms, common areas, or student belongings may also be conducted by trained dogs when students are not present. An item in a classroom, a locker, or a vehicle to which a trained dog alerts may be searched by school officials.

Metal Detectors (All Grade Levels)

[For further information, see policy FNF(LOCAL).]

Drug Testing (Secondary Grade Levels Only)

[For further information, see policy FNF(LOCAL). Also see Steroids on page 87.]

Sexual Harassment

[See Dating Violence, Discrimination, Harassment, and Retaliation on page 38.]
Special Programs (All Grade Levels)
The district provides special programs for gifted and talented students, homeless students, students in foster care, bilingual students, migrant students, English language learners, students diagnosed with dyslexia, and students with disabilities. The coordinator of each program can answer questions about eligibility requirements, as well as programs and services offered in the district or by other organizations. A student or parent with questions about these programs should contact the Director of Federal and State Programs.

Standardized Testing

Secondary Grade Levels

SAT/ACT (Scholastic Aptitude Test and American College Test)

Many colleges require either the American College Test (ACT) or the Scholastic Aptitude Test (SAT) for admission. Students are encouraged to talk with the school counselor early during their junior year to determine the appropriate examination to take; these examinations are usually taken at the end of the junior year. SMSD pays for all students in grades 8-11 to participate in the SAT suite of assessments each year so that 100% of our students can take the SAT without cost being a barrier.

The Preliminary SAT (PSAT) and ACT-Aspire are the corresponding preparatory and readiness assessments for the SAT and ACT, and more information can be obtained on these assessments from the school counselor.

Note: Participation in these assessments may qualify a student to receive a performance acknowledgment on his or her transcript under the foundation graduation program and may qualify as a substitute for an end-of-course testing requirement in certain circumstances. A student’s performance at a certain level on the SAT or ACT also makes the student eligible for automatic admission to a Texas public institution of higher education.

TSI (Texas Success Initiative) Assessment

Prior to enrollment in a Texas public college or university, most students must take a standardized test called the Texas Success Initiative (TSI) assessment. The purpose of the TSI assessment is to assess the reading, mathematics, and writing skills that entering freshmen-level students should have if they are to perform effectively in undergraduate certificate or degree programs in Texas public colleges and universities. This assessment may be required before a student enrolls in a dual credit course offered through the district as well. Achieving certain benchmark scores on this assessment for college readiness may also waive certain end-of-course assessment requirements in limited circumstances.

STAAR (State of Texas Assessments of Academic Readiness)

Grades 3–8

In addition to routine tests and other measures of achievement, students at certain grade levels are required to take the state assessment, called STAAR, in the following subjects:

- Mathematics, annually in grades 3–8
• Reading, annually in grades 3–8
• Writing, including spelling and grammar, in grades 4 and 7
• Science in grades 5 and 8
• Social Studies in grade 8

Successful performance on the reading and math assessments in grades 5 and 8 is required by law for the student to be promoted to the next grade level unless the student is enrolled in a reading or math course intended for students above the student’s current grade level. Exceptions may apply for students enrolled in a special education program if the admission, review, and dismissal (ARD) committee concludes the student has made sufficient progress in the student’s individualized education plan (IEP). [See Promotion and Retention on page 77 for additional information.]

STAAR Alternate 2 is available for eligible students receiving special education services who meet certain state-established criteria as determined by the student’s ARD committee.

STAAR Spanish is available for eligible students for whom a Spanish version of STAAR is the most appropriate measure of their academic progress.

High School Courses—End-of-Course (EOC) Assessments

STAAR end-of-course (EOC) assessments are administered for the following courses:

• Algebra I
• English I and English II
• Biology
• U.S. History

Satisfactory performance on the applicable assessments will be required for graduation, unless otherwise waived or substituted as allowed by state law and rules.

There are three testing windows during the year in which a student may take an EOC assessment, which will occur during the fall, spring, and summer months. If a student does not meet satisfactory performance, the student will have additional opportunities to retake the assessment.

STAAR Alternate 2 is available for eligible students receiving special education services who meet certain criteria established by the state as determined by the student’s ARD committee.

An admission, review, and dismissal (ARD) committee for a student receiving special education services will determine whether successful performance on the EOC assessments will be required for graduation within the parameters identified in state rules and the student’s personal graduation plan (PNP).

[See Graduation on page 56 for additional information.]
Steroids (Secondary Grade Levels Only)
State law prohibits students from possessing, dispensing, delivering, or administering an anabolic steroid. Anabolic steroids are for medical use only, and only a physician can prescribe use.

Body building, muscle enhancement, or the increase of muscle bulk or strength using an anabolic steroid or human growth hormone by a healthy student is not a valid medical use and is a criminal offense.

Students in Foster Care (All Grade Levels)
To provide educational stability, the district will assist any student who is currently placed or newly placed in foster care (temporary or permanent custody of the state, sometimes referred to as substitute care) with the enrollment and registration process, as well as other educational services throughout the student’s enrollment in the district.

Please contact Director of Federal and State Programs, who has been designated as the district’s foster care liaison, with any questions.

[See Students in the Conservatorship of the State on page 16 for more information.]

Student Speakers (All Grade Levels)
The district provides students the opportunity to introduce the following school events: morning announcements, open house, club or organization-sponsored programs, awards ceremonies, family night programs, National and Junior National Honor Society induction ceremonies, pep rallies, back-to-school orientations, and any other school event at which a student may be asked to publicly speak.

The forum shall be limited in the manner provided by this section on non-graduation events. Students are eligible to use the limited public forum if they:
- Are in the highest two grade levels of the school;
- Volunteer;
- Are affiliated with the organization or class sponsoring the activity or event; and
- Are not in a disciplinary placement at the time of the speaking event.

If a student meets the eligibility criteria and wishes to introduce one of the school events listed above, the student should submit his or her name in accordance with policy FNA(LOCAL).

[See policy FNA(LOCAL) regarding other speaking opportunities and Graduation on page 53 for information related to student speakers at graduation ceremonies.]

Substance Abuse Prevention and Intervention (All Grade Levels)
If you are worried that your child may be using or is in danger of experimenting, using, or abusing illegal drugs or other prohibited substances, please contact the school counselor. The school counselor can provide you with a list of community resources that may be of assistance to you. The Texas Department of State Health Services (DSHS) maintains information regarding
children’s mental health and substance abuse intervention services on its website: Services for Children and Adolescents.

**Suicide Awareness and Mental Health Support (All Grade Levels)**

The district is committed to partnering with parents to support the healthy mental, emotional, and behavioral development of its students. If you are concerned about your child, please access [Texas Suicide Prevention](#) or contact the school counselor for more information related to suicide prevention services available in your area.

You may also contact the National Suicide Prevention Lifeline at 1-800-273-8255.

**Summer School (All Grade Levels)**

Parents of students who are not successful in meeting requirements for promotion shall be informed of any requirement or other available options, such as summer school. [See policy EHBC (LOCAL).]

**Tardies (All Grade Levels)**

A student who is tardy to class by more than ten minutes will be counted absent. Repeated instances of tardiness will result in more disciplinary action, in accordance with the Student Code of Conduct.

**Textbooks, Electronic Textbooks, Technological Equipment, and Other Instructional Materials (All Grade Levels)**

Textbooks and other district-approved instructional materials are provided to students free of charge for each subject or class. Any books must be covered by the student, as directed by the teacher, and treated with care. Electronic textbooks and technological equipment may also be provided to students, depending on the course and course objectives. A student who is issued a damaged item should report the damage to the teacher. Any student failing to return an item in acceptable condition loses the right to free textbooks and technological equipment until the item is returned or the damage paid for by the parent; however, the student will be provided the necessary instructional resources and equipment for use at school during the school day.

**Transfers (All Grade Levels)**

The principal is authorized to transfer a student from one classroom to another. [See Safety Transfers/Assignments on page 16, Bullying on page 26, and Students Who Have Learning Difficulties or Who Need Special Education or Section 504 Services on page 18 for other transfer options.]

Children of nonresident Stafford MSD and City of Stafford employees shall be eligible to attend District schools tuition-free; if approved.

A nonresident student wishing to transfer into the District shall file an application for transfer each school year with the Chief Academic Officer. Transfers may be revoked at any time throughout the school year due to poor attendance or discipline.
In approving transfers, the Chief Academic Officer shall consider availability of space and instructional staff, the student’s disciplinary history, and attendance records.

A transfer student shall be notified in the written transfer agreement that he or she must follow all rules and regulations of the District, including those for student conduct and attendance.

Transportation shall not be provided for transfer students.

[See policy FDA (LOCAL).]

**Transportation (All Grade Levels)**

**School-Sponsored Trips**

Students who participate in school-sponsored trips are required to use transportation provided by the school to and from the event. As approved by the principal, a coach or sponsor of an extracurricular activity may establish procedures related to making an exception to this requirement when a parent requests that the student be released to the parent or to another adult designated by the parent.

**Buses and Other School Vehicles**

The district makes school bus transportation available to all students with the exception of students who receive out-of-districts transfers. This service is provided at no cost to students.

Bus routes and stops will be designated annually, and any subsequent changes will be posted at the school and on the district’s website. For the safety of the operator of the vehicle and all passengers, students must board buses or other vehicles only at authorized stops, and drivers must unload passengers only at authorized stops.

A parent may also designate a child-care facility or grandparent’s residence as the regular pickup and drop-off location for his or her child. The designated facility or residence must be on an approved stop on an approved route. For information on bus routes and stops or to designate an alternate pickup or drop-off location, you may contact the Transportation Supervisor at 281.261.6158; or visit the district website at [http://staffordmsd.org/departments/transportation/general_routes/](http://staffordmsd.org/departments/transportation/general_routes/).

[See the Student Code of Conduct for provisions regarding transportation to the DAEP.]

Students are expected to assist district staff in ensuring that buses and other district vehicles remain in good condition and that transportation is provided safely. When riding in district vehicles, including buses, students are held to behavioral standards established in this handbook and the Student Code of Conduct. Students must:

- Follow the driver’s directions always.
- Enter and leave the vehicle in an orderly manner at the designated stop.
- Keep feet, books, instrument cases, and other objects out of the aisle.
- Not deface the vehicle or its equipment.
• Not put head, hands, arms, or legs out of the window, hold any object out of the window, or throw objects within or out of the vehicle.
• Not possess or use any form of tobacco or e-cigarettes in any district vehicle.
• Observe all usual classroom rules.
• Be seated while the vehicle is moving.
• Fasten their seat belts, if available.
• Wait for the driver’s signal upon leaving the vehicle and before crossing in front of the vehicle.
• Follow any other rules established by the operator of the vehicle.

Misconduct will be punished in accordance with the Student Code of Conduct; the privilege to ride in a district vehicle, including a school bus, may be suspended or revoked.

**Vandalism (All Grade Levels)**

The taxpayers of the community have made a sustained financial commitment for the construction and upkeep of school facilities. To ensure that school facilities can serve those for whom they are intended—both this year and for years to come—littering, defacing, or damaging school property is not tolerated. Students will be required to pay for damages they cause and will be subject to criminal proceedings as well as disciplinary consequences in accordance with the Student Code of Conduct.

**Video Cameras (All Grade Levels)**

For safety purposes, video and audio recording equipment is used to monitor student behavior, including on buses and in common areas on campus. Students will not be told when the equipment is being used.

The principal will review the video and audio recordings routinely and document student misconduct. Discipline will be in accordance with the Student Code of Conduct.

Upon written request of a parent of a student who receives special education services, a staff member (as this term is defined by law), a principal or assistant principal, or the board, state law requires the district to place video and audio recording equipment in a classroom in which the student spends at least 50 percent of his or her instructional day, referred to in the law as a self-contained classroom. The majority of students in this type of classroom must also be students who receive special education services. Before the district places a video camera in a classroom or other setting in which your child receives special education services, the district will provide notice to you. Please speak directly with the principal or to the Director of State and Federal Programs, who has been designated by the district to coordinate the implementation of and compliance with this law, for further information or to request the installation and operation of this equipment.

[See EHBAF(LOCAL).]
Visitors to the School (All Grade Levels)

General Visitors

Parents and others are welcome to visit district schools. For the safety of those within the school and to avoid disruption of instructional time, all visitors must first report to the main office and must comply with all applicable district policies and procedures. When arriving on campus, all parents and other visitors should be prepared to show identification. The ID that is presented will be held until such time that the visitor returns to the main office to check out.

Visits to individual classrooms during instructional time are permitted only with prior approval of the principal and teacher and only so long as their duration or frequency does not interfere with the delivery of instruction or disrupt the normal school environment. To best coordinate visits, we require that requests for visits be made twenty-four hours in advance in order to obtain approval. Even if the visit is approved prior to the visitor’s arrival, the individual must always check in and present their identification at the main office. Identification of all visitors will be scanned through the district security database system before they can proceed into the building. The ID that is presented will be retained until the visitor returns to the main office to check out at the end of his/her visit.

All visitors are expected to demonstrate the highest standards of courtesy and conduct; disruptive behavior will not be permitted.

Unauthorized Persons

In accordance with Education Code 37.105, a school administrator, school resource officer (SRO), or district police officer has the authority to refuse entry or eject a person from district property if the person refuses to leave peaceably on request and:

- The person poses a substantial risk of harm to any person; or
- The person behaves in a manner that is inappropriate for a school setting and the person persists in the behavior after being given a verbal warning that the behavior is inappropriate and may result in refusal of entry or ejection.

Appeals regarding refusal of entry or ejection from district property may be filed in accordance with FNG(LOCAL) or GF(LOCAL).

[See also Student Code of Conduct.]

Visitors Participating in Special Programs for Students

Business, Civic, and Youth Groups

The district may invite representatives from patriotic societies listed in Title 36 of the United States Code to present information to interested students about membership in the society.

Career Day

On College or Career Awareness Days, the district invites representatives from colleges and universities and other higher education institutions, prospective employers, and military
recruiters to present information to interested students. Please contact the counseling department for more information.

**Volunteers (All Grade Levels)**

We appreciate so much the efforts of parent and grandparent volunteers that are willing to serve our district and students. If you are interested in volunteering, please contact the campus secretary for more information and to complete an application.

**Voter Registration (Secondary Grade Levels Only)**

A student who is eligible to vote in any local, state, or federal election may obtain a voter registration application at the main campus office.

**Withdrawing from School (All Grade Levels)**

A student under age 18 may be withdrawn from school only by a parent. The school requests notice from the parent at least three days in advance so that records and documents may be prepared. The parent may obtain a withdrawal form from the principal’s office.

A student who is age 18 or older, who is married, or who has been declared by a court to be an emancipated minor may withdraw without parental signature.
**Glossary**

**Accelerated instruction** is an intensive supplemental program designed to address the needs of an individual student in acquiring the knowledge and skills required at his or her grade level and/or as a result of a student not meeting the passing standard on a state-mandated assessment.

**ACT**, or the American College Test, is one of the two most frequently used college or university admissions examinations. The test may be required for admission to certain colleges or universities.

**ACT-Aspire** refers to an assessment that took the place of ACT-Plan and is designed as a preparatory and readiness assessment for the ACT. This is usually taken by students in grade 10.

**ARD** stands for admission, review, and dismissal. The ARD committee convenes for each student who is identified as needing a full and individual evaluation for special education services. The eligible student and his or her parents are members of the committee.

**Attendance review committee** is responsible for reviewing a student’s absences when the student’s attendance drops below 90 percent, or in some cases 75 percent, of the days the class is offered. Under guidelines adopted by the board, the committee will determine whether there were extenuating circumstances for the absences and whether the student needs to complete certain conditions to master the course and regain credit or a final grade lost because of absences.

**CPS** stands for Child Protective Services.

**DAEP** stands for disciplinary alternative education program, a placement for students who have violated certain provisions of the Student Code of Conduct.

**DFPS** is the Texas Department of Family Protective Services.

**DPS** stands for the Texas Department of Public Safety.

**EOC (end-of-course) assessments** are state-mandated and are part of the STAAR program. Successful performance on EOC assessments are required for graduation. These examinations will be given in English I, English II, Algebra I, Biology, and U.S. History.

**ESSA** is the federal Every Student Succeeds Act passed in December 2015.

**FERPA** refers to the federal Family Educational Rights and Privacy Act, which grants specific privacy protections to student records. **IEP** stands for individualized education program and is the written record prepared by the ARD committee for a student with disabilities who is eligible for special education services. The IEP contains several parts, such as a statement of the student’s present educational performance; a statement of measurable annual goals, with short-term objectives; the special education and related services and supplemental aids and services to be provided, and program modifications or support by school personnel; a statement regarding how the student’s progress will be
measured and how the parents will be kept informed; accommodations for state or districtwide tests; whether successful completion of state-mandated assessments is required for graduation, etc.

**IGC** is the individual graduation committee, formed in accordance with state law, to determine a student’s eligibility to graduate when the student has failed to demonstrate satisfactory performance on no more than two of the required state assessments.

**ISS** refers to in-school suspension, a disciplinary technique for misconduct found in the Student Code of Conduct. Although different from out-of-school suspension and placement in a DAEP, ISS removes the student from the regular classroom.

**PGP** stands for personal graduation plan, which is required for high school students and for any student in middle school who fails a section on a state-mandated test or is identified by the district as not likely to earn a high school diploma before the fifth school year after he or she begins grade 9.

**PSAT** is the preparatory and readiness assessment for the SAT. It also serves as the basis for the awarding of National Merit Scholarships.

**SAT** refers to the Scholastic Aptitude Test, one of the two most frequently used college or university admissions examinations. The test may be required for admissions to certain colleges or universities.

**Section 504** is the federal law that prohibits discrimination against a student with a disability, requiring schools to provide opportunities for equal services, programs, and participation in activities. Unless the student is determined to be eligible for special education services under the Individuals with Disabilities Education Act (IDEA), general education with appropriate instructional accommodations will be provided.

**STAAR** is the State of Texas Assessments of Academic Readiness, the state’s system of standardized academic achievement assessments.

**STAAR Alternate 2** is an alternative state-mandated assessment designed for students with severe cognitive disabilities receiving special education services who meet the participation requirements, as determined by the student’s ARD committee.

**STAAR Spanish** is an alternative state-mandated assessment administered to eligible students for whom a Spanish version of STAAR is the most appropriate measure of their academic progress.

**State-mandated assessments** are required of students at certain grade levels and in specified subjects. Successful performance sometimes is a condition of promotion and passing the STAAR EOC assessments is a condition of graduation. Students have multiple opportunities to take the tests if necessary for promotion or graduation.
Student Code of Conduct is developed with the advice of the district-level committee and adopted by the board and identifies the circumstances, consistent with law, when a student may be removed from a classroom, campus, or district vehicle. It also sets out the conditions that authorize or require the principal or another administrator to place the student in a DAEP. It outlines conditions for out-of-school suspension and for expulsion. The Student Code of Conduct also addresses notice to the parent regarding a student’s violation of one of its provisions.

Appendix: Freedom from Bullying Policy

Note that school board policies may be revised at any time. For legal context and the most current copy of the local policy, visit Board Policy Online and search for policy FFI. Click here: FFI(LOCAL) to access a printable version of SMSD’s local bullying policy as of the date that this handbook was finalized for this school year.

Student Welfare: Freedom from Bullying

Policy FFI(LOCAL) adopted on 11/16/2017 is provided below:

Note: This policy addresses bullying of District students. For purposes of this policy, the term bullying includes cyber-bullying.

For provisions regarding discrimination and harassment involving District students, see FFH. Note that FFI shall be used in conjunction with FFH for certain prohibited conduct. For reporting requirements related to child abuse and neglect, see FFG.

Bullying Prohibited

The District prohibits bullying, including cyberbullying, as defined by state law. Retaliation against anyone involved in the complaint process is a violation of District policy and is prohibited.

Examples: Bullying of a student could occur by physical contact or through electronic means and may include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name calling, rumor spreading, or ostracism.

Retaliation

The District prohibits retaliation by a student or District employee against any person who in good faith makes a report of bullying, serves as a witness, or participates in an investigation.

Examples: may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

False Claim

A student who intentionally makes a false claim, offers false statements, or refuses to cooperate with a District investigation regarding bullying shall be subject to appropriate disciplinary action.

Timely Reporting

Reports of bullying shall be made as soon as possible after the alleged act or knowledge of the alleged act. A failure to immediately report may impair the District’s ability to investigate and address the prohibited conduct.
Reporting Procedures

Student Report: To obtain assistance and intervention, any student who believes that he or she has experienced bullying or believes that another student has experienced bullying should immediately report the alleged acts to a teacher, school counselor, principal, or other District employee. The Superintendent shall develop procedures allowing a student to anonymously report an alleged incident of bullying.

Employee Report: Any District employee who suspects or receives notice that a student or group of students has or may have experienced bullying shall immediately notify the principal or designee.

Report Format: A report may be made orally or in writing. The principal or designee shall reduce any oral reports to written form.

Notice of Report

When an allegation of bullying is reported, the principal or designee shall notify a parent of the alleged victim on or before the third business day after the incident is reported. The principal or designee shall also notify a parent of the student alleged to have engaged in the conduct within a reasonable amount of time after the incident is reported.

Prohibited Conduct

The principal or designee shall determine whether the allegations in the report, if proven, would constitute prohibited conduct as defined by policy FFH, including dating violence and harassment or dis-crimination based on race, color, religion, sex, gender, national origin, or disability. If so, the District shall proceed under policy FFH. If the allegations could constitute both prohibited conduct and bullying, the investigation under FFH shall include a determination on each type of conduct.

Investigation of Report

The principal or designee shall conduct an appropriate investigation based on the allegations in the report. The principal or designee shall promptly take interim action calculated to prevent bullying during an investigation, if appropriate.

Concluding the Investigation

Absent extenuating circumstances, the investigation should be completed within ten District business days from the date of the initial report alleging bullying; however, the principal or designee shall take additional time if necessary to complete a thorough investigation.

The principal or designee shall prepare a final, written report of the investigation. The report shall include a determination of whether bullying occurred, and if so, whether the victim used reasonable self-defense. A copy of the report shall be sent to the Superintendent or designee.

Notice to Parents

If an incident of bullying is confirmed, the principal or designee shall promptly notify the parents of the victim and of the student who engaged in bullying.
**District Action**

*Bullying:* If the results of an investigation indicate that bullying occurred, the District shall promptly respond by taking appropriate disciplinary action in accordance with the District’s Student Code of Conduct and may take corrective action reasonably calculated to address the conduct. The District may notify law enforcement in certain circumstances.

*Discipline:* A student who is a victim of bullying and who used reasonable self-defense in response to the bullying shall not be subject to disciplinary action.

The discipline of a student with a disability is subject to applicable state and federal law in addition to the Student Code of Conduct.

*Corrective Action:* Examples of corrective action may include a training program for the individuals involved in the complaint, a comprehensive education program for the school community, follow-up inquiries to determine whether any new incidents or any instances of retaliation have occurred, involving parents and students in efforts to identify problems and improve the school climate, increasing staff monitoring of areas where bullying has occurred, and reaffirming the District’s policy against bullying.

*Transfers:* The principal or designee shall refer to FDB for transfer provisions.

*Counseling:* The principal or designee shall notify the victim, the student who engaged in bullying, and any students who witnessed the bullying of available counseling options.

*Improper Conduct:* If the investigation reveals improper conduct that did not rise to the level of prohibited conduct or bullying, the District may act in accordance with the Student Code of Conduct or any other appropriate corrective action.

**Confidentiality**

To the greatest extent possible, the District shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary to conduct a thorough investigation.

**Appeal**

A student who is dissatisfied with the outcome of the investigation may appeal through FNG(LOCAL), beginning at the appropriate level.

**Records Retention**

Retention of records shall be in accordance with CPC(LOCAL).

**Access to Policy and Procedures**

This policy and any accompanying procedures shall be distributed annually in the employee and student handbooks. Copies of the policy and procedures shall be posted on the District’s website, to the extent practicable, and shall be readily available at each campus and the District’s administrative offices.

STUDENT CODE OF CONDUCT

Accessibility

If you have difficulty accessing the information in this document because of disability, please contact your child’s campus secretary for assistance.

Purpose

The Student Code of Conduct is the district’s response to the requirements of Chapter 37 of the Texas Education Code.

The Code provides methods and options for managing students in the classroom and on school grounds, disciplining students, and preventing and intervening in student discipline problems.

The law requires the district to define misconduct that may—or must—result in a range of specific disciplinary consequences including removal from a regular classroom or campus, out-of-school suspension, placement in a disciplinary alternative education program (DAEP), placement in a juvenile justice alternative program (JJAEP), or expulsion from school.

This Student Code of Conduct has been adopted by the Stafford Municipal School District Board of Trustees and developed with the advice of the district-level committee. This Code provides information to parents and students regarding standards of conduct, consequences of misconduct, and procedures for administering discipline. It remains in effect during summer school and at all school-related events and activities outside of the school year until an updated version adopted by the board becomes effective for the next school year.

In accordance with state law, the Code shall be posted at each school campus or shall be available for review at the office of the campus principal. Additionally, the Code shall be available at the office of the campus behavior coordinator and posted on the district’s website at www.staffordmsd.org. Parents shall be notified of any conduct violation that may result in a student being suspended, placed in a DAEP, or JJAEP, expelled, or taken into custody by a law enforcement officer under Chapter 37 of the Education Code.

Because the Student Code of Conduct is adopted by the district’s board of trustees, it has the force of policy; therefore, in case of conflict between the Code and the student handbook, the Code shall prevail.

Please Note: The discipline of students with disabilities who are eligible for services under federal law (Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973) is subject to the provisions of those laws.

School District Authority and Jurisdiction

School rules and the authority of the district to administer discipline apply whenever the interest of the district is involved, on or off school grounds, in conjunction with or independent of classes and school-sponsored activities.

The district has disciplinary authority over a student:

1. During the regular school day and while the student is going to and from school or a school-sponsored or school-related activity on district transportation;
2. During lunch periods in which a student is allowed to leave campus;
3. While the student is in attendance at any school-related activity, regardless of time or location;
4. For any school-related misconduct, regardless of time or location;
5. When retaliation against a school employee, board member, or volunteer occurs or is threatened, regardless of time or location;
6. When a student engages in cyberbullying, as provided by Education Code 37.0832;
7. When criminal mischief is committed on or off school property or at a school-related event;
8. For certain offenses committed within 300 feet of school property as measured from any point on the school’s real property boundary line;
9. For certain offenses committed while on school property or while attending a school-sponsored or school-related activity of another district in Texas;
10. When the student commits a felony, as provided by Education Code 37.006 or 37.0081; and
11. When the student is required to register as a sex offender.

**Threat Assessment and Safe and Supportive School Team**

The campus behavior coordinator or other appropriate administrator will work closely with the campus threat assessment safe and supportive school team to implement the district’s threat assessment policy and procedures, as required by law, and shall take appropriate disciplinary action in accordance with the Code of Conduct.

**Searches**

District officials may conduct searches of students, their belongings, and their vehicles in accordance with state and federal law and district policy. Searches of students shall be conducted in a reasonable and nondiscriminatory manner. Refer to the district’s policies at FNF (Legal) and FNF (Local) for more information regarding investigations and searches.

The district has the right to search a vehicle driven to school by a student and parked on school property whenever there is reasonable suspicion to believe it contains articles or materials prohibited by the district. If a vehicle subject to search is locked, the student shall be asked to unlock the vehicle. If the student refuses, the District shall contact the student’s parents. If the parents also refuse to permit the vehicle to be searched, the District may contact local law enforcement officials and turn the matter over to them. The District may, in certain circumstances, contact law enforcement even if permission to search is granted.

**Campus Behavior Coordinator**

As required by law, a person at each campus must be designated to serve as the campus behavior coordinator. The designated person may be the principal of the campus or any other campus administrator selected by the principal. The campus behavior coordinator is primarily responsible for maintaining student discipline. The district maintains a current list of the persons serving as a
campus behavior coordinator in the student handbook or on the district’s website at www.staffordmsd.org.

**Reporting Crimes**

The principal and other school administrators as appropriate shall report crimes as required by law and shall call local law enforcement when an administrator suspects that a crime has been committed on campus.

**School Resource Officers**

To ensure sufficient security and protection of students, staff, and property, the board employs school resource officers (SROs).

The law enforcement duties of school resource officers are:

- Patrol school district buildings and property
- Provide security at specified district events
- Investigate criminal incidents occurring on school district property
- Arrest and file charges for crimes occurring on district property
- Network with area law enforcement agencies
- Support administrators and staff in creating and maintaining a safe learning environment
- Develop positive relationships with students, staff, parents and the community
- Present crime prevention programs to students, staff, parents and community
- Complete mandated state training and remain current on legal issues

‘Parent’ Defined

Throughout the Code of Conduct and related discipline policies, the term “parent” includes a parent, legal guardian, or other person having lawful control of the child.

**Participating in Graduation Activities**

The district has the right to limit a student’s participation in graduation activities for violating the district’s Code.

Participation might include a speaking role, as established by district policy and procedures.

Students eligible to give the opening and closing remarks at graduation shall be notified by the campus principal. Notwithstanding any other eligibility requirements, in order to be considered as an eligible student to give the opening or closing remarks, a student shall not have engaged in any misconduct in violation of the district’s Code, resulting in an out-of-school suspension, removal to a DAEP, or expulsion during the semester immediately preceding graduation.

The valedictorian and salutatorian may also have speaking roles at graduation. No student shall be eligible to have such a speaking role if he or she engaged in any misconduct in violation of the district’s Code resulting in an out-of-school suspension, removal to a DAEP, or expulsion during the semester immediately preceding graduation.

See DAEP—Restrictions during Placement on page 16, for information regarding a student assigned to DAEP at the time of graduation.
Unauthorized Persons

In accordance with Education Code 37.105, a school administrator, school resource officer (SRO), or district police officer shall have the authority to refuse entry or eject a person from district property if the person refuses to leave peaceably on request and:

1. The person poses a substantial risk of harm to any person; or
2. The person behaves in a manner that is inappropriate for a school setting, and the person persists in the behavior after being given a verbal warning that the behavior is inappropriate and may result in refusal of entry or ejection.

The school administrator or peace officer shall maintain a written log of all verbal warnings issued to include the individuals name, the date, and a brief description of the inappropriate behavior.

Appeals regarding refusal of entry or ejection from district property may be filed in accordance with FNG (LOCAL) OR GF (LOCAL), as appropriate. However, the timelines for the district’s grievance procedures shall be adjusted as necessary to permit the person to address the board in person within 90 days, unless the complaint is resolved before a board hearing.

See DAEP – Restrictions During Placement on page 36, for information regarding a student assigned to DAEP at the time of graduation.

Standards for Student Conduct

Each student is expected to:

- Demonstrate courtesy, even when others do not.

General Conduct Violations

The categories of conduct below are prohibited at school, in vehicles owned or operated by the district, and at all school-related activities, but the list does not include the most severe offenses. In the subsequent sections on Out-of-School Suspension, DAEP Placement, Placement and/or Expulsion for Certain Offenses, and Expulsion, certain offenses that require or permit specific consequences are listed. Any offense, however, may be severe enough to result in Removal from the Regular Educational Setting as detailed in that section.

Possession of Telecommunications or Other Electronic Devices

Students shall not:

- Use a telecommunications device, including a cellular telephone, or other electronic device in violation of district and campus rules unless they are being used for approved instructional purposes or with authorization of the campus principal. A student must also have approval to possess other telecommunication devices such as netbooks, laptops, tablets or other portable computers.

Illegal, Prescription, and Over-the-Counter Drugs

Students shall not:

- Possess, use, give, or sell alcohol or an illegal drug. (See DAEP Placement and Expulsion for mandatory and permissive consequences under state law.) Possess or sell seeds or pieces of marijuana in less than a usable amount. Possess, use, give, or sell paraphernalia related to any prohibited substance. (See glossary for “paraphernalia.”)
- Possess, use, abuse, or sell look-alike drugs or attempt to pass items off as drugs or contraband.

**Discipline Management Techniques**

Discipline shall be designed to improve conduct and to encourage students to adhere to their responsibilities as members of the school community. Disciplinary action shall draw on the professional judgment of teachers and administrators and on a range of discipline management techniques, including restorative practices. Discipline shall be based on the seriousness of the offense, the student’s age and grade level, the frequency of misbehavior, the student’s attitude, the effect of the misconduct on the school environment, and statutory requirements.

HB 674 prohibits districts from placing students below grade 3 in out-of-school suspension, except for certain violent or weapons offenses or alcohol or drug-related conduct.

**Students with Disabilities**

The discipline of students with disabilities is subject to applicable state and federal law in addition to the Student Code of Conduct. To the extent any conflict exists, the district shall comply with federal law. For more information regarding discipline of students with disabilities, see policy FOF (LEGAL)

In accordance with the Education Code, a student who receives special education services may not be disciplined for conduct meeting the definition of bullying, cyberbullying, harassment, or making hit lists (see glossary) until an ARD committee meeting has been held to review the conduct.

In deciding whether to order suspension, DAEP placement, or expulsion, regardless of whether the action is mandatory or discretionary, the district shall take into consideration a disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct.
Techniques

The following discipline management techniques may be used alone, in combination, or as part of progressive interventions for behavior prohibited by the Student Code of Conduct or by campus or classroom rules:

- Verbal correction, oral or written.
- Cooling-off time or a brief “time-out” period in accordance with the law.
- Seating changes within the classroom or vehicles owned or operated by the district.
- Temporary confiscation of items that disrupt the educational process.

- Detention, including outside regular school hours.
- Sending the student to the office or other assigned area, or to in-school suspension.
- Assignment of school duties such as cleaning or picking up litter.
- Withdrawal of privileges, such as participation in extracurricular activities, eligibility for seeking and holding honorary offices, or membership in school-sponsored clubs and organizations.
- Penalties identified in individual student organizations’ extracurricular standards of behavior.
- Restriction or revocation district transportation privileges.
- School-assessed and school-administered probation.
- Out-of-school suspension, as specified in the Out-of-School Suspension section of this Code.

Prohibited Aversive Techniques

Aversive techniques are prohibited for use with students and are defined as techniques or interventions intended to reduce the reoccurrence of a behavior by intentionally inflicting significant physical or emotional discomfort or pain. Aversive techniques include:

- Using techniques designed to likely to cause physical pain
- Using techniques designed to likely cause physical pain by electric shock or any procedure involving pressure points or joint locks
- Directed release of noxious, toxic, or unpleasant spray, mist or substance near a student's face
- Denying adequate sleep, air, food, water, shelter, bedding, physical comfort, supervision, or access to a restroom facility.
- Ridiculing or demeaning a student in a manner that adversely affects or endangers the learning or mental health of the student or constitutes verbal abuse.
- Employing a device, material or object that immobilizes all four of a student's extremities, including prone or supine floor restraints.
- Impairing the student’s breathing, including applying pressure to the student’s torso or neck or placing something in, on or over the student's mouth or nose or covering the student's face.
- Restricting the student's circulation
- Securing the student to a stationary object while the student is standing or sitting.
- Inhibiting, reducing or hindering the student's ability to communicate
- Using chemical restraints
- Using time-out in a manner that prevents the student from being able to be involved in and progress appropriately in the required curriculum or any applicable individualized education program (IEP) goals, including isolating the student by the use of physical barriers.
- Depriving the student of one or more of the student's senses, unless the technique does not cause the student discomfort or complies with the student's IEP or behavior intervention plan (BIP).

Notification

The campus behavior coordinator shall promptly notify a student’s parent by phone or in person of any violation that may result in-school or out-of-school suspension, placement in a DAEP, placement in a JJAEP, or expulsion. The campus behavior coordinator shall also notify a student’s parent if the student is taken into custody by a law enforcement officer under the disciplinary provisions of the Education code. A good faith effort shall be made on the day the action was taken to provide to the student for delivery to the student’s parent written notification of the disciplinary action. If the parent has not been reached by telephone or in person by 5:00 p.m. of the first business day after the day the disciplinary action was taken, the campus behavior coordinator shall send written
notification by U.S. Mail. If the campus behavior coordinator is not able to provide notice to the parent, the principal or designee shall provide the notice.

Before the principal or appropriate administrator assigns a student under 18 to detention outside regular school hours, notice shall be given to the student’s parent to inform him or her of the reason for the detention and permit arrangements for necessary transportation.

**Appeals**

Questions from parents regarding disciplinary measures should be addressed to the teacher, campus administration, or campus behavior coordinator, as appropriate. Appeals or complaints regarding the use of specific discipline management techniques should be addressed in accordance with policy FNG (LOCAL). A copy of the policy may be obtained from the principal’s office or the central administration office or through Board Policy On-Line at [http://pol.tasb.org/Home/Index/485](http://pol.tasb.org/Home/Index/485).

Consequences shall not be deferred pending the outcome of a grievance.

**Removal from the School Bus**

A bus driver may refer a student to the principal’s office to maintain effective discipline on the bus. The principal must employ additional discipline management techniques, as appropriate, which can include restricting or revoking a student’s bus riding privileges.

Since the district’s primary responsibility in transporting students in district vehicles is to do so as safely as possible, the operator of the vehicle must focus on driving and not have his or her attention distracted by student misbehavior. Therefore, when appropriate disciplinary management techniques fail to improve student behavior or when specific misconduct warrants immediate removal, the principal or designee may restrict or revoke a student’s transportation privileges, in accordance with law.

**Removal from the Regular Educational Setting**

In addition to other discipline management techniques, misconduct may result in removal from the regular educational setting in the form of a routine referral or a formal removal.

**Routine Referral**

A routine referral occurs when a teacher sends a student to the campus behavior coordinator’s office as a discipline management technique. The campus behavior coordinator shall employ alternative discipline management techniques, including progressive interventions. A teacher or administrator may remove a student from class for a behavior that violates this Code to maintain effective discipline in the classroom.

**Formal Removal**

A teacher may also initiate a formal removal from class if:

1. The student’s behavior has been documented by the teacher as repeatedly interfering with the teacher’s ability to teach his or her class or with the student’s classmates’ ability to learn; or
2. The behavior is so unruly, disruptive, or abusive that the teacher cannot teach, and the students in the classroom cannot learn.

Within three school days of the formal removal, the campus behavior coordinator or appropriate administrator shall schedule a conference with the student’s parent; the student; the teacher who removed the student from the class and any other appropriate administrator.

At the conference, the campus behavior coordinator or appropriate administrator shall inform the student of the alleged misconduct and the consequences. The student shall have an opportunity to respond to the allegations.

When a student is removed from the regular classroom by a teacher and a conference is pending, the campus behavior coordinator or other administrator may place the student in:

- Another appropriate classroom.
- In-school suspension.
- Out-of-school suspension.
- DAEP.

A teacher or administrator must remove a student from class if the student engages in behavior that under the Education Code requires or permits the student to be placed in a DAEP or expelled. When removing for those reasons, the procedures in the subsequent sections on DAEP or expulsion shall be followed.

**Returning Student to Classroom**

When a student has been formally removed from class by a teacher for conduct against the teacher containing the elements of assault, aggravated assault, sexual assault, aggravated sexual assault, murder, capital murder, or criminal attempt to commit murder or capital murder, the student may not be returned to the teacher’s class without the teacher’s consent.

When a student has been formally removed by a teacher for any other conduct, the student may be returned to the teacher’s class without the teacher’s consent, if the placement review committee determines that the teacher’s class is the best or only alternative available.

**Out-of-School Suspension**

**Misconduct**

Students may be suspended for any behavior listed in the Code as a general conduct violation, DAEP offense, or expellable offense.

The district shall not use out-of-school suspension for students in grade 2 or below unless the conduct meets the requirements established in law.

A student below grade 3 or a student who is homeless shall not be placed in out-of-school suspension unless, while on school property or while attending a school-sponsored or school-related activity on or off school property, the student engages in:

- Conduct that contains the elements of a weapons offense, as provided in Penal Code Section 46.02 or 46.05;
• Conduct that contains the elements of assault, sexual assault, aggravated assault, or aggravated sexual assault, as provided by the Penal Code; or
• Selling, giving, or delivering to another person or possessing, using, or being under the influence of any amount of marijuana, an alcoholic beverage, or a controlled substance or dangerous drug as defined by federal or state law.

The district shall use a positive behavior program as a disciplinary alternative for students in grade 2 or below who commit general conduct violations instead of suspension or placement in a DAEP. The program shall meet the requirements of law.

**Process**

State law allows a student to be suspended for no more than three school days per behavior violation, with no limit on the number of times a student may be suspended in a semester or school year.

Before being suspended a student shall have an informal conference with the campus behavior coordinator or appropriate administrator, who shall advise the student of the alleged misconduct. The student shall have the opportunity to respond to the allegation before the administrator’s make a decision.

The Campus Behavior Coordinator shall determine the number of days of a student’s suspension not to exceed three school days.

In deciding whether to order out-of-school suspension, the campus behavior coordinator shall take into consideration:

1. Self-defense (see glossary),
2. Intent or lack of intent at the time the student engaged in the conduct,
3. The student’s disciplinary history, or
4. A disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct.
5. A student’s status in the conservatorship of the Department of Family and Protective Services (foster care,) or
6. A student’s status as homeless

The appropriate administrator shall determine any restrictions on participation in school-sponsored or school-related extracurricular and co-curricular activities.

**Coursework During Suspension**

The district shall ensure a student receives access to coursework for foundation curriculum courses while the student is placed in in-school or out-of-school suspension, including at least one method of receiving this coursework that doesn’t require the use of the internet.
A student removed from the regular classroom to in-school suspension or another setting, other than DAEP will have an opportunity to complete before the beginning if the next school year each course the student was enrolled in at the time of removal from the regular classroom. The district may provide the opportunity by any method available, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district.

**Disciplinary Alternative Education Program (DAEP) Placement**

The DAEP shall be provided in a setting other than the student’s regular classroom. An elementary school student may not be placed in a DAEP with a student who is not an elementary school student. For purposes of DAEP, elementary classification shall be kindergarten–grade 6 and secondary classification shall be grades 7–12.

Summer programs provided by the district shall serve students assigned to a DAEP in conjunction with other students.

A student who is expelled for an offense that otherwise would have resulted in a DAEP placement does not have to be placed in a DAEP in addition to the expulsion.

In deciding whether to place a student in a DAEP, regardless of whether the action is mandatory or discretionary, the campus behavior coordinator shall take into consideration:

1. Self-defense (see glossary),
2. Intent or lack of intent at the time the student engaged in the conduct,
3. The student’s disciplinary history, or
4. A disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct.
5. A student’s status in the conservatorship of the Department of Family and Protective Services (foster care) or
6. A student’s status as homeless

**Discretionary Placement: Misconduct That May Result in DAEP Placement**

A student may be placed in a DAEP for behaviors prohibited in the General Conduct Violations section of this Code.

**Misconduct Identified in State Law**

In accordance with state law, a student may be placed in a DAEP for any one of the following offenses:

- Engaging in bullying that encourages a student to commit or attempt to commit suicide.
- Inciting violence against a student through group bullying.
- Releasing or threatening to release intimate visual material of a minor or a student who is 18 year of age or older without the student’s consent.
• Involvement in a public school fraternity, sorority, or secret society, including participating as a member or pledge, or soliciting another person to become a pledge or member of a public school fraternity, sorority, secret society, or gang. (See glossary.)

• Involvement in criminal street gang activity. (See glossary.)

• Any criminal mischief, not punishable as a felony.

In accordance with state law, a student may be placed in a DAEP if the superintendent or the superintendent’s designee has reasonable belief (see glossary) that the student has engaged in conduct punishable as a felony, other than aggravated robbery or those listed as offenses in Title 5 (see glossary) of the Texas Penal Code, that occurs off school property and not at a school-sponsored or school-related event, if the student’s presence in the regular classroom threatens the safety of other students or teachers or will be detrimental to the educational process.

The campus behavior coordinator may, but is not required to, place a student in a DAEP for off-campus conduct for which DAEP placement is required by state law if the administrator does not have knowledge of the conduct before the first anniversary of the date the conduct occurred.

**Mandatory Placement: Misconduct That Requires DAEP Placement**

A student must be placed in a DAEP if the student:

• Engages in conduct relating to a false alarm or report (including a bomb threat) or a terroristic threat involving a public school. (See glossary.)

• Commits the following offenses on school property or within 300 feet of school property as measured from any point on the school’s real property boundary line, or while attending a school-sponsored or school-related activity on or off school property:
  • Engages in conduct punishable as a felony.
  • Commits an assault (see glossary) under Texas Penal Code 22.01(a) (1).
  • Sells, gives, or delivers to another person, or possesses, uses, or is under the influence of marijuana, a controlled substance, or a dangerous drug in an amount not constituting a felony offense. A student with a valid prescription for low-THC cannabis as authorized by Chapter 487 of the Health and Safety Code does not violate this provision. (School-related felony drug offenses are addressed in the Expulsion section.) (See glossary for “under the influence.”)
  • Sells, gives, or delivers to another person an alcoholic beverage; commits a serious act or offense while under the influence of alcohol; or possesses, uses, or is under the influence of alcohol, if the conduct is not punishable as a felony offense. (School-related felony alcohol offenses are addressed in the Expulsion section.)
  • Behaves in a manner that contains the elements of an offense relating to abusable volatile chemicals.
  • Behaves in a manner that contains the elements of the offense of public lewdness or indecent exposure. (See Glossary)
  • Engages in conduct that contains the elements of an offense of harassment against an employee under Penal Code 42.07(a)(1), (2), (3), or (7)
• Engages in expellable conduct and is between six and nine years of age.
• Commits a federal firearms violation and is younger than six years of age.
• Engages in conduct that contains the elements of the offense of retaliation against any school employee or volunteer on or off school property. (Committing retaliation in combination with another expellable offense is addressed in the Expulsion section of this Code.)
• Engages in conduct punishable as aggravated robbery or a felony listed under Title 5 (see glossary) of the Texas Penal Code when the conduct occurs off school property and not at a school-sponsored or school-related event and:
  1. The student receives deferred prosecution (see glossary),
  2. A court or jury finds that the student has engaged in delinquent conduct (see glossary), or
  3. The superintendent or designee has a reasonable belief (see glossary) that the student engaged in the conduct.

**Sexual Assault and Campus Assignments**

If a student has been convicted of continuous sexual abuse of a young child or children or convicted of or placed on deferred adjudication for sexual assault or aggravated sexual assault against another student on the same campus, and if the victim’s parent or another person with the authority to act on behalf of the victim requests that the board transfer the offending student to another campus, the offending student shall be transferred to another campus in the district. If there is no other campus in the district serving the grade level of the offending student, the offending student shall be transferred to a DAEP.

**Process**

Removals to a DAEP shall be made by the campus behavior coordinator.

**Conference**

When a student is removed from class for a DAEP offense, the campus behavior coordinator or appropriate administrator shall schedule a conference within three school days with the student’s parent, the student, and the teacher, in the case of a teacher removal.

At the conference, the campus behavior coordinator or appropriate administrator shall inform the student, orally or in writing, of the reasons for the removal and shall give the student an explanation of the basis for the removal and an opportunity to respond to the reasons for the removal.

Following valid attempts to require attendance, the district may hold the conference and make a placement decision regardless of whether the student or the student’s parents attend the conference.

**Consideration of Mitigating Factors**

In deciding whether to place a student in a DAEP, regardless of whether the action is mandatory or discretionary, the campus behavior coordinator shall take into consideration:

1. Self-defense (see glossary),
2. Intent or lack of intent at the time the student engaged in conduct,
3. The student’s disciplinary history
4. A disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct.
5. A student’s status in the conservatorship of the Department of Family and Protective Services (foster care) or
6. A student’s status as homeless.

Placement Order

After the conference, if the student is placed in the DAEP, the campus behavior coordinator shall write a placement order. A copy of the DAEP placement order shall be sent to the student and the student’s parent.

Not later than the second business day after the conference, the board’s designee shall deliver to the juvenile court a copy of the placement order and all information required by Section 52.04 of the Family Code.

If the student is placed in the DAEP and the length of placement is inconsistent with the guidelines included in this Code, the placement order shall give notice of the inconsistency.

Coursework Notice

The parent or guardian of a student placed in DAEP shall be given written notice of the student’s opportunity to complete a foundation curriculum course in which the student was enrolled at the time of removal and which is required for graduation, at no cost to the student. The notice shall include information regarding all methods available for completing the coursework.

Length of Placement

The Campus Behavior Coordinator shall determine the duration of a student’s placement in a DAEP. The duration of a student’s placement shall be determined case-by-case based on the seriousness of the offense, the student’s age and grade level, the frequency of misconduct, the student’s attitude and statutory requirements.

The maximum period of DAEP placement shall be one calendar year, except as provided below.

Unless otherwise specified in the placement order, days absent from DAEP shall not count toward fulfilling the total number of school days required in a student’s DAEP placement order.

The district shall administer the required pre-and post-assessments for students assigned to DAEP for a period of 90 days or longer in accordance with established district administrative procedures for administering other diagnostic or benchmark assessments.

Exceeds One Year

Placement in a DAEP may exceed one year when a review by the district determines that the student is a threat to the safety of other students or to district employees.

The statutory limitations on the length of a DAEP placement do not apply to a placement resulting from the board’s decision to place a student who engaged in the sexual assault of another student so that the students are not assigned to the same campus.
Exceeds School Year
Students who commit offenses requiring placement in a DAEP at the end of one school year may be required to continue that placement at the start of the next school year to complete the assigned term of placement.

For placement in a DAEP to extend beyond the end of the school year, the campus behavior coordinator or the board’s designee must determine that:

1. The student’s presence in the regular classroom or campus presents a danger of physical harm to the student or others, or

2. The student has engaged in serious or persistent misbehavior (see glossary) that violates the district’s Code.

Exceeds 60 Days
For placement in a DAEP to extend beyond 60 days or the end of the next grading period, whichever is sooner, a student’s parent shall be given notice and the opportunity to participate in a proceeding before the board or the board’s designee.

Appeals
Questions from parents regarding disciplinary measures should be addressed to the campus administration.

Student or parent appeals regarding a student’s placement in a DAEP should be addressed in accordance with policy FNG (Local). A copy of this policy may be obtained from the principal’s office, the campus behavior coordinator’s office, the central administration office or through Policy On Line at the following address: http://pol.tasb.org/Home/Index/485.

Appeals shall begin at Level 1 with the campus principal.
Appeals shall begin at Level 2 with the Chief of Schools.

The district shall not delay disciplinary consequences pending the outcome of an appeal. The decision to place a student in a DAEP cannot be appealed beyond the board.

Restrictions During Placement
State law prohibits a student placed in a DAEP for reasons specified in state law from attending or participating in school-sponsored or school-related extracurricular activities.

The district shall provide transportation to students in a DAEP.

For seniors who are eligible to graduate and are assigned to a DAEP at the time of graduation, the placement in the program shall continue through graduation, and the student shall not be allowed to participate in the graduation ceremony and related graduation activities.

Placement Review
A student placed in a DAEP shall be provided a review of his or her status, including academic status, by the campus behavior coordinator or the board’s designee at intervals not to exceed 120 days. In the case of a high school student, the student’s progress toward graduation and the student’s graduation plan shall also be reviewed. At the review, the student or the student’s parent shall be
given the opportunity to present arguments for the student’s return to the regular classroom or campus. The student may not be returned to the classroom of a teacher who removed the student without that teacher’s consent.

**Additional Misconduct**

If during the term of placement in a DAEP the student engages in additional misconduct for which placement in a DAEP or expulsion is required or permitted, additional proceedings may be conducted, and the campus behavior coordinator may enter an additional disciplinary order as a result of those proceedings.

**Notice of Criminal Proceedings**

When a student is placed in DAEP for certain offenses, the office of the prosecuting attorney shall notify the district if:

1. Prosecution of a student’s case was refused for lack of prosecutorial merit or insufficient evidence and no formal proceedings, deferred adjudication (see glossary), or deferred prosecution will be initiated; or

2. The court or jury found a student not guilty, or made a finding that the student did not engage in delinquent conduct or conduct indicating a need for supervision, and the case was dismissed with prejudice.

If a student was placed in a DAEP for such conduct, on receiving the notice from the prosecutor, the superintendent or designee shall review the student’s placement and schedule a review with the student’s parent not later than the third day after the superintendent or designee receives notice from the prosecutor. The student may not be returned to the regular classroom pending the review.

After reviewing the notice and receiving information from the student’s parent, the superintendent or designee may continue the student’s placement if there is reason to believe that the presence of the student in the regular classroom threatens the safety of other students or teachers.

The student or the student’s parent may appeal the superintendent’s decision to the board. The student may not be returned to the regular classroom pending the appeal. In the case of an appeal, the board shall, at the next scheduled meeting, review the notice from the prosecutor and receive information from the student, the student’s parent, and the superintendent or designee, and confirm or reverse the decision of the superintendent or designee. The board shall make a record of the proceedings.

If the board confirms the decision of the superintendent or designee, the student and the student’s parent may appeal to the Commissioner of Education. The student may not be returned to the regular classroom pending the appeal.

**Withdrawal during Process**

When a student violates the district’s Code in a way that requires or permits the student to be placed in a DAEP and the student withdraws from the district before a placement order is completed, the campus behavior coordinator may complete the proceedings and issue a placement order. If the student then reenrolls in the district during the same or a subsequent school year, the district may enforce the order at that time, less any period of the placement that has been served by the student.
during enrollment in another district. If the campus behavior coordinator or the board fails to issue a placement order after the student withdraws, the next district in which the student enrolls may complete the proceedings and issue a placement order.

**Newly Enrolled Students**

The district shall continue the DAEP placement of a student who enrolls in the district and was assigned to a DAEP in an open-enrollment charter school or another district.

A newly enrolled student with a DAEP placement from a district in another state shall be placed as any other newly enrolled student if the behavior committed is a reason for DAEP placement in the receiving district.

If the student was placed in a DAEP by a school district in another state for a period that exceeds one year, this district, by state law, shall reduce the period of the placement so that the total placement does not exceed one year. After a review, however, the placement may be extended beyond a year if the district determines that the student is a threat to the safety of other students or employees or the extended placement is in the best interest of the student.

**Emergency Placement Procedure**

When an emergency placement is necessary because the student’s behavior is so unruly, disruptive, or abusive that it seriously interferes with classroom or school operations, the student shall be given oral notice of the reason for the action. Not later than the tenth day after the date of the placement, the student shall be given the appropriate conference required for assignment to a DAEP.

**Transition Services**

In accordance with law and district procedures, campus staff shall provide transition services to a student returning to the regular classroom from an alternative education program, including a DAEP. See policy FOCA (LEGAL) for more information.

**Placement and/or Expulsion for Certain Offenses**

This section includes two categories of offenses for which the Education Code provides unique procedures and specific consequences.

**Registered Sex Offenders**

Upon receiving notification in accordance with state law that a student is currently required to register as a sex offender, the district must remove the student from the regular classroom and determine appropriate placement unless the court orders JJAEP placement.

If the student is under any form of court supervision, including probation, community supervision, or parole, the placement shall be in either DAEP or JJAEP for at least one semester.
If the student is not under any form of court supervision, the placement may be in DAEP or JJAEP for one semester or the placement may be in a regular classroom. The placement may not be in the regular classroom if the board or its designee determines that the student’s presence:

1. Threatens the safety of other students or teachers,
2. Will be detrimental to the educational process, or
3. Is not in the best interests of the district’s students.

Review Committee

At the end of the first semester of a student’s placement in an alternative educational setting and before the beginning of each school year for which the student remains in an alternative placement, the district shall convene a committee, in accordance with state law, to review the student’s placement. The committee shall recommend whether the student should return to the regular classroom or remain in the placement. Absent a special finding, the board or its designee must follow the committee’s recommendation.

The placement review of a student with a disability who receives special education services must be made by the ARD committee.

Newly Enrolled Student

If a student enrolls in the district during a mandatory placement as a registered sex offender, the district may count any time already spent by the student in a placement or may require an additional semester in an alternative placement without conducting a review of the placement.

Appeal

A student or the student’s parent may appeal the placement by requesting a conference between the board or its designee, the student, and the student’s parent. The conference is limited to the factual question of whether the student is required to register as a sex offender. Any decision of the board or its designee under this section is final and may not be appealed.

Certain Felonies

Regardless of whether placement or expulsion is required or permitted by one of the reasons in the DAEP Placement or Expulsion sections, in accordance with Education Code 37.0081, a student may be expelled and placed in either DAEP or JJAEP if the board or campus behavior coordinator makes certain findings and the following circumstances exist in relation to aggravated robbery or a felony offense under Title 5 (see glossary) of the Penal Code. The student must:

- Have received deferred prosecution for conduct defined as aggravated robbery or a Title 5 felony offense;
- Have been found by a court or jury to have engaged in delinquent conduct for conduct defined as aggravated robbery or a Title 5 felony offense;
- Have been charged with engaging in conduct defined as aggravated robbery or a Title 5 felony offense;
• Have been referred to a juvenile court for allegedly engaging in delinquent conduct for conduct defined as aggravated robbery or a Title 5 felony offense; or

• Have received probation or deferred adjudication or have been arrested for, charged with, or convicted of aggravated robbery or a Title 5 felony offense.

The district may expel the student and order placement under these circumstances regardless of:

1. The date on which the student’s conduct occurred,
2. The location at which the conduct occurred,
3. Whether the conduct occurred while the student was enrolled in the district, or
4. Whether the student has successfully completed any court disposition requirements imposed in connection with the conduct.

Hearing and Required Findings

The student must first have a hearing before the board or its designee, who must determine that in addition to the circumstances above that allow for the expulsion, the student’s presence in the regular classroom:

1. Threatens the safety of other students or teachers,
2. Will be detrimental to the educational process, or
3. Is not in the best interest of the district’s students.
4. Any decision of the board or the board’s designee under this section is final and may not be appealed.

Length of Placement

The student is subject to the placement until:

1. The student graduates from high school,
2. The charges are dismissed or reduced to a misdemeanor offense, or
3. The student completes the term of the placement or is assigned to another program.

Placement Review

A student placed in DAEP or JJAEP under these circumstances is entitled to a review of his or her status, including academic status, by the campus behavior coordinator or board’s designee at intervals not to exceed 120 days. In the case of a high school student, the student’s progress toward graduation and the student’s graduation plan shall also be reviewed. At the review, the student or the student’s parent shall have the opportunity to present arguments for the student’s return to the regular classroom or campus.

Newly Enrolled Students

A student who enrolls in the district before completing a placement under this section from another school district must complete the term of the placement.

Expulsion

In deciding whether to order expulsion, regardless of whether the action is mandatory or discretionary, the campus behavior coordinator shall take into consideration:
1. Self-defense (see glossary),
2. Intent or lack of intent at the time the student engaged in the conduct,
3. The student’s disciplinary history or
4. A disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct.
5. A student’s status in the conservatorship of the Department of Family and Protective Services (foster care) or
6. A student’s status as homeless.

7. **Discretionary Expulsion: Misconduct That May Result in Expulsion**

Some of the following types of misconduct may result in mandatory placement in a DAEP, whether or not a student is expelled. (See DAEP Placement.)

**Any Location**

A student may be expelled for:

- Engaging in bullying that encourages a student to commit or attempt to commit suicide.
- Inciting violence against a student through group bullying.
- Releasing or threatening to release intimate visual material of a minor or a student who is 18 years of age or older without the student’s consent.
- Conduct that contains the elements of assault under Penal Code 22.01(a) (1) in retaliation against a school employee or volunteer.
- Criminal mischief, if punishable as a felony.
- Engaging in conduct that contains the elements of one of the following offenses against another student:
  - Aggravated assault.
  - Sexual assault.
  - Aggravated sexual assault.

At School, Within 300 Feet, or at a School Event

A student may be expelled for committing any of the following offenses on or within 300 feet of school property, as measured from any point on the school’s real property boundary line, or while attending a school-sponsored or school-related activity on or off school property:

- Selling, giving or delivering to another person or possessing, using or being under the influence of marijuana, a controlled substance, or a dangerous drug, if the conduct is not punishable as a felony. A student with a valid prescription for low-THC cannabis as authorized by Chapter 487 of the Health and Safety Code does not violate this provision. (See glossary for “under the influence.”)

- Selling, giving, or delivering to another person, or possessing, using or being under the influence of alcohol; or committing a serious act or offense while under the influence of alcohol, if the conduct is not punishable as a felony.

- Engaging in conduct that contains the elements of an offense relating to abusable volatile chemicals.

- Engaging in conduct that contains the elements of assault under Section 22.01(a) (1) against an employee or a volunteer.

- Engaging in deadly conduct. (See glossary.)

Within 300 Feet of School

- Possession of a firearm, as defined by federal law. (See glossary.)

Property of Another District

A student may be expelled for committing any offense that is a state-mandated expellable offense if the offense is committed on the property of another district in Texas or while the student is attending a school-sponsored or school-related activity of a school in another district in Texas.
While in DAEP

A student may be expelled for engaging in documented serious misbehavior that violates the district’s Code, despite documented behavioral interventions while placed in a DAEP. For purposes of discretionary expulsion from a DAEP, serious misbehavior means:

1. Deliberate violent behavior that poses a direct threat to the health or safety of others;
2. Extortion, meaning the gaining of money or other property by force or threat;
3. Conduct that constitutes coercion, as defined by Section 1.07, Penal Code; or

   d. Personal hazing under Section 37.152; or
   e. Harassment under Section 42.07 (a) (1), Penal Code, of a student or district employee.

Mandatory Expulsion: Misconduct That Requires Expulsion

A student must be expelled under federal or state law for any of the following offenses that occur on school property or while attending a school-sponsored or school-related activity on or off school property:

Under Federal Law

- Bringing to school or possessing at school, including any setting that is under the district’s control or supervision for the purpose of a school activity, a firearm, as defined by federal law. (See glossary.)

*Note:* Mandatory expulsion under the federal Gun Free Schools Act does not apply to a firearm that is lawfully stored inside a locked vehicle, or to firearms used in activities approved and authorized by the district when the district has adopted appropriate safeguards to ensure student safety.

Under the Texas Penal Code

- Unlawfully carrying on or about the student’s person the following, in the manner prohibited by Penal Code 46.02
  - A handgun, defined by state law as any firearm designed, made or adapted to be used with one hand. (See glossary.)

Under Age Ten

When a student under the age of ten engages in behavior that is expellable behavior, the student shall not be expelled, but shall be placed in a DAEP. A student under age six shall not be placed in a DAEP unless the student commits a federal firearm offense.

Process

If a student is believed to have committed an expellable offense, the campus behavior coordinator or other appropriate administrator shall schedule a hearing within a reasonable time. The student’s parent shall be invited in writing to attend the hearing.

Until a hearing can be held, the campus behavior coordinator or other administrator may place the student in:

• Another appropriate classroom.
• In-school suspension.
• Out-of-school suspension.
• DAEP.
Hearing

A student facing expulsion shall be given a hearing with appropriate due process. The student is entitled to:

1. Representation by the student’s parent or another adult who can provide guidance to the student and who is not an employee of the district,
2. An opportunity to testify and to present evidence and witnesses in the student’s defense, and
3. An opportunity to question the witnesses called by the district at the hearing.

After providing notice to the student and parent of the hearing, the district may hold the hearing regardless of whether the student or the student’s parent attends.

The board of trustees delegates to the Chief of Schools (COS) the authority to conduct hearings and expel students.

Board Review of Expulsion

After the due process hearing, the expelled student may request that the board review the expulsion decisions. The student or parent must submit a written request to the superintendent within seven days after receipt of the written decision. The superintendent must provide the student or parent written notice of the date, time, and place of the meeting at which the board will review the decision.

The board shall review the record of the expulsion hearing in a closed meeting unless the parent requests in writing that the matter be held in an open meeting. The board may also hear a statement from the student or parent and from the board’s designee.

The board shall hear statements made by the parties at the review and shall base its decision on evidence reflected in the record and any statements made by the parties at the review. The board shall make and communicate its decision orally at the conclusion of the presentation. Consequences shall not be deferred pending the outcome of the hearing.

Expulsion Order

Before ordering the expulsion, the board or campus behavior coordinator shall take into consideration:

1. Self-defense (see glossary),
2. Intent or lack of intent at the time the student engaged in the conduct,
3. The student’s disciplinary history, or
4. A disability that substantially impair the student’s capacity to appreciate the wrongfulness of the student’s conduct.
5. A student’s status in the conservatorship of the Department of Family and Protective Services (foster care) or
6. A student’s status as homeless.

If the student is expelled, the Chief of Schools (COS) shall deliver to the student and the student’s parent a copy of the order expelling the student.

Not later than the second business day after the hearing, the COS shall deliver to the juvenile court a copy of the expulsion order and the information required by Section 52.04 of the Family Code.
If the length of the expulsion is inconsistent with the guidelines included in the Student Code of Conduct, the expulsion order shall give notice of the inconsistency.

**Length of Expulsion**

The length of an expulsion shall be based on the seriousness of the offense, the student’s age and grade level, the frequency of misbehavior, the student’s attitude, and statutory requirements.

The duration of a student’s expulsion shall be determined on a case-by-case basis. The maximum period of expulsion is one calendar year.

An expulsion may not exceed one year unless, after review, the district determines that:

1. The student is a threat to the safety of other students or to district employees, or
2. Extended expulsion is in the best interest of the student.

State and federal law require a student to be expelled from the regular classroom for a period of at least one calendar year for bringing a firearm, as defined by federal law, to school. However, the superintendent may modify the length of the expulsion on a case-by-case basis.

Students who commit offenses that require expulsion at the end of one school year may be expelled into the next school year to complete the term of expulsion.

**Withdrawal during Process**

When a student has violated the district’s Code in a way that requires or permits expulsion from the district and the student withdraws from the district before the expulsion hearing takes place, the district may conduct the hearing after sending written notice to the parent and student.

If the student then reenrolls in the district during the same or subsequent school year, the district may enforce the expulsion order at that time, less any expulsion period that has been served by the student during enrollment in another district.

If the campus behavior coordinator or the board fails to issue an expulsion order after the student withdraws, the next district in which the student enrolls may complete the proceedings.

**Additional Misconduct**

If during the expulsion, the student engages in additional conduct for which placement in a DAEP or expulsion is required or permitted, additional proceedings may be conducted, and the campus behavior coordinator or the board may issue an additional disciplinary order as a result of those proceedings.

**Restrictions during Expulsion**

Expelled students are prohibited from being on school grounds or attending school-sponsored or school-related activities during the period of expulsion.

No district academic credit shall be earned for work missed during the period of expulsion unless the student is enrolled in a JJAEP or another district-approved program.
Newly Enrolled Students

The district shall continue the expulsion of any newly enrolled student expelled from another district or an open-enrollment charter school until the period of the expulsion is completed.

If a student expelled in another state enrolls in the district, the district may continue the expulsion under the terms of the expulsion order, may place the student in a DAEP for the period specified in the order, or may allow the student to attend regular classes if:

1. The out-of-state district provides the district with a copy of the expulsion order; and
2. The offense resulting in the expulsion is also an expellable offense in the district in which the student is enrolling.

If a student is expelled by a district in another state for a period that exceeds one year and the district continues the expulsion or places the student in a DAEP, the district shall reduce the period of the expulsion or DAEP placement so that the entire period does not exceed one year, unless after a review it is determined that:

1. The student is a threat to the safety of other students or district employees, or
2. Extended placement is in the best interest of the student.

Emergency Expulsion Procedures

When an emergency expulsion is necessary to protect persons or property from imminent harm, the student shall be given verbal notice of the reason for the action. Within ten days after the date of the emergency expulsion, the student shall be given appropriate due process required for a student facing expulsion.

DAEP Placement of Expelled Students

The district may provide educational services to any expelled student in a DAEP; however, educational services in the DAEP must be provided if the student is less than ten years of age.

Transition Services

In accordance with law and district procedures, campus staff shall provide transition services to a student returning to the regular classroom from an alternative education program, including a DAEP. See policy FOCA (LEGAL) for more information.
